Complaint Number: 2025-2230	Date of Complaint: 8/30/2025
Complainant's Name (if given):	Anonymous <input type="checkbox"/>
Nature of complaint: Delayed Police Response	
Austin Police Officers Involved:	Unknown: <input checked="" type="checkbox"/>
Complaint: The complainant alleges: On 8/30/2025 about 12 am I've made a non emergency noise complaint because homeless in the camp next to my home, on 2605 E 7th street, were having a loud party with music and screams. Nothing happened. At about 1 am I've made first 911 call, requesting police to come and restore peace. At about 1:30 am I've made a second 911 call, repeating my request. At about 1:50 am I've made a third 911 call, requesting the same. As of 2:00 am the party is still going and APD is nowhere to be seen. Not only do not they clean the camp that is at the same place of years but now they allow homeless to harass citizens. It's as if there is no police at all.

Nature of complaint: Discourtesy or Improper Conduct	
Austin Police Officers Involved:	Unknown: <input checked="" type="checkbox"/>
Complaint: The complainant alleges: Around 5:15pm on 3/19/2025, two police officers entered the Cepeda library looking for an individual -- a tall black man who library staff believe might be named David West. Police found this individual at a public library computer, where he was reportedly sitting passively and watching music videos. Immediately upon locating this individual, one of the officers drew his gun and pointed it directly at him. To reiterate: A police officer immediately drew his gun and pointed it at a passive civilian who posed no danger to anyone at the time of the incident. This individual was then arrested for "Terroristic Threat," although my understanding is that ultimately no weapon was found on his person. (Even if a gun had been found, carrying a gun is not illegal in this state.) In any case, he posed absolutely no threat when the officer drew his gun. This is a clear example of police misconduct. Library security failed to obtain the name and badge number of the officer who engaged in this unnecessary escalatory behavior. The library's incident report indicates that the "footage [of the incident] is saved on the s: drive." The identity of the officer may be obtainable via this footage. The library incident report that corresponds to this incident is: Incident Report No. 23,445. The case number provided to Council Member Velásquez's office by APD is 250780970. ---- Tell Us About Any Witnesses Do you remember any details about witness(es) you'd like to share?: Yes Witness Name: [REDACTED] Witnesses Email: [REDACTED] Witness Phone: [REDACTED]

<p>Complaint:</p> <p>The complainant alleges:</p> <p>Forwarded email from IAD;</p> <p>Dear Internal Affairs Division,</p> <p>I am submitting this complaint regarding the conduct of Lieutenant Christopher Davis during a conversation I had with him on August 20, 2025.</p> <p>I originally contacted the department's oversight line regarding ongoing harassment and misconduct I have been experiencing. I was given the option to speak with a supervisor or file with Internal Affairs. I chose to speak with a supervisor and was connected to Lt. Davis.</p> <p>During our conversation:</p> <p>Lt. Davis asked me if I had a history of mental illness, which I found dismissive and irrelevant to the substance of my complaint.</p> <p>He referenced a prior complaint I filed over a year ago and sarcastically asked me whether "someone put a bee in your coffee." This comment minimized my concerns and was unprofessional.</p> <p>When I asked if he would interview individuals I identified as being involved in the harassment, he stated that doing so would "violate their civil rights," effectively refusing to investigate or take my concerns seriously.</p> <p>I believe Lt. Davis's conduct was dismissive, unprofessional, and retaliatory, and it discouraged me from seeking further assistance through proper channels.</p> <p>Relief Requested</p>	

OFFICE OF POLICE OVERSIGHT

I request that Internal Affairs:

Investigate Lt. Davis's handling of my complaint on August 20, 2025.

Determine whether his comments and refusal to act violated department standards for professionalism and complaint handling.

Ensure that future complaints are taken seriously and addressed appropriately, without retaliation or dismissive behavior.

Thank you for your attention to this matter. Please confirm receipt of this complaint and advise me of the next steps in the review process.

