Complaint: The complainant alleges: She needed to come to the Ronald McDonald pediatric center to have blood drawn. There was an accident in front of the entrance. The only other way in was down one way which she couldn't use. She asked an officer if she could just drive through because it wouldn't have disturbed the accident and she needed to park to make her appointment. The officer yelled at her that whatever she had to do this morning was less important than the accident. The complainant is now having to reschedule an important appointment which may cause serious health implications. She doesn't appreciate the lack of empathy, she doesn't appreciate being yelled at and told that her issue was not important when the officer had no idea why she was there. Officer Description: White male officer driving cruiser number 8724 Tall, Glasses, Buzz cut Brown Hair

Complaint: The complainant alleges: She called [REDACTED] on 3/26/2025 3:40 pm Austin Fire Station where the digital team is located on. She represented herself as victim services, but was unwilling to represent the complainant as a victim service advocate in the way her job description implies. The complainant alleges [REDACTED] also fell asleep during her meeting with her. The complainant then followed up by calling her back that Friday to understand the status of her case. It has been at least three days since she called and there has been no response.

Austin Police Officers Involved: Villareal AP7343	
Unknown: <input type="checkbox"/>	
Complaint: The complainant alleges: Austin Police Detective Lauren Villareal had a legitimate medical emergency last year. Since that time, she has fraudulently abused sick leave, and taken sick leave donations from APD employees, with plans to later request sick leave from coa employees to avoid returning to her primary assigned duties as a detective. While on sick leave for her "medical condition", Villareal has continuously posted pictures to social media of her going on vacation, engaging in strenuous physical activities, and happily planning a wedding. Additionally, she has refused to return to her primary duties in a light duty capacity, and has somehow been assigned to the Academy. In her primary role on light duty, she would only be required to investigate crimes from the office, and would not be expected to do any field work or suspect interviews. While she engages in this behavior, her home unit suffers under increased case load burden, which has a rippling effect causing detectives to be less able to be fully attentive to their cases and victim's. She is assigned to the sex crimes unit, so her dereliction should be regarded as serious due to the population of victims her actions effect. If she is somehow so injured that she can't do desk work at a computer, how and what is she doing at the academy? If she is so disabled that she needs to continuously request sick leave donations from apd and coa, then how is she going on all these vacations, and engaging in all these activities? This has the appearance that Villareal is fraudulently abusing FMLA, and that she is derelict in her duties, to the harm of the department and the community.

Complaint: The complainant alleges: Hi there, Over the last couple of nights there's been a police car parked on Foremost Dr in front of Lenox Soco. I believe this is due to construction and traffic direction from the frontage, so completely understand why it's there. I live at Lenox Soco and the police car has parked directly in front of my apartment's windows causing strobe lights throughout the night. They've caused headaches and lack of sleep due to the flashing. Is there any way the car can be parked further down the road? If not, do you have an estimate of how many more nights residents will need to sleep through this? I deal with migraines frequently so was hoping for a solution. Thank you for all that y'all do! [REDACTED] Sure thing, Lennox Soco is located at: [REDACTED] Austin, TX 78745 They have occasionally been parked there however the specific dates this week were Monday 3/31, and Tuesday 4/1. My contact number is [REDACTED]. Thank you so much for your assistance!

Complaint: The complainant alleges: On 10-5-2024 I went to 6th St with some friends. My friend at the time was talking to one girl. Her friends were also there. At one point, one of her friends and started arguing and she spit on me. I started to speak to her, and that is when I saw some police officers come towards me. They threw me to the ground. At that time, my shoulder got dislocated and popped out of the socket. I was in pain and attempted to pop it back into place. I asked them to help me put it back in place, but they wouldn't listen and kept grabbing my left arm to physically hold my dislocated shoulder out of its socket. I was in so much pain. I was then rolled to the side, arrested, and taken to jail. OFFICER DESCRIPTION: Short, WHT, Male, in uniform. WITNESS INFO:  Friend

Complaint:	
The complainant alleges:	
<p>On 2/6/2024 I went to the residence of [REDACTED] located in austin texas to retrieve our daughter [REDACTED] [REDACTED] moved to Austin on 2/1 from san antonio and he does not own a vehicle. He failed to return [REDACTED] according to our court order that past Sunday on 2/4/24. Therefore I made multiple police reports in comal county where we are supposed to meet half way. Each day he didn't bring her back I made a report. He continuously invited me to his residence to pick up [REDACTED] since he didn't have a vehicle however he has a history of violence against me so I declined. I insisted we keep to our half way meeting point in new braunfels at my parents residence at [REDACTED] new braunfels tx 78130 for safety. After 2 days [REDACTED] was causing [REDACTED] to miss too much school so I took a friend, [REDACTED], with me for safety to retrieve her. He argued with me in person because I would not allow him to keep [REDACTED] and become the primary parent. He tried to argue that I was expecting another baby, 18 weeks pregnant at the time, and I should give [REDACTED] to him. I declined. I have txt evidence of this as well already submitted to APD. He threatened me stating he would call police for me showing up at his residence to get [REDACTED] I encouraged him to go ahead and make police aware that he was in violation of our court order. He attempted to chase me to my vehicle to try and stop me from leaving with [REDACTED] but immediately stopped once he noticed my witness present. We left without any other issues. [REDACTED] later received a txt that he threatened to call police and again over txt I encouraged him to do so and have the officer call me that I would gladly let them know what was actually going on. After this I never heard from any officers about the incident.</p> <p>2 weeks later on 2/23/24 I get a txt from [REDACTED] stating there is a warrant for my arrest. I did not believe this due to his past history of harassment and violence. I also called APD myself to find out if this was true and was told there were no warrants for my arrest. I arrived at [REDACTED] school at 6pm to pick her up only to find [REDACTED] had taken her again outside our court order. The school did not notify me and they have our order on file. I created a police report about this and the principal at the time claimed [REDACTED] told them we switched weekends which was not true. No one called to verify this with me. I then go to Austin again accept this time I take My aunt [REDACTED] with me. She can be contacted at [REDACTED] We attempted to get assistance from an officer to retrieve her when they asked for my identification and took me into custody. That's when we knew this was [REDACTED] plan all along. If I was in jail for alleged assault he would get [REDACTED] by default. I was held in Travis county for 26 hours at 20 weeks pregnant treated as if I was a violent criminal.</p>

