

## OFFICE OF POLICE OVERSIGHT

### NOTICE OF COMPLAINT

---

May 27, 2022

ICMS #: 2022-0421

On May 23, 2022, the OPO received a phone complaint.

**The complainant alleges:** He understands that traffic accidents/car accidents are typically civil matters, but this was a hit and run, a drunk driver and the person left the scene of the accident and went home. He was told that police would not come out if there are no injuries and that he could file his report online. He just got hit and his back would be sore the next day but not a serious injury and it was a drunk driver as well as a hit and run. It has been close to [REDACTED], and he has not heard anything regarding the incident. APD does not go out to every accident, but he expects that APD should follow up if it is a criminal offense, especially if he has provided a description and address of the other driver.

*This notice of complaint is a request for Internal Affairs to initiate an investigation to determine if the employee conduct is within compliance of APD policy, Civil Service Rules, and Municipal Civil Service Rules.*
