

OFFICE OF POLICE OVERSIGHT

NOTICE OF COMPLAINT

June 3, 2022

ICMS #: 2022-0445

On June 1, 2022, the OPO received an online complaint.

The complainant alleges: Investigator [REDACTED] ([REDACTED]) did a crash report for a collision I was involved in on [REDACTED]. All the personal information of me and the other driver are correct however when you look at the field diagram and the investigators narrative there are mostly untruths. As one example the intersection depicted in the field diagram does not exist in real life. Almost everything is incorrect in the narrative. I contacted 311 to get [REDACTED] contact info and a phone number was provided for me [REDACTED]. Over the next 48 hours I called five times and texted twice only to result in the blocking of my phone number. I need this crash report corrected as for whatever reason the polices narrative carries more weight and makes my litigation weak. I have on camera what actually happened and it is nothing like what [REDACTED] described.

This notice of complaint is a request for Internal Affairs to initiate an investigation to determine if the employee conduct is within compliance of APD policy, Civil Service Rules, and Municipal Civil Service Rules.