Complaint: The complainant alleges: Officer Locken: AP9454 Officer Simonton: AP9461 Deputy Eberhardt: 7205A trans woman was violently slammed to the ground with excessive force. This was a violent act and Officer Locken, Officer Simonton, and Deputy Eberhardt need to be held accountable for their actions. It's a disgrace to humanity. The amount of blood from them slamming her face into the ground is horrifying. They shouldn't have jobs if this is how they handle situations. With that many officers present there was clearly no need to for excessive force. How is it when a pedestrian causes that amount of harm they're at risk of jail time but when these "public servants" do the same they aren't held the that same standard. These men need to be held accountable and she deserves not only justice but compensation for trauma and for the unnecessary medical treatment she had to get because of these grown men being incapable of doing their job properly. If your force can't do their job without unnecessary violence, then they should NOT be in that field. If this is a support and encouraged behavior then you all should be ashamed. No human should be treated like this, period.

Complaint: The complainant alleges: Hi there. My brother passed away in Austin, Texas on November 7th, 2024. My family was NEVER notified of his death by anyone from APD or SAPD or Helotes PD (where my family lives). I had to call the owners of the rental he was staying at 3 days after we couldn't get in touch with him, for the owner to tell me my brother passed. That alone is sick and horrible and we are incredibly disappointed in the Austin Police Department. Since then, no one has reached out to us to tell us what happened, all we know is that he was shot in the head. His death certificate has no cause of death on it. It has been 5 months and nothing, I am requesting someone to get in touch with me to discuss this further and see my options in regards to obtaining police evidence, including body cam footage, pictures, and videos of the accident. I already tried requesting these items from the Austin Police Records, but that seemed to also fall through. Thank you kindly, [REDACTED] [REDACTED]

Complaint: The complainant alleges: *311 forwarded complaint* Good morning, I received a phone call that lives in District 3 this morning. Her name is [REDACTED] and she would like to file a complaint with OPO about an officer. I am submitting a complaint on her behalf. Caller: [REDACTED] Phone #: [REDACTED] Officer name: Kirchenburg Badge #: 9241 Summary: [REDACTED] alleges that the officer harasses people. She was at a gas station and sitting in the driver seat while her boyfriend pumped gas for her. She did state that her boyfriend is heavily tattooed, which she believes led to Kirchenburg to racial profile him. The officer was sitting in front of the church next to the store. She went from the gas station to her house. The officer pulls her over once she pulled into her house. The officer allegedly stated that Jeanie's boyfriend was staring him down at the gas station. [REDACTED] stated that she had her seatbelt on, had her car insurance, and her driver's license- stating she is a good driver and did not think she should have been pulled over. Kirchenburg gave them a warning. The officer allegedly stated that he pulled her over for also not her having seat belt on. [REDACTED] also shared she has dark tinted windows which may have not helped her case. [REDACTED] also referred to her relative [REDACTED] calling in a similar complaint a month ago about the same officer for allegedly racial profiling another member of her family.

Complaint: The complainant alleges: I had called APD, due to a guest being unruly about his situation at the hotel. He thought he booked for 2 nights but he never did. He use 3rd party website to reserve and I insisted to guest to check his email and contact website to inquire abt that. But he accused me of stealing from him by stating that I reduced # of nights and want more money from him. Might I add this guest had stayed at my hotel multiple times before. Then he started cursing thats when I call APD. Office name Coons badge #7948 was handling this situation with me. We were conducting this situation very professionally until he decided to come with me to inspect room before guest departs to ensure we do the right thing as I smelled smoke smell when my housekeeper notified me that guest belongings were still in the room past check out time. He decided to come with me to inspect room, which I dont mind. But when I mention to him the room does smells like guest had smoke something in the room may be a E-cigarette or vape or something. He said "I smell A smell". and while he was walking out of the room told me that "You should be ashamed of yourself for doing this" and he started talking to me in a very rude manner. I told him, this is civil matter you were asked to remove guest and you still havent done that. and he started instigating arguments with me A business owner and operator who called APD for him. Time to time this had happened with APD and they have no RIGHT to in civil matter but somehow they want to continue to do this. They are called to difuse the situation but they end up escalating by doing things they are not suppose to. I was told by Austin Police oversight dept not to discourage to file a complaint so I am going to try this one last time. If this kind of incident happens again and oversight dept is not able to help business owners on what APD does to them when they are called to get him, we will have to find another avenue. Witness Name: Brian Preusse Is there anything we should know about this witness?: This is sergant who showed up as per my request, and he also did not want to be reasonable. yes, I was very upset as this keep happening. And officer coons keep instigating an argument even in front of his sergant Preusse. Where is a support for business owners when APD is doing wrong things in this matter even in front of sergant.

Complaint: The complainant alleges: I filed a report with the Austin police department on February 5th 2025 that was ultimately handed over to Detective Gilbert Caraballo. After he didn't return any calls, I called 311 back and was provided an email address for him, Gilbert.Caraballo@austintexas.gov, so I reached out there. It took until February 27th to get any response. From that point, detective Gilbert Caraballo has handled my case appallingly and I've repeatedly requested a female officer be assigned to my case which he has ignored. Detective Caraballo immediately questioned why I hadn't filed a police report about my stalking and harassment case and he has proved exactly why it took me so long. I have left three voicemails with the region one detective about my case, no response. I have emailed and called detective Caraballo countless times, no response. My harassment from [REDACTED] has only gotten worse, all of which I have documented and sent to Detective Caraballo. The only response I have gotten from Detective Caraballo about this was him telling me that he is out of the country on vacation! That's it! I have never been treated like this by the authorities who are supposed to be here to protect us. This harasser and stalker sent me a photo of my front door and address, found my 12 year old child, posted intimate photos of me online and more. All of which I've documented and sent to the detective to no response. I want to file an official complaint against Detective Gilbert Caraballo for his disgusting conduct. A person like that should never ever be put on a case that involves women in danger. I locked myself inside of my truck while this man aggressively pulled on my door handles and was beating my drivers side window with his fists while screaming and threatening me. I was told by an APD officer on the phone that he was not able to do anything to help me because I had not been injured. I did not get the police officers name so I am not sure if that's something that can pulled up. The police officer said there is nothing illegal about chasing me to my vehicle, beating my window and threatening me. The police officer told me I should have just drove away if I felt in danger which is outrageous to me because I was not able to drive away with this person outside of my drivers side window, I did not want to run over his feet or risk any harm being done to him. I was trapped inside of my truck until the HEB security guard came over and told the man to leave me alone. Complaint: The complainant alleges: APD officers Locken (AP9454), Simonton (AP9461), and Deputy Eberhardt (7205) abused their power through excessive force to commit a hate crime against a transgender woman on March 2nd. The officers involved did not give ample verbal warning or lawful order before this woman was slammed on the pavement, leaving a pool of blood from the impact of her face. Yet another violent act of excessive force and discrimination by our boys in blue. Hold these bullies accountable, terminate their employment, and charge the officer who assaulted this woman immediately.

