Complaint Number: 2024-1121	Date of Complaint: 11/4/2024
Complainant's Name (if given): Anonymous <input type="checkbox"/>	
Nature or complaint: Improper Police Procedure	
Austin Police Officers Involved: Clancy, Benjamin AP8382 Unknown: <input type="checkbox"/>	
The complainant alleges: November 4, 2024 Dear Office of Police Oversight, This complaint is against White Male Officer Clancy [badge #8382] and Asian Male Officer Sim [badge #9115] re: APD Case No. 24 - 3090425 on November 4, 2024 at about 8:50 AM at CAP METRO bus stop 690 on Medical Parkway between 40th and 42nd. Officers Clancy [badge #8382] and Sim [badge #9115] were called out to CAP METRO Bus #2215 at Stop 690 by guilty Hispanic Male bus driver - Operator #303220. Guilty Hispanic Male bus driver - Operator #303220 was the one ILLEGALLY DELAYING SERVICE by wrongly REFUSING to drive forward with me, [REDACTED], on the bus, though I had paid my fare like every other Passenger. I was rightly standing by my gear in the seats across from the rear doors, AWAY from guilty Hispanic Male bus driver - Operator #303220. However, guilty Hispanic Male bus driver - Operator #303220 allegedly told CAP METRO Security/APD that I was the problem delaying service, meaning guilty Hispanic Male bus driver - Operator #303220 allegedly MADE A FALSE REPORT TO A PEACE OFFICER - VIOLATING Texas Penal Code 37.08 (a)(1). In fact, guilty Hispanic Male bus driver - Operator #303220 was allegedly ILLEGALLY retaliating against me for telling him to FOLLOW THE LAW after he told me he wouldn't transport me again because a CAP METRO complaint was being filed against him for intentionally and unnecessarily stopping past boarding Stop 689, violating CAP METRO policy and procedure. White Male Officer Clancy [badge #8382] and Asian Male Officer Sim [badge #9115] mistakes follow: 1) They believed guilty Hispanic Male bus driver - Operator #303220's BULLSHIT Instead of rightly asking me what was going on, they wrongly assumed guilty Hispanic Male bus driver - Operator #303220 was telling CAP METRO, and them, the truth. Therefore, they NEVER listened to me while I was on the bus. They boarded and Officer Clancy [badge #8382] told me to get off the bus, though I had the right to be on that bus and be transported to my destination stop. Therefore, without investigation, they wrongly rewarded guilty Hispanic Male bus driver - Operator #303220's alleged CRIMINALITY and wrongly punished my law-abiding, self-defense

words and actions. That's UPSIDE-DOWN, ASS-BACKWARDS, and WRONG. They're supposed to serve me, a member of the public, by PROTECTING me from alleged criminals like guilty Hispanic Male bus driver - Operator #303220.

Though they said they would speak with me outside the bus, I knew the bus would take off and leave me at Stop 690 as soon as I exited. Officers Clancy [badge #8382] and Sim [badge #9115] allegedly wanted that outcome because they seemed to wrongly believe I was delaying service, though I wasn't.

In that situation, they should have called for a CAP METRO Supervisor to arrive on scene because guilty Hispanic Male bus driver - Operator #303220 should have been removed for delaying service, NOT me.

2) Officer Sim [badge #9115] told me he believed this was the third time he had been called out on me, implying I am a multiple repeat offender/problem of some kind

The truth is many CAP METRO bus drivers target me, a whistleblower, with their rule-breaking and/or ILLEGAL behavior, resulting in APD being called out for me rightly and lawfully defending my public transportation civil rights from their attacks. Those guilty drivers are the problem, NOT me.

3) Officer Sim [badge #9115] tried gaslighting me by telling me CAP METRO was a private entity, allegedly to justify CAP METRO telling APD to ILLEGALLY remove me from Bus #2215 without just cause

I immediately corrected Officer Sim [badge #9115], telling him CAP METRO is public transportation defined and governed by Texas Transportation Code - Chapter 451. In fact, CAP METRO has a legal obligation to do mass transit - "the transportation of Passengers and hand-carried packages or baggage of a Passenger by a surface, overhead, or underground means of transportation, or a combination of those means, including motorbus..." per said code 451.001(a)(2).

I also cited In VIA Metro Transit v. Meck [620 S.W.3d 356 (Tex. 2020)], the Texas Supreme Court's ruling clearly distinguishing common carrier CAP METRO from private carriers, like Greyhound: "To qualify as a common carrier (in contrast to a private carrier), the entity must provide transportation services to the general public, as opposed to providing such services only for particular individuals or groups." In other words, because CAP METRO is NOT a private carrier, it CANNOT deny service without just cause like Greyhound can. Therefore, Officers Clancy [badge #8382] and Sim [badge #9115] should have helped me legally exercise my civil rights to stay on the CAP METRO public transportation bus and ride it to my destination stop.