Sincerely,

Complaint: The complainant alleges: This message is from [REDACTED] . [REDACTED] To Chief Lisa Davis, My name is [REDACTED], Saturday August 16th at noon there was an incident in the 9500 block of Brodie Lane. My wife, grandson and I were driving northbound approaching a one lane closure due to construction in the right lane. As we slowed down to pass the construction a Hispanic male we thought may have been homeless wearing no shirt aggressively walked towards our vehicle and with his fist hit the passenger side window breaking the glass and damaging the mirror case. As my wife was pulling over to the side of the road to figure out what just happened, she sees the male in the review mirror running towards our vehicle, at that time I dialed 911 and explained what just occurred. The operator took my information and said she would dispatch an officer. We drove away before the male could reach us; we waited several minutes and drove back north to wait for an officer. We parked on the side of the road with our flashers on hoping the officer would arrive soon. As we sat there, we witnessed the male acting aggressively towards other vehicles and saw him kick and hit more cars. After a few more minutes we noticed him open the door to a work truck parked in the construction site closed lane and put on a neon-colored work vest, minutes later as he started to collect the orange cones off of the street, he saw us parked up the road and started to run towards our vehicle yet again. I called 911 AGAIN! the operator assured me there were 2 units on the way. We drove away as fast as we could through the Randalls parking lot until we could no longer see him. We hid behind the bank on Brodie and Slaughter hoping to see a police officer in the area and no one arrived. 50 minutes later we decided to leave the area once we noticed he and his work truck were gone. I am a 4th generation Austinite, I have lived in ATX all my 63 years on this earth. I have never been so terrified in my own city. My grandson laid flat in the backseat thinking he would be shot that day! Honestly if he were not in the vehicle with us things might have gone terribly worse. I am not one to scare easily. With that said I am seriously thinking of buying and carrying a gun after this incident. I am writing to ask WHY no officers showed up to help us and other motorist that called in about the same guy. If you can listen to my recordings of the calls I placed you will clearly hear in my voice I mortified I was. This guy needs to be taken off the street, if I knew the company he worked for, I

would call and get him fired or at least have him pay for my \$1000 mirror! I am ashamed of our Police Department after receiving so many calls from me and other callers about this crazed man. The City of Austin is committed to compliance with the American Disabilities Act. Reasonable modifications and equal access to communications will be provided upon request. AND being lied to that 2 units were in route. I have seen and read how you will have more officers on our streets and safety is your number one priority. I pray that you will make the changes very soon before we have more incidents that lead to serious injuries and deaths. I have photos of this maniac if you would like to see them unfortunately, I could not get a clear license number fear of getting too close to him.

Complaint: The complainant alleges: I have filed 311 complaints about very loud music coming from my backyard neighbors for more than 6 years now. I have asked for officers to call me back in the time block that the code requires between the hrs of 8am-10 pm..per city requirements:APD Non Emergency will review your request and call you back within 6 hours. However, Non Emergency callbacks are not made between the hours of 10pm and 8am. If your callback timeframe falls between those hours, you will receive a callback the following day after 8am. Austin Police Department will make 2 attempts to contact you. I have not received any follow ups but I have recieved calls anywhere between 1:30am-3:30 am. This issue persists and Im not the only neighbor disturbed by this. The other neighbors are just too scared and intimidated by the neighbor. The APD are not responding to these types of calls yet we are tax payers looking for some peace of mind and trust with our APD. its not happening. There has been NO solution to the same problem for 6 years. 09/10/2025 09:01 AM The complainant adds that an officer did respond once to her complaint, but it was by telling her colleague that it wasn't his job and that the complainant was uncooperative. The complainant stated that was not true and unprofessional.