Complaint: The complainant alleges: This complaint is in regard to treatment of employees and management. I understand that the chief is still learning how things operate, but unfortunately this decision is negatively impacting the function and performance of an investigative unit that experiences a high amount of scrutiny on a regular basis. The sex crimes unit has had a large amount of attention on them for some time now. In addition to their investigations, they cover on call, backfill, maintain trainings and make the public events requested of them by their Commander. The unit has had significant turnover in the past two years. Burn out plays a large role in this. In longer than the last two years, the unit has had an investigator who has been limited in her performance/abilities. The employee was under investigation (restricted) for some time, then on limited duty dealing with FMLA for family matters and hardly in the office. She made it for a full week of work to attend a conference in San Diego but was unable to assist with a large amount of caseload due to personal stress, inability to interact with the public and caseload. The employee was in a desk position and not placed in harm's way. When the employee was set to return to work, she suffered an unfortunate health issue that led to physical limitations. The unit felt so horrible for what she had to be going through and was supportive of her journey to recovery. ██████ requested leave donations two times. During those times, she posted on social media about her working out, walking in heels to get ready for a wedding and even riding a 4-wheeler (on a Tuesday when donated time/sick leave was in use). When she was set to return to the office (which would still be a relief to the other investigators), detectives were informed from the chain of command that Lauren expressed that she did not want to return to sex crimes at all and wouldn't be due to decisions from the 5th floor. I know if this was happening in my unit, I would be greatly frustrated. That unit has had pregnant employees on light duty assist them and civilian employees. What difference will be made by working at the training academy vs working at a desk in an office (like she was doing before when she was in the office)? I hope that the employee can find a unit that accommodates her. It's not fair to ask violent crimes investigations hold vacancies. I hope that this complaint can receive the

attention it needs for the chief to care about investigations. This is NOT a complaint on the employee. This is a concern in leadership decisions

Complaint: The complainant alleges: I was recently issued a CTN by a City employee at South Austin Tennis Center. I asked the employee what the reason was for calling police and he refused to answer. I asked if it's okay to call police on somebody on city property with no legal basis and he said yes. Ultimately, his friend (manager of the tennis center - contractor) called police and the City employee issued me a CTN. The police did not know it was city property but even after I informed them, they said they would issue me the CTN no matter what, simply because the manager said he wanted to. He didn't even have to give a reason that complied with city policy/law. The dispute I am having with management has nothing to do with disturbing the peace in any manner. I have not forced the manager to speak to me, etc.

Austin Police Officers Involved: Villarreal, Lauren AP7343 Unknown: <input type="checkbox"/>	
Complaint: <p>Hi my name is [REDACTED]. I am complaining about a former detective on my case that was dismissed. I reported sexual assault on 9-23-2023. Lauren Villarreal became my detective for that case. It took her 1 month and half to contact me back. When she called me for an interview, I made an appointment with her. She rescheduled me. And all she rescheduled and cancelled with me 3 times. The first time in late October. I never got an interview in person. I got upset and talked to her Sergeant or manager at the time. He said he would talk to her but, he didn't feel like she did anything wrong. She called and said can we do a phone interview, because she had a lot of people she had to see that week. I agreed to it but I was upset because I felt she could see other people in person but she didn't want to see me in person. I matter to. We agreed on a day. I called her on the interview phone day. She picked up. We discussed the situation. She wanted me to tell her what the guy I reported looked like. I told her, he had black hair. Before I could finish. She said out loud so he was black guy. I said no he isn't. I didn't say that. The fact that she cut me off to say that. I felt that was racist and inappropriate. At first I disputed that she was taking me seriously. She told me she was going to get everything on this person. And then she asked what race I was. I told her I was black. And the guy who raped me was Mexican. Her demeanor started to change. She told me she in fact already interviewed the suspect. I asked her how because she admitted at the time she hadn't gone out to see him yet. She said actually she spoke to him over the phone. I told why would she speak to him over the phone instead of going out to him in person. She told me that's how she's doing it. One time during the interview she asked me was I ever naked in my apartment during the incident. I told her no. But I have been naked before in my apartment. And I felt he was watching me. She said if you were naked in your apartment you could be antagonizing him. I said that's not true I just got out of the shower. Because he peeks through my window cracks at me. I did not feel the interview went well. So I called her manager. The Sergeant didn't believe me. She takes another 2 months for her to get back with me. I asked her about the follow up. She said she doesn't have much evidence to go off so she is closing my case. I said is that I have the safe exam kit. I asked her about the interview follow up with this guy. She said that's not necessary. We don't do follow ups or go to talk to the suspect if there's not any evidence. I told her you called him. She switched it up and said yes I called him. But he never picked up. My case was dismissed with her. A month later I put in another sexual assault report. It went to another Detective. That detective saw that Lauren was my former detective on another case. He talked to her. The new detective on my case around December 2023. Told me he just talked to Lauren Villarreal. So in order to procure my case I would have to get evidence for him. I said he's the detective that's his job to get the evidence.</p>	

OFFICE OF POLICE OVERSIGHT

He didn't stop harassing telling me. He's not taking on my case without proof. I know my rights. I am entitled to a fair investigation. Which did not happen for me. One week into my new report he closes the case. I had put in victim compensation in October 2023. My case got dismissed in July 2024. I did not know because I was in jail for something else. I just got out a month ago. I called the victim compensation advocate line today on 4-14-2025 to see what was the outcome. They told me my case was denied and the reason why was the detective on my first case Lauren Villarreal did not send over the safe exam. Rape kit information t them . They said they reached with her during the time and she failed to reach out back with them. So my application was seen as pending until it was closed out. I believe my victim compensation got denied due to Lauren Villarreal. Yes by then she was not my detective anymore. But the application was opened underneath her,back in September 2023. So that's not a excuse on why she couldn't communicate to victim service on behalf of me. I strongly believe since my race was thrown around at the beginning that race has a lot to do why my case was dismissed. She knows the guy I reported rapping me is latin. She herself is latin that he couldn't commit the crimes he did commit. Conflict of interest. Because she's trying to protect him because my sexual assault accuser is the same race as her.

