NOTICE OF COMPLAINT

February 10, 2023

ICMS #: 2023-0121

On February 10, 2023, the OPO received an online complaint.

The complainant alleges: A called was placed about a hot shot gun that was never fired or hit anyone,.. Some of the statements that was reported was untrue and falsified, and exaggerated, in the police report written by a detective who says he's been on the department for 15yrs, you would think he would get all the facts before sending a report over to the courts, yes a argument happen and a threat was made to do harm to Me, and a firearm was shown, but in the report it was a lot of false stay and exaggeration, I never was arguing with [REDACTED] and only argue with the guy, who she met 3.and half weeks he move into her place, not 3 months, I talked to [REDACTED] that day and we were going to meet up at [REDACTED] when she got off,she changed her mind at the last minute I was out that way so I still went by her place of work, I been knowing her for about nine months and we had some recent issues cause of her roommate who she just met 3 and half weeks ago, not 3 months ago. I read the report and was shock all the mistakes the 15yr officer put in the report and as I researched the officer history I see he was sued for racist discrimination practices, that raise a alarm because I am afo American and I feel maybe this may be way he rush a report in without facts.

This notice of complaint is a request for Internal Affairs to initiate an investigation to determine if the employee conduct is within compliance of APD policy, Civil Service Rules, and Municipal Civil Service Rules.