4) Officer Clancy [badge #8382] told me CAP METRO could CTN me from specific busses and/or routes

I immediately responded, telling Officer Clancy [badge #8382] public CAP METRO has to have legal just cause to issue a CTN against a Passenger for a bus or bus route, unlike private

OFFICE OF POLICE OVERSIGHT

businesses that can refuse service and/or tell a customer to leave at any time for any reason or no reason at all. Officer Clancy [badge #8382] then respectfully suggested I monitor my bus behavior, allegedly to not give CAP METRO just cause to issue a CTN against me. He also acknowledged me telling him I am being targeted by some bus drivers, including guilty Hispanic Male bus driver - Operator #303220.

In conclusion, though Officers Clancy [badge #8382] and Sim [badge #9115] rightly did NOT detain or arrest me, the professional interaction between them and me was still a wrong step backwards for APD with respect to being called out by CAP METRO to a non-emergency situation. Simply believing what CAP METRO told APD, without on scene investigation, was the old, WRONG way. The new, RIGHT way is to arrive on scene, speak with a CAP METRO bus driver and/or supervisor, and speak with the Passenger, to hear from each what happened, when, where, how, and why, before making any determinations or decisions. Also, because CAP METRO busses have real-time recorded video and audio on multiple cameras inside and outside their busses, APD can also use that evidence to verify in-person testimony, then and there, before taking action.

Therefore, make sure ALL APD officers responding to CAP METRO calls hear and know this complaint's information. Only respond the RIGHT way moving forward.

Immediately place this complaint in Officers Clancy [badge #8382] and Sim [badge #9115]'s personnel files. In addition to appropriate punishment, use it as a professional development opportunity for them, and ALL APD officers, so the old, wrong way NEVER happens again on a CAP METRO call. The new, RIGHT way to interact with and work for the public APD officers have sworn to protect and serve is how to Make Austin Great Again.

Thanks for APD's service.

Respectfully,

The complainant alleges: On or about Nov 1,2024, the Defendant was Notified of a Warrant under Warrant No. D-1-DC 24303412 and D -1-DC 24303411 issued by CITY OF AUSTIN MUNICIPAL COURT The arrest warrant was based on a sworn affidavit by Richard Smith of Austin Police Department [REDACTED] transaction and sends wiring instructions .m4a after the Judgement was awarded to the Defendants [REDACTED] (2).m4a Defendant alleges that errors were made by law enforcement in the issuance of the warrant, which invalidates its legality under the Texas Code of Criminal Procedure, Article 18.01, and relevant Texas Rules of Procedure. The Mortgage Company rescinded the payoff, and Spartan Title accepted the payments. The arrest warrant improperly issued due to errors in the affidavit or procedure by law enforcement, specifically: 1. Lack of Probable Cause: The affidavit lacks sufficient evidence to establish probable cause for issuing the arrest warrant, as required by the Texas Code of Criminal Procedure, Article 18.01(b). 2. Errors in Affidavit: The affidavit contains factual inaccuracies, omissions, or misrepresentations by the arresting officer that undermine its validity. These errors violate the Texas Code of Criminal Procedure, Article 18.01(c), requiring accurate and truthful statements under oath. Improper Execution of Warrant: Law enforcement did not comply with the procedures required for a lawful execution of the warrant as outlined in the Texas Code of Criminal Procedure, Article 15.25. 8. Spartan Title did not obtain an enforceable contract signature because Mr. [REDACTED] was ill and 74 Years old and should not have attempted to sign ([REDACTED]) rather than [REDACTED] or sell the home without the signature of [REDACTED], who is a spouse.

9. Build the Asset are California Investors who have harassed and used the system to steal the property after [REDACTED] coerced Mr. [REDACTED] to sell the home for \$50,000 less than appraised Vale. (See Appraisal I)

10. Defendants have asked for proof of purchase due to confusion regarding the Multi-transactions and using a special warranty deed on the same day that did not include a transfer or rights. However, there was an automatic stay-in-place.

Despite the Defendant's best efforts to resolve the matter. Build the Assets wanted defendants to pay them after years of damages, refusal of payments, and criminal complaints against them, which are omitted in the arrest affidavit. The Problem is there are Two separate companies demanding the same payments, and Build the Asset (who are California Residence) so were are CONFUSED and enduring their harassment (in addition to having medical issues) as they won't provide any proof of explanation as to the subject Matter Jurisdiction nor contracts .