She then hit print and walked away. She never spoke to me or explained what I was receiving a ticket for. As a police officer, especially in downtown, your job is to serve and protect. Officer Perez failed on duty by not serving nor protecting. Had she done either she would have taken the time to explain the situation and communicate with me. I have never experienced an incident where a police officer was so unprofessional to the point of absolutely no communication made. In no profession is this acceptable and to many this may be seen as blatant disrespect and disregard. Never have I been disrespected by a police officer to the point that no communication was made by them. All police officers should be trained to communicate what is happening. Officer Perez failed at this today.

Complaint: The complainant alleges: Greetings, my name is [REDACTED] and I am a freshman at the University of Texas at Austin. Initially, I decided against writing this email because I was convinced it would get lost amongst the multitudinous emails you receive daily. However, I feel as if I have no other choice because student safety does not appear to be a top priority to our campus officials. I live in North Campus and have had to take the bus all year traveling to and from class and work. I have spent a lot of time by myself sitting and waiting at different bus stops, and many times I have had anxiety-inducing encounters with homeless people screaming at me at the top of their lungs. In these scenarios, I noted that there were no police officers from the city of Austin or from UT in sight, leaving me feeling completely unprotected. Needless to say, for an 18-year-old girl who travels alone all of the time, these scenarios have created a general sense of dread when I have to step outside. I have heard countless stories from other students in-person and on UT social media platforms telling of terrifying encounters with homeless people and/or drug addicts. I am planning on living alone in West Campus next year, and I am fearing for my safety. I think it is shameful that both UT and the city of Austin have not done enough to combat the homeless problem on our campus. This email isn't intended to be a rant against homeless people, I myself have family members that are experiencing homelessness and can sympathize with them. However, it is a problem that students here feel unsafe, their cars and apartments are being broken into and we are forced to normalize men on drugs screaming and chasing girls down the street. To fix this problem and to enhance student safety, there should be a significant increase of campus security in West Campus, along Guadalupe Street and spread out amongst UT's campus. Austin's Police Department should work with UT to highlight the areas where the most encounters happen and implement safety strategies. No student should have to fear for their lives, and we shouldn't be expected to keep our heads down and try to ignore the problem. I want to be able to speak proudly of my school and city and

say that they saw a problem and sought to fix it because they care. Please let me know if there's any way I can contribute to these efforts, I would be glad to assist in any way I can.

I was handcuffed and strapped into a chair. An officer became frustrated with me and struck me multiple times in the face and blood came out of my mouth onto the wall of the room I was in. I was physically hit again and coughed, and more blood got on the wall of the room. I told the officer that I hope his bodycam was on. It appeared to be on his chest with what I remember to be a green light. He said he could've charged me with a felony and implied that I had assaulted a police officer. I did not strike or physically assault him. I did not try and spit on him, it was blood coming from coughing and being punched. I was physically restrained and attacked while defenseless. This physical attack and use of force was not needed to restrain me and was excessive in nature. The handcuffs used were also extremely too tight and i cannot feel the backs of either of my hands. There is obvious nerve damage and I'm hoping it is just short term. It was just a year ago she received notice from the Attorney General of Texas that if she didn't close our shop, they would seize her building. I get it. If you tell the owners of the establishment, they would hide evidence of human trafficking. I get it. But, where is the presumption of innocence, until proven guilty? also get that SOMEONE made a complaint, so the complaint cannot and should not be ignored, but what about the damage to our reputation? How do we overcome the bad press? The situation from last year was resolved - because we weren't doing anything wrong. And, it is my hope that this turmoil will also subside. Our landlord wants to see the incident report. Please send me a copy so that I may forward it to her. There's one other thing. Unknown: <input type="checkbox"/>	
Complaint: The complainant alleges: I, [REDACTED], on April 18, 2025, was detained by US Authorities after visiting Niagara Falls, Canada, for having an active warrant in Austin TX. After reaching out to my legal counsel I found that Det. Roberto Arambula had taken the warrant for Unlawful Disclosure or Promotion Of Intimate Visual Material. At no time have I ever uploaded a nude photo of myself or anyone else. I further found from my legal counsel that the warrant was related to an audio recording that was recorded by an ex-girlfriend to whom I have not spoken to or made contact with in over 1 year in 4 months. My last contact with this person, [REDACTED] was in a court hearing back in February- March 2024, when we agreed to stay away and make no contact with each other. Despite us agreeing to stay away, [REDACTED] has indirectly made contact with me. She vowed in a heated discussion prior to our break-up, that she would ruin the rest of my life and has kept her word. [REDACTED] is a well known attorney in Austin Texas. She has friends who are judges, lawyers, policemen, and other high places in the city and state. I feel that she has used her position and authority to influence others to make unethical decisions and actions. Detective Roberto Arambula took life altering warrants, to detain me and take my freedom and my children away from me for no reason. Detective Roberto Arambula has never interviewed or spoken to me. He has never gotten my side of whatever story he based his warrant on. He has never asked me if I had any counterclaim or defense against the prosecution of the case that he made. I am requesting that Det Roberto Arambula actions, decisions, evidence, integrity and ethics be looked into by his supervisors and the Office of Professional Standards/Internal Affairs.	

OFFICE OF POLICE OVERSIGHT

Please review the pictures attached because I have been the victim in this past relationship.

The actions taken by my ex Attorney [REDACTED] are retaliatory and the actions taken By Det Roberto Arambula are unethical favors Don won her behalf or as favors for her. As I stated, [REDACTED] has judges, namely Judge [REDACTED] and others whom she has told me would do whatever she asks to lock me up and throw away the key.

Detective Roberto Arambula has helped [REDACTED] continue to victimize me. This person has interfered with my every day living indirectly for the past several years.