Complaint: <p>On sept 4th at 3:54 pm I made a call to 911 for help.</p> <p>4 individuals were at my front door threatening to assault me and one of the females had pointed a gun directly at me</p> <p>I told the operator I no longer heard the people outside the door and I was going to meet officers in the front office at the reserve at springdale.</p> <p>An officer arrived at [REDACTED] and met with me in the office I explained to him the situation and the history between me and the female who had pointed her gun at me [REDACTED]. I explained she had a prior history of pulling guns on me and threatening my life.</p> <p>That prior case number was D-1-DC-24-201672 and case incident 24-9005501</p> <p>I even had to make a police report the day before for theft because my license plates were stolen off my car after [REDACTED] was yelling profanity at me while I was in the parking lot of the [REDACTED] 2025-9022687</p> <p>I was pretty shookin up about the gun being pointed at me and was literally shaking with fear and my adrenaline was high my heart felt like it would burst i was frightened. When the officer asked if I had witnesses I forgot to tell him the only witness was my son whom I was on the phone with when the situation started. He heard her screaming at me and threatening me. My call log and texts from my son will verify this and you will see I called 911 soon after. The officer located [REDACTED] took her to the side interviewed her and the 3 individuals who had been at my door threatening an harrassing me. I waited in the office and the first officer came back and told me what I already knew... They couldn't find the gun so no gun no evidence, and she had the 3 individuals who had been at my door threatening me along with her. they obviously lied and hid the gun for her.</p> <p>The officer said to please call if I need help but they couldn't do anything about this gun. I understood.</p>	

OFFICE OF POLICE OVERSIGHT

A second officer (officer Miles) walks out off the front office and stares at me angrily and says I am wasting city resources and he thinks I'm lying and is filing charges against me for filing a false report. I couldn't believe what I was hearing. It was bad enough a gun had been pointed at me but I couldn't believe that the people I called for help would flip this around on me and then file charges against me.

I had previously explained to the first officer [REDACTED] has a history and had pointed a gun before on my ex boyfriend and threatened to shoot me on multiple occasions. She had been found with the gun on her and was charged with a felony aggravated assault with deadly weapon. She recently had the case dismissed because my boyfriend hadn't pursued charges and I thought she learned her lesson.

I feel officer Miles definitely needs some more training and especially on dealing with the public and being professional.

What he did filing a report on me and what he said to me was beyond cruel especially when I have been dealing with this harassment and stalking for almost 2 years now.

This is a issue of safety and that reaction towards me as the victim was cruel and severely unprofessional.

The first officer to respond did so much better handling a delicate situation and was careful and considerate with his words. I definitely appreciated his assistance but I can't believe you all have an officer like Mr Miles even serving the public, he was awful. I would hate for him to ever respond to a call for help from my loved ones because he didn't seem well responding in such a manner.

Thank you.

The complainant alleges: <p>As the victim of persecution with substantial discrimination around professional and personal areas, I declare in compliance at the ADP, Texas Highway Patrol on jurisdiction to reduce deprivations. Instead, I was deceived on police accountability hiding real facts of its contaminated relationship with John, a stimulant to food starvation, food poisoning, data breach, personal robbery with all my documents taken away, used to Scientology's commercial edge, also for immigration infliction cause. Whenever I came to ask to prompt an action to overcome homelessness with underlying cause known to the police, I was denied fair and equal representation on behalf of the the Church of Scientology or, and its affiliates/a cult with evident John's membership. Texas Highway Patrol admitted having jurisdiction but neglecting me to favor John. For the reason of direct discrimination and gaslighting experience amongst authorities, I should be granted retribution for punitive damages, the law enforcement in compliance and corruption has led to, regardless constant invalidation of severity of the crime. Corruption, facts hiding or invalidation under secrecy, constitutes an unlawful merit. Anytime seeing hurting consequences of conspiracy theory with clearly identified violence, stalking, food deprivation, employment discrimination, streets belittlement, food poisoning kept in secrecy, the police officers can act upon. Otherwise it only extends the crime and deepens complexities for the homeless. Within a time specific timeframe, I would become a standard homeless person under entire different causing effect. That, can't be happening. No secret society or a cult has more authority on the individual rights. Entire propaganda, cults validation were conducted unlawfully in Austin Texas.</p>

