ICMS #: 2023-0032

On January 13, 2023, the OPO received an online complaint.

**The complainant alleges:** Well badge number # [REDACTED] has come again to the the campsite in [REDACTED] and told us that we need to leave and well I responded ok he was talking to me a little bit more professional and told some resources but i was shocked when he told me that i needed to move to another area so he wouldnt see me anymore here and as far as i know that is not right and still asking me what ami till doing here. Them he started telling me that i needed to be careful cause if not im next to being a persin that they find dead around here, now that just made me think lime damn this officer actually wishes bad on me just cause im homeless. I really feel that he has something against the homeless people ir just oeople of his race, i don't know but it would be nice if you could just put him in another position cause he is not someone i want to encounter again to begin with he is not resourceful all he does is tell us to leave and thats all and he leaves