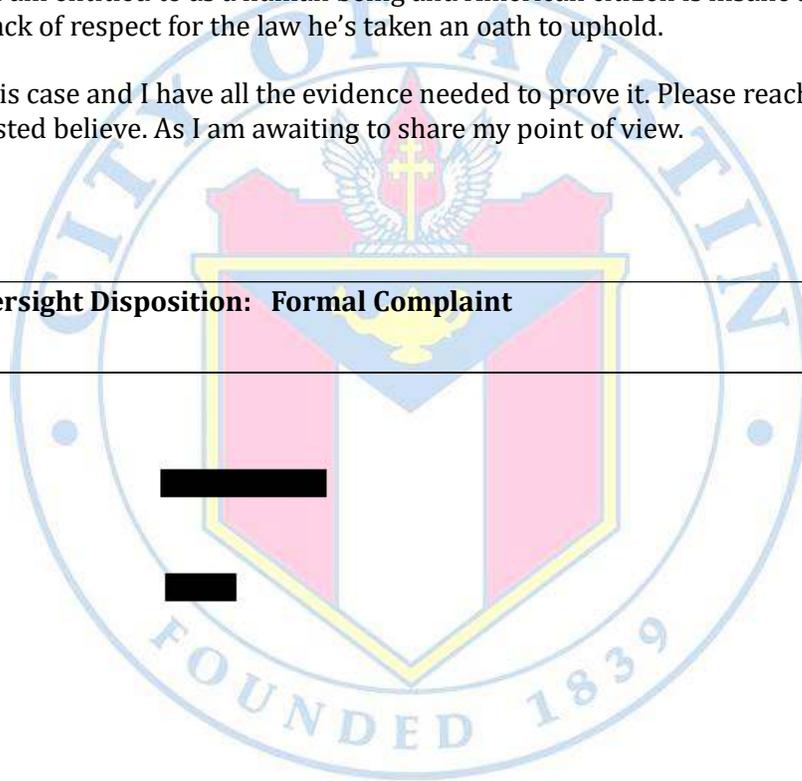

Detective Roberto Arambula taking a warrant that jeopardizes my freedom, livelihood, family life and all other rights I am entitled to as a human being and American citizen is insane and speaks volumes about his lack of respect for the law he's taken an oath to uphold.

I am the victim in this case and I have all the evidence needed to prove it. Please reach out to me at my contact info listed believe. As I am awaiting to share my point of view.

OFFICE OF POLICE OVERSIGHT

The following allegations outline actions that have severely impacted my life, liberty, and freedom, constituting gross misconduct, fraud upon the court, and interference with interstate commerce:

1. Magistrate Jernigan's Refusal to Provide Bond

Magistrate [REDACTED] refused to facilitate my bond proceedings despite her sworn oath of office to uphold the law. When I inquired about the bond process, she stated she was not required to answer my inquiry. This refusal to provide essential information regarding my bond or to facilitate my due process is a violation of my rights and interferes with my ability to challenge the charges and legal remedies.

2. Imposition of Unauthorized Legal Representation

Magistrate [REDACTED] appointed attorney [REDACTED] to represent me without my consent. I did not request nor consent to his representation, nor did I request [REDACTED] [REDACTED] to appoint him on my behalf. I was forced into representation against my will. This unauthorized appointment of counsel constitutes a direct violation of my right to self-representation and control over my legal matters. Furthermore, Magistrate J [REDACTED] hold me hostage with no immunity to engage in such acts as to be removed from Office.

3. Fraud Upon the Court

The actions of both Public Servants Kristen Elaine Jernigan doing business as Magistrate [REDACTED] [REDACTED] doing business as a judge amount to a fraud upon the court. Their failure to uphold the judicial machinery of the court corrupted the impartiality and integrity of the proceedings. Specifically, they denied me access to proper legal remedies, failed to consult the appropriate authorities regarding my citizenship, and engaged in misconduct to silence and oppress me. These actions directly violate due process protections under the law and constitute fraud upon the court.

4. Interference with Interstate Commerce and Civil Rights Violations

The actions of the Austin Police Department and Williamson County Sheriff's Department have interfered with my personal affairs, no warrant, leading to significant harm, including kidnapping and torture. Despite my notice pursuant to 15 U.S.C. §1 and §2, which prohibits restraint and monopolization of trade, my attempts to resolve these matters through lawful channels were blocked. These actions violate my personal freedoms and interfere with the lawful conduct of my business and organization.

5. Harassment, Abuse of Power, and Violation of Rights

I have been subjected to continuous harassment by officers of the Austin Police Department and Williamson County Sheriff's Department, who lacked lawful authority and subject matter jurisdiction to make legal determinations. Officers such as Benavides Carolina, Smith Desmond Ryan, and Flanery Justin, Khidre Alexandre M, Barto Jason, Capizzi Eric A from the Austin Police Department have subjected me to unlawful and unjust actions, further violating my constitutional rights. I wasn't able to find the case # 24-04935-2 as Williamson County Clerks tampered and failed to file evidence on record.

These acts of aggression, mistreatment, and violation of my legal standing as an Individual Banker and protections are unlawful. I have multiple assault charges, treason and for deprivations of tortious act of all the names listed above. As a private citizen, I have the right to be free from such interference and harassment.

Request for Immediate Action

OFFICE OF POLICE OVERSIGHT

1. I request a full and independent investigation into the actions of Magistrate [REDACTED] [REDACTED] and the involved police officers for violations of my rights, abuse of authority you don't have, alleged fraud upon the court, and interference with interstate commerce.
2. I request the removal of all individuals involved in this matter from their positions, as their actions are in direct violation of the Constitution and the rights of the citizens they serve.
3. I request that all decisions made by these individuals be reviewed and invalidated due to fraud upon the court and lack of proper jurisdiction.

I trust that the CID on Judicial Conduct will take this matter seriously and conduct a thorough investigation into these violations. I look forward to your timely response and appropriate actions to address these egregious violations.

Thank you for your attention to this critical matter.

Sincerely,¹¹_{SEP} [REDACTED] (Individual

Complaint: His daughter, [REDACTED] was involved in a hit and run. When she called 911 the dispatcher told her it was a non-emergency and to file a report with 311 or online and someone would call her back in 14 days. When she filed the report online, she was able to let them know that the vehicle was un-drivable and she and her friends were stranded, at which point officers were dispatched. The complainant is upset that the APD failed to assist immediately and that the APD policy is to neglect an emergency and not serve and protect, essentially leaving 3 young women stranded after a hit and run accident. He is unsure of the location of the accident, and does not have officer information, but would like his concern heard.