Complaint: The complainant alleges: He has made several reports through 311 about his neighbors. The police haven't assisted, and they never call at a reasonable time of day regarding follow up on his reports. They have told him they are busy dealing with violent crimes and cannot do anything about his neighbors. One of the report numbers is 25-00280202 which was made 3 weeks ago. He has also been trying to contact his District Representative regarding these complaints because there is no one else who can fine these neighbors for some of these violations. He is frustrated that there is no recourse through the police department or the city to address his and other neighbor's concerns.

Complaint: The complainant alleges: On March 28, 2022, Officer Jeff Kingsley and a female who I later learned is his new wife, showed up unannounced at my residence in Peoria, Arizona where I live with my parents and brothers. They followed me in a car as I rode my bike to school at 6:30AM. Later that day they showed up at our house, where I told him with the Peoria Police present that I wanted no contact with him. There is a police report from that day showing they were cited for trespassing and a Judge gave us an Order of Protection against him and his wife. Officer Kingsley is my biological parent who voluntarily gave up his parental rights in 2014. I have not seen him in almost 12 years and have no social or legal connections to him. My father is [REDACTED] and my birth certificate reflects that. After this disturbing incident, I made sure I had both him and his wife blocked on my social media platforms. On June 27, 2025 Officer Kingsley's wife requested to follow me using a new social media account that I didn't have blocked. I responded within her message request that I did not want to be contacted and told her to stop. Officer Kingsley then responded to my request for no contact and wrote derogatory and inflammatory statements to which I again stated that I do not want any contact with him and to stop. Officer Kingsley said that he could not respect my wishes for no contact and will not stop. This continued attempt at contact is causing me stress and anxiety. I am worried he is going to continue to show up where I live, where my family lives, or any future place I am employed.

The complainant went in to let the officer know the car was still running and to ask them to turn it off. When he asked the officer to turn it off, the officer said he didn't like the way the complainant approached him and asked him to turn the vehicle off. The officer told the complainant he didn't like his tone of voice. The complainant apologized and told him he wasn't trying to be disrespectful, and that he had suffered a stroke and this was the way he talked. The officer told him he should get his ass kicked. The officer continued to argue with the complainant about turning his car off. The officer was rude and confrontational pointing his finger in the complainant's face. Other officers were there, and no one intervened or told this officer to cool off.

Complaint: The complainant alleges: Dear Austin Police Department, I am writing to formally file a complaint regarding an incident involving one of your officers on the afternoon of September 11, 2025, near the 1500 block of W Koenig Ln, Austin, TX 78756. My wife and I were accompanying our 13-year-old son to a [REDACTED] in that area when a water main break occurred, resulting in significant flooding and the closure of Koenig Ln at both ends. While our son was in session, my wife and I stepped outside and spoke with a courteous officer who advised us to exit via Joe Sayers Ave. Upon leaving, we were in two vehicles and proceeded cautiously. There were cones partially blocking Joe Sayers Ave, but a small gap allowed us to follow the officer's suggested route. My son briefly exited the vehicle to adjust a cone to pass through, then replaced it. At that moment, another officer—later identified as Badge #7307, Last Name: Hutchison—began yelling aggressively from approximately 100 yards away. He approached my wife and son in a highly confrontational manner, shouting and gesturing in a way that was alarming and disproportionate to the situation. I slowly pulled toward a nearby parking lot and rolled down my window to speak with him calmly and clarify our actions. He did not acknowledge me or make eye contact. Instead, he continued yelling at the top of his lungs, angrily shouting, "GO THROUGH THAT PARKING LOT," while flailing his arms in the direction of the lot at Woodrow and Koenig. I responded sternly, telling him he was approaching my wife and son in an aggressive manner. He did not reply and continued marching toward them. After he had confronted my family, I parked and got out to request his badge number and name. He refused to engage, continued walking, and only barked his badge number and last name while moving away. Even as I walked on the sidewalk toward him, he moved into the street and ignored my attempts to speak. His tone and demeanor were not only unprofessional but also frightening—especially for a child. At no point did he attempt to de-escalate or explain the issue. This experience was deeply upsetting for our family. We understand the importance of maintaining safety during emergencies, but the officer's conduct was aggressive, intimidating, and unacceptable—particularly toward a minor.	

