

OFFICE OF POLICE OVERSIGHT

NOTICE OF COMPLAINT

March 10, 2023

ICMS #: 2023-0200

On March 7, 2023, the OPO received a phone complaint.

The complainant alleges: APD officers in vehicles [REDACTED] and [REDACTED] came to his residence and he is not sure why. The complainant's neighbor called him and sent him a picture of two officers touching his bike illegally because he did not give them consent to search. The complainant's bike is legally registered under his name. The complainant's neighbor asked the officers why they were touching the bike and the officers told him they were checking to see if the bike was stolen, which is not true because his bike has never been reported stolen and no one has called it in stolen. By law the search was illegal and a lawsuit because he never gave them permission to touch his bike because he was not even at home. The officers were infringing on his rights. There was no secondary or first offense crime established. By law in the state of Texas they cannot touch his bike without his permission.

This notice of complaint is a request for Internal Affairs to initiate an investigation to determine if the employee conduct is within compliance of APD policy, Civil Service Rules, and Municipal Civil Service Rules.