Complaint: This message is from [REDACTED] . [REDACTED]] Hello there, I have a horrible stalker problem. A private investigator (criminal) had someone place a hidden camera on my house to do 24 hour surveillance on me and my family. I called many organizations and they all say call the police. but police never show up. These maniacs put hidden gps tracker on my car. I ended up trading it for a new car. now these criminals are still stalking and chasing me to put gps tracker on my new car. Im currently hiding the car but when i walk out my gate for a walk or puppy walk with in 1 or 2 minutes here comes someone around the corner on foot. When i get to corner and turn, here comes person on a bike. Then a few minutes later here comes a person with a dog. Sometimes male sometimes female. They all are looking for what car i am going to get in to. Happens every day. they come at me me no matter what time i walk out the house. They are looking at me but, they are not in a car on my street. Because i walk my street and don't see any strange cars. They send salesman door to door people. And so on. I need help locating this camera. I cant leave the house with out these criminals stalking me. They are doing surveillance 24 hours a day. It almost looks like they learning my schedule and finding a good time to hurt me or kill me. I need help finding this hidden camera. I have a name from an employee from Infineon who they say is paying this Private investigator to do this. This is a hate crime. I need help bad. Please. We need a police car to stop at my house for 5 minutes each day between 3pm and 5pm. Monday through Thursday. More street signs. None of these people live in this neighborhood. I need help! Complaint: The complainant alleges: Officer identified: Corporal Dawson regarding case number 25-1141542 He got a call at around 11 pm from his daughter, [REDACTED] (phone number [REDACTED]), saying someone had her pulled over with a gun in her face. He told her to get out of the car. He heard yelling, then his daughter said she was having a seizure. He heard the Corporal Dawson's voice over the phone apologize and ask what to do to help his daughter. The Corporal Dawson told the complainant his daughters boyfriend called to say she had a gun and that is why he pulled her over. He cut her off twice, did not have his lights on, and pulled her over and had a gun pulled on her. Corporal Dawson said she slammed her head against the door jumping around, when she was actually having a seizure. He tried to pull her out of the car while she was having a seizure. He slammed her head on the car door trying to pull her out. She told her father that the officer grabbed her head and slammed it on the concrete. Her ankles are cut up where the officer drug her on the asphalt. Corporal Dawson said he thought she had a gun, but she never had a gun. She was taken to the hospital in an ambulance. The complainant drove from his home in Liberty Hill to the scene and spoke with Corporal Dawson who was the supervisor and expressed his anger and dissatisfaction with how this was all handled, then accompanied his daughter to the hospital.

Complaint: The complainant alleges: Case number 25-1141542 Corporal Dawson She was leaving the person's house who called the police on her. She was nearly to the end of the street. She saw a Tahoe driving towards her, maneuvered his vehicle in front of hers and stopped. It was dark so she could see it was an officer. She reversed and made a u-turn. The Tahoe still didn't have his lights on so she assumed it was just someone trying to intimidate her. The Tahoe continued to follow her, without his lights or sirens engaged. He then went over his intercom and yelled at her to pull over. He proceeded to yell at her to put her hands out of the window, so she did. He walked up with a gun and a flashlight in her face. She asked him what was going on. The officer just screamed at her to shut up and get out of the car. She called her father at that point. At that moment, she thought the cop was going to shoot her because of how aggressive he was being. He reached into her car, unlocked the door and pulled her door open. At that point she started screaming to put his gun down. At that point she began to have an epileptic seizure. He began dragging her from her vehicle while she was seizing. Her arm was stuck in the belt of her car seat and her head hit the bottom of her door 3 times, and then he dragged her onto the ground where she continued to seize. He just stood over and watched her having a seizure. She hit her head on the ground nearly 7 times. Other officers arrived and she asked that he get away from her because he was triggering the seizure. She has a concussion and a hematoma on her head, she has cuts and bruises all over her body. She went to the hospital and her father came to speak to the officer and to get her vehicle for her.

Complaint: The complainant alleges: That she contacted 911 because her son was experiencing a mental health crisis and expressed suicidal intentions, stating he planned to jump from the highest point of their apartment complex. The complainant states that when officers arrived, her son, in a state of panic, jumped from the second floor. The complainant states he was immobile after the fall. Despite being immobile, the complainant alleges that officers deployed a Taser on her son and used physical force. She states that her son has no history of violence and believes he should have been treated as a mental health patient rather than as a violent criminal. The complainant states that they were seeking help and she did not expect her son to be assaulted. She also believes that, because she does not speak English, officers took advantage of the situation. The complainant further states that her son was charge with three criminal offenses that she believes are false. 25-1140027 is the case number. The complainant states that her son with at a mental health hospital for two weeks and showed no signs of violence. The complainant stopped taking medication which caused his episode.

Complaint: The complainant alleges: Case number # 251151391 Officers arrived at 9:30 pm to the scene of a major crash on E. Braker Ln, that happened approx. at 7:40 pm. After I called 911 the Austin fire department arrived on the scene. Austin police officers had not arrived because I was told by Austin firefighters that this was a low priority and that police may not come. When I asked Mr. [REDACTED] why his gray 2010 Genesis ran into my 09 Gold Forester ,causing my bumper to completely fall off, and a coolant fluid leak, he said that he blacked out and that this is not the first time it happened. He also collided with a building or a pole by a building causing substantial damage to his vehicle. After I reported this to the fire department, they told me that he didn't tell them that and did not further evaluate him for that, Furthermore, members of the Austin Fire Department started to be rude and harass me because I did not want to trade my information with the other driver until police arrived. I did retrieve his insurance info and filed a claim with his insurance while I was on the scene before the police arrived. However, they stated that I needed to exchange my info with him so they could leave, and if I didn't, it would be considered leaving the site of the scene and that I may be in trouble. One firefighter went as far as telling me to man up and give the other driver my information. I refused to and told them that I needed the police to come, and that's when one of the firefighters called the police department again, after I was told by the original 911 dispatcher that the Austin police would be there on the scene, but had not arrived yet. While they were continuing to try to get the Austin police on the scene other firefighters further harassed me and asked me what my problem was? While I was waiting, a few more occurrences similar to what I reported above continued. The tow truck driver of 969 Towing told me that he also witnessed how they were acting with me. Two Austin Police officers did arrive after almost two hours later, The female officer gathered information about the accident from I and the other individual. She was very polite and professional, however when I reported to her what Mr. [REDACTED] told me about him blacking out before the crash, she did not follow-up with him about this report for safety/health considerations for him or other future drivers if he decided to drive again in the future. Eventually they had to call the tow truck back to pick up my 09 Forester. While the male officer waited until the tow truck arrived I told him that I was very tired from driving most of the day from Louisiana and my stepmom needed to drop me off, because we both had to get up early for the funeral. In an angry rude voice, he told me that if I left, he wasn't waiting for