. Defendant Never told Richard Smith funds were used to remodel, who misrepresents several facts as she owns a Business Yorkies of Austin. She explained that the home had mold and had to be remolded. and was visible when [REDACTED] visited Mr. [REDACTED], and he knew there he was suffering from Illness, See Exhibit G Mold Report

Mr. [REDACTED]'s diagnosed medical condition was also omitted, which was presented to law enforcement. Exhibit E Medial Diagnosis Grant also provided to law enforcement . The complainant alleges: <p>This is not my direct experience with the police officers however, a family friend has confided with the following information about an incident that occurred last night;</p> <p>At around 2am-3am the 'detainee' (my friend) was getting a ride in an Uber on the way home from a night out in Austin. A police car pulled the Uber driver over off the road and asked both my friend and the Uber driver to get out of the car.</p> <p>The police officer took my friends wallet and knocked my friends phone out of their hand which then fell in a drain. There were no reasonable causes provided by the questioning officer as to why both my friend and the Uber driver were being detained or why they pulled my friend out of the safety of the Uber car taxi in the first place.</p> <p>The officer subjected my friend to a humiliating interrogation which ultimately led my friend to walking alone at night and unsure of their own location. My friend no longer had their phone or wallet and since the officers let the Uber driver go; my friend was completely alone having to try to find a way back home. They didn't know where they were. My friend had to walk and find someone who could help get them back home.</p> <p>This is a very traumatic story told by my friend and I am absolutely disgusted with the conduct of these Austin police officers by putting my friend on the streets while they were being driven safely home by an Uber driver. All by some officers not following their oath to our community, putting my friend in danger; taking their wallet and damaging their phone without any reasonable cause for being detained in the first place. What were the police officers intentions here aside from intimidation and neglect? My friend has every right to sue these police officers for damages.</p> <p>The officer had red hair and the second officer was hispanic but mostly just watched the ordeal. The red haired Caucasian officer was the one interrogating my friend. The Uber driver is also a witness for the beginning of this incident.</p> <p>This incident occurred on early Saturday morning around 2-3am- on 10/12/24</p>

Complaint: The complainant alleges: Good morning, I would like to inform the OPO and APD about the actions of one of your officers. Let me start by saying that, I do not know what the officer's name or badge number is, or patrol vehicle because I was not pulled over. But I would have been if I had not turned into the gate at my job, which would have been an unlawful stop. Between the times of 4:30am - 4:45am this morning, I was on Tillary street in East Austin going to work. I saw a APD patrol vehicle at a stop sign that almost pull out in front of me, but he backed up. As I passed by, he turned and started to follow me, I know this because of what happened next. On Tillary there is a back gate to get to my job, and as I turned in to my job to badge in, the patrol vehicle stopped at the entrance as I was badging in the gate. He waited until the gate started opening to leave. I cannot tell you how frustrating that made me feel. I did not break any traffic violations, laws, or involved in anything criminal so what is the reason for following me. This is one of the many reasons the community and APD have a bad relationship with each other. Where is the trust? A guy is just trying to go to work with potentially getting harassed by APD, great way to start the work day right? I understand that the new Chief has a 100 day plan which includes community trust and to quote one of her statements "I must take time to listen to your experiences and concerns". Well, this is a concern that definitely needs to be listened to. I try to support the APD and I have friends that have worked on the force but situation like this hurts APD more than you know. So, I hope this message finds it's way to the Chief and definitely I am willing to have a conversation about this situation. I sure hope that you can speak with the officer as well. Like I said, I was not pulled over but APD does have GPS on the vehicles and maybe you can find out who was patrolling Tillary at the times that I gave and speak to them. I will end this by saying this. Me or anyone else should be able to go to work no matter what time it is without the potential of getting harassed and I really hope APD does better by the community.

The dispatcher said they would send an officer out to check. I called back 18 minutes later at 1:12 am to ask the update on the situation. The dispatcher replied that an officer went out and didn't find anything. This is untrue because at noon on the very same day, I went to the golf course to inquire about the situation and the general manager confirmed my suspicions that there was someone cleaning the septic tanks around 1 am. Either the dispatcher was dishonest or did not do their job to check out the situation. It was very obvious that someone was there making a lot of loud noise during supposed quiet hours. I am extremely hurt and distrustful of the Austin Police Department after this incident.

Complaint: The complainant alleges: Incident Report: Hit and Run Involving Injuries and Delayed Police Response Date and Time of Incident: November 22, 2024, at approximately 6:00 AM Location: Intersection of 620 and Parmer Lane Incident Summary: On November 22, 2024, at approximately 6:00 AM, my brother was the victim of a hit and run collision at the intersection of 620 and Parmer Lane. Following the collision, a call was placed to 9-1-1 to report the incident and injuries sustained. However, the dispatcher failed to dispatch the Austin Police Department (APD) to the scene, sending only fire and EMS services. Injuries and Medical Response: My brother sustained significant injuries, including a broken arm, fractured wrist, and broken finger. Due to insurance concerns, he declined EMS transport, and I transported him to the hospital for treatment. Vehicle Condition and Towing: The vehicle involved in the collision was inoperable and totaled. It was towed from the scene by Stars Towing. Issues with Reporting Process: After my brother was discharged from the hospital, I attempted to report the incident to law enforcement. The following sequence of events outlines the numerous failures and delays experienced: Contact with Wilco Sheriff:	

OFFICE OF POLICE OVERSIGHT

Upon contacting the Wilco Sheriff's Office, we were informed that the incident should be handled by the Austin Police Department (APD).