Complaint: <p>I filed multiple police reports in December 2024 regarding identity fraud. Two different apartment leases were signed in my name. One complex stated they even have a copy of the license the person used. I disputed \$8000 in debt attached to my name and now Austin energy is saying there is still an outstanding balance attached to my driver's license. The same complex that has a copy of the license of the person who did this evicted them and there is now a civil charge attached to my rental history. Even with multiple leases, the austin police department still failed to follow up with me. I am filing a complaint about the lack of support even when the email responses say investigators only get involved unless actual documentation is provided which I have. I am putting the date as today, but here are the police report file numbers which I filed in December. 2024-9023131, 2024-9020876, 2024-9022230. I will include my current address below as there were two incidents of fraud at two different apartment complexes that I have never been to or lived at.</p>

Complaint: The complainant alleges: The complainant and their brother were walking to a pharmacy across the street from Westlake High School, when Officer Greer became immediately aggressive and, without questioning them, stopped them and handcuffed them. They were searched, and their background check was run. The officer didn't find anything. The officer claimed the reason for the arrest was because the complainant and his brother were wearing masks. There was a school staff member with the officer following the complainant and his brother the whole time until they were arrested, claiming they were trying to enter the school. The officer said he thought they might be suspicious persons implying they were potential school shooters. The pharmacy is across from a high school, there is no way to enter the pharmacy without passing in front of the school. They had just arrived in town and were picking up a prescription. On previous visits, they had made the same walk, wearing masks, to the same pharmacy with no incident. The complainant does not understand what might have been different about this occasion.

Complaint: The complainant alleges: I am submitting this complaint regarding a serious incident involving Officer Brown #9271 on April 25, 2025 at approximately 11:45pm near 71/Tucker Hill Ln. While I was lawfully operating my vehicle, space I observed a vehicle approaching from behind at an extremely high rate of speed - estimated to be over 100 mph - weaving in and out of traffic lanes in a reckless and dangerous manner. This behavior caused significant fear for my safety. At no point during the initial pursuit did the vehicle have its emergency lights or sirens activated. Only after tailgating me aggressively for a prolonged distance, I went around him to avoid further conflict at the Tucker hill lane flight, after blowing through a light supposedly did the driver activate emergency lights. Concern for my safety and unsure if the vehicle was a legitimate law enforcement Officer, I immediately called 911 to verify whether this was indeed a police Officer attempting a stop. Despite my 911 call and the activation of emergency lights, repeatedly tried pushing me off the road, as I pulled into the tractor supply parking lot to have ability of the driver and attempted to comply, the driver failed to exit his vehicle, failed to properly identify himself as a law enforcement Officer, and the driver shined an extremely bright spotlight directly into my eyes, impairing my ability to see or identify whether it was truly a police Officer. The driver remained inside his vehicle and failed to properly identify himself as an Officer, as required by law and department policy. Instead, he began shouting profanities at me from inside his vehicle. Specifically, he called me a "stupid fucking bitch" and said "fuck you"-- completely unprovoked and unprofessional behavior that escalated the situation and further made me feel unsafe, intimidated, and confused. <u>OK hi turn on the photos and I tell you I said I haven't been having a good day umm i told myself that the literal second that i</u> Due to the aggressive road rage behavior exhibited, I did not feel safe allowing the driver to simply leave the scene without official police involvement. I wished to wait for additional responding officers to ensure the situation was properly documented and addressed. When it appeared that the other driver (Officer Brown) was attempting to leave the parking lot where he had stopped, I made an impulsive decision to block his path by maneuvering my vehicle in front of his. I braked in front of him in an effort to prevent him from fleeing the scene prior to the arrival of additional law enforcement.	

OFFICE OF POLICE OVERSIGHT

At this point, I was terrified. I was unsure if this was truly an Officer or if it was being targeted by someone impersonating law enforcement. I had just experienced an apparent road rage incident, where a driver tried to run me off the road multiple times during what should have been controlled traffic stop but clearly was not.

Rather than exercising appropriate caution or de-escalating the situation, the Officer proceeded to collide with the rear of my vehicle with force.

As a result of the Officer's reckless conduct - including dangerous speeding, reckless weaving, failure to properly identify himself, verbal abuse, and an unnecessary collision, I suffered property damage, emotional distress, and physical injury to my neck and back. No one offered medical care, and both Bastrop PD and the acting Corporal Murray failed to allow me to file a complaint at the time of the incident. The Officer's actions were unsafe, unprofessional, and violated both traffic laws and basic standards of police conduct.

I respectfully request that a full investigation be conducted into this incident, that appropriate disciplinary action be taken against the Officer involved, and that it provided with copies of dashcam footage, body worn camera footage, dispatch audio, and any incident reports related to this event.

I am prepared to fully cooperate with any investigation and can provide additional information as necessary.

Thank you for your attention to this serious matter.

Sincerely,

Complaint: <p>I was out with my friend on the day of April, 28, 2025 around 9:30PM in downtown Austin Door Dashing when my friend [REDACTED] called for a ride I went To pick her up when I noticed a officer cart trailing behind her as she walked to my car . We sat and caught up for a while before we pulled off . Before I was able to get a couple of blocks I was pulled over by an officer with the same cart that was trailing my friend . The officers then got out and instead of approaching me The driver they approached my friend [REDACTED] window which was the passenger seat and started to ask her about dates and times of previous incidents making me feel violated and harassed. Abusing authority calling my friend names and blocking his badge when I said I was in fear . I suffer from ptsd and anxiety and my mental health was disregarded while they continue the verbal attack with my passenger when the cause of the stop was a traffic violation. We have videos and pictures of the attack with the officers and another witness as my back seat passenger it was misconduct and discrimination tarnishing her image when I feel like I was not the intended target they were focusing on my friend in the passenger constantly harassing her, and I asked him to step away from my window because she gave her information and everything that was needed, and they still were constantly harassing her, calling her names and giving defamation of character saying that she's someone she's not, and they just they were disregarding the whole traffic stop. It was only focused on my friend on the passenger seat. These are also the same officers that confiscated her property illegally without a warrant, probable cause or any drugs or anything two years ago, I had to take her to retrieve her property thirty days later without them giving a reason of taking her personal belongings. I feel that my friend is being targeted in this situation and previous situations without any reprimand or consequences for any actions, this should be taking seriously, and the officers involved should be held accountable for their actions I feared for my friend safety as well as mine because the officers were so aggressive, and they were name-calling as I mentioned previously something needs to be done about this and it needs to be taken seriously. Officers names and badge numbers were officer Vandervalle 8149, Reid 7870, santford 5967, Saez 6489</p>

Nature of complaint: Improper Police Procedure	
Austin Police Officers Involved: Ahmad AP9592	Unknown: <input type="checkbox"/>
Complaint: The complainant alleges: Dear OPO team, Thank you. This incident took place in the early morning hours of June 19, 2024 at 820 W 3rd St in Austin. The officers involved were Omer Ahmad and Paul Murray. Here is my complaint: "The complaint is that a sworn probable cause affidavit produced by Officers Omer Ahmad and Paul Murray contained numerous material falsehoods, misleading statements and material omissions. Officers Ahmad and Murray responded to a 911 call from my wife. I peacefully met with the officers outside of our apartment building and spoke with both officers, and my wife also had extended conversations with each of the officers. All interactions between myself and officers Murray and Ahmad, as well as all interactions between my wife and officers Murray and Ahmad, were recorded on police body cam. In connection with this incident, Officer Ahmad signed a sworn probable cause affidavit that he prepared together with Officer Murray. I was subsequently charged with a misdemeanor based on the affidavit (the charges were investigated by the prosecutor and dismissed). The probable cause affidavit states that I "did admit to hitting" my wife, that I "said that she never used force against [me]" and that "both parties confirmed that [I] was the only one being physical". These statements in the affidavit are false. I did not tell the officers that I hit my wife or "admit" to doing so, did not say that she never used force against me, and did not say that I was the only one being "physical". The body cam videos show what I actually said to the officers, which is inconsistent with some of the statements the affidavit falsely attributes to me. Among other things, I told the officers that I did not hurt my wife. The affidavit also states that my wife "said she fell to the ground", that she "said she developed a headache due to the arguing", and that she "had a complaint of pain due to [my] physically assaulting" her. These statements in the affidavit are false and/or omit information that makes them highly misleading, as my wife did not at any time tell the officers that she fell to the ground, both my wife and I told the officers that her headache was due to a cold, and my wife clearly tried to convey to the officers that she did not experience pain other than from her headache (which she

had told the officers was due to a cold). My wife also tried to clarify to the officers that I did not really hit her, which was omitted from the affidavit along with other material omissions. The account I myself gave to officers of the events that had occurred was completely omitted from the affidavit.

I believe that many or all of the false statements I pointed out above were included not only in the probable cause affidavit, but also in the offense report that was subsequently prepared. I only had a brief opportunity to glance at the offense report, but I seem to remember that the offense report also included additional material false statements that are inconsistent with my wife's testimony, the probable cause affidavit, the body cam and the photos taken at the scene.

I am aware of the existence of three body cam / dash cam videos which show what my wife and I actually said to Officer Ahmad and Officer Murray. I request that these videos be reviewed and compared to the probable cause affidavit and offense report and that, on the basis of these videos, the falsehoods and misleading statements in the affidavit, the offense report, and any other documents where such false information may have been replicated, be corrected, and that appropriate disciplinary action be taken. I also request that the body cam videos from this incident be preserved in their entirety and not be destroyed or disposed of at any time."

Thank you very much for taking this complaint. I would appreciate it if you could please confirm receipt.

I would also appreciate it if you could keep me updated on the status of the complaint and its resolution.

My phone number is [REDACTED] but please note that I will be traveling during the next few weeks and may be difficult to reach by phone.

Thank you very much.

Best regards,
[REDACTED]

Complaint: The complainant alleges: Complainant stated on 4/28/25, at 9:30 pm, while leaving 420 Club on Neches Street, she was approached by APD Officers Santeford, Vandervalk, Reid, and Saenz. She stated officers told her to leave or they would take her to jail. She stated she left and officers followed her on a golf cart. She stated she entered a friend's car and after they drove off they were stopped by the APD officers. Complainant stated at the time she was a passenger in the car and officers had no reason to contact her. She stated the officers talked inappropriately to her and harassed her by saying they were going to take her to jail. Complainant stated the same officers have stopped and arrested her for no reason in the past and she believes they are abusing their authority. One officer tried to block his badge and and refused to give his name when she asked for it.

Complaint: The complainant alleges: Driving North bound on Mopac (Loop 1) on Wednesday 4/30/2025 between 5:20-5:25am. Police officer in a SUV was in the far right-hand lane and I was driving in the middle lane. Between the Capital of Tx Hwy and Barton Skyway exits, officer proceeded to aggressively shift into the middle lane as I passed their vehicle. Their patrol vehicle was very close to my bumper, and they proceeded to turn off their headlights and shifted into day lights. Officer continued to drive very close to my bumper. I then shifted from the middle lane into the far left-hand lane, officer followed and then proceeded to turn on his headlights, in addition to his top lights (not the red/blue, but bright white light) and continued following very close to my bumper. I moved back into the middle lane as soon as I could (within 1/10 of mile) and officer stayed in the left-hand lane, turned his headlights back to normal, and proceeded to stay next to my vehicle (traveling at around 60 mph). Officer continued in this way until we were less than a quarter of a mile from the Enfield Rd. exit and then they quickly shifted into the far right-hand lane so they could exit Enfield Rd. The above highlights extremely aggressive and unsafe maneuvers by the officer, and I'm unsure why they behaved in this way. I failed to collect any identifying information from the patrol vehicle (e.g. license plate).