Transfer to 9-1-1:

We were transferred back to 9-1-1, where we were informed that the dispatcher notes incorrectly reported "no injuries." We were provided with the EMS/Fire report number (243270322) and instructed to call Austin 3-1-1.

Attempts with Austin 3-1-1:

After contacting Austin 3-1-1, the operator directed us to submit the report online through the I-Report system. Despite making four attempts, the system repeatedly failed to process the report due to the inclusion of injuries and a towed vehicle. The 3-1-1 operator refused to assist in contacting an officer, despite being informed of the system's failure.

Visit to APD North Station:

Frustrated by the lack of progress, I drove to the APD North Station. A city employee on site was finally able to assist by contacting dispatch and having an officer sent to meet me.

Resolution:

The officer who arrived filed the incident report, with the assigned report number being 24-3270910.

Delays and Demands:

The accident occurred at 6:00 AM, and the incident report was not filed until 2:40 PM. This 8-hour delay, caused by dispatcher errors, miscommunication between agencies, and failures of the I-Report and 3-1-1 systems, severely hindered the timely investigation of this serious hit and run.

The negligence displayed throughout this process is unacceptable and warrants immediate attention. I demand a full review of the failures in this case and prompt updates on the progress of the investigation. Any further mishandling of this matter could compromise the investigation and erode trust in the department's ability to protect and serve.

We reserve the right to pursue additional actions if these issues remain unresolved or if the delayed response impacts the outcome of this case.

Complaint: The complainant alleges: Between Nov - Dec 2019, I formally reported child sex abuse crimes to APD. The initial officer I met in the APD building took my case seriously and referred my report details to the Sex Crimes unit. I was then assigned a female detective who would interview my in a video recorded setting at the sex crimes unit building. This female detective (I am currently asking for her badge info, full name, and a copy of the report from the Public Records division), stated in our video recorded interview that "it's not illegal in the State of Texas to sexually groom children. It's not illegal to have a creepy uncle. We all have them". When I challenged that, as this is not true even from a federal level, her response was "well, in TX it's not" and then closed the case. Officer Description: Do you remember any details about the officer(s) you'd like to share?: Yes Name: Dawn maybe I don't remember Physical description: Long brunette hair kept in a simple ponytail, over 5'5ft, overweight / stocky, Caucasian, wore polo shirt and slacks if I recall Race: White or Euro American Gender: Female Badge number: TBD - obtaining from public records

Complaint: The complainant alleges: The complainant alleges that and APD officer removed his nephew, for whom he has legal guardianship, from Bedicheck Middle School to question him regarding an investigation into a fight. The complainant states that he was not notified by the officer of the questioning nor did the officer attempt to obtain consent to speak to a minor. After the questioning, the nephew was reportedly forced to walk home as he was unable to contact his guardian to inform him of his location. The complainant asserts that the officer's actions were improper, and that parental or guardian permission should have been obtained prior to questioning.

Complaint: The complainant alleges: This message is from [REDACTED] Dear Chief Lisa Davis, I came across this video which includes a clip of an interaction with an Austin Police Officer which I believe need to be scrutinized. See time stamp 8:19. I'm not sure of the date of this interaction but felt compelled to follow up to ensure the safety and rights of all citizens are protected from officers who abuse their authority. Particular attention for officers needs to be the 1st 4th and 5th amendments of the US Constitution. The officers behavior did not bring good credit to your department and shows a disrespect to those they swore an oath to protect their constitutional rights. This officer is seething ego. A person with a badge and a gun with that kind of ego is a very dangerous combination. This is but one officer and one encounter with that officer. The problem is thousands of citizens have now seen this video and it makes every officer look bad. The question then becomes, is the problem systemic. Does the culture and attitude of your department align with your core values and mission? It amazes me that Departments have yet to become aware that citizens are becoming more aware of their rights and filming police interactions is a very common trend that continues to grow. I believe this is a training opportunity. Unfortunately, an ego is a very difficult thing to train. I would truly appreciate having a dialogue with one of your community liaison officers either by email or phone. I can be reached at [REDACTED] Thank you for your attention to this matter. Sincerely [REDACTED] CPO USN Retired