OFFICE OF POLICE OVERSIGHT

This was a water main break, with a child involved, on a simple street closure, in broad daylight on a pretty day in ATX, and a family trying to figure out how to peacefully and lawfully proceed. I have never had a problem with APD, quite the contrary. I have historically been a big fan. Very nice, very respectful. We respect our APD and donate. This was widely unacceptable. I respectfully request that this incident be reviewed and escalated. I cannot imagine how this office would behave in an actual tense or dangerous situation where a calm head is needed even more.

Complaint: The complainant alleges: They pulled in to an open parking spot at Barton Springs. When they got out of the car, someone started chatting with the complainant. The complainant stated there was a police officer there monitoring the people the complainant was interacting with. The officer told the complainant to come over. The complainant asked why. The officer said that the complainant was being detained. The complainant refused to answer some questions, then stated the officer rushed them and put them in handcuffs. They were then let out of the handcuffs. The officer then harassed the woman that the complainant had been talking to. The complainant walked away into a field and heard their friend screaming "f you, f your laws, f your demonic rule," and yelling at the officer that he was harassing her. The complainant heard and saw the officer tell her that if she didn't stop yelling, he would arrest and tase her. She started running and he shot the taser at her and tackled her even though she was just 80 lbs. Then an ambulance came and took her. The complainant is concerned that their friend was unlawfully arrested, and that the officer used way too much force with her.

Complaint: The complainant alleges: She was at a garage sale loading items into her car. Some people at the garage sale told her she could not have those items and tried to take them away from her. They proceeded to argue about the items. The complainant felt she had already claimed these, so they were hers. A man and a woman approached her took the items out of her hands and pushed her backwards. The woman began butting the complainant with her belly. The complainant called the police at that point. They both called the police 5 or 6 times. The people asked her to leave the property. They continued to argue and the argument became physical. Officer Wilson showed up and just stood there staring at the complainant. He asked if she could get up and she explained that she needed help. He helped her, and briefly spoke with her, then went and spoke with the other party and some bystanders. They all felt she was being the aggressor. She said she wanted to press charges, but the officers didn't take her side of the story. He hadn't even asked if she had a video or anything and made his decision based on what the people who allegedly assaulted her said. Officer Edwards showed up and spoke with the complainant and trespassed her. She feels she was discriminated against as an elderly woman, that she was the victim and that the other people should've been arrested for assault instead of let go. 252490692 CTN 252490783 Officer Wilson 9589 Officer Edwards 7296

Complaint: The complainant alleges: Her 18-year-old daughter was dog sitting at her friend's house. She heard someone trying to attempt to open a window from the outside of the house. She heard people talking outside and said she heard someone say her name. She hid in the bathroom and called the police. She let the dispatcher know she had a handgun in the bedside table, the dispatcher let her know to leave her handgun in the dresser until the police arrive, so she did. Two male officers arrived and tell her to come outside with her hands visible. The officers looked around the front and back yard but did not go into the house or tell her anything about their search. She felt their line of questioning would indicate that she was hearing things and may be mentally unstable. They questioned her about her medications. She also disclosed to the dispatcher that she had two ex-boyfriends who had displayed stalking behaviors, so it was a real possibility of danger, but the police were focused only on her mental state.

Austin Police Officers Involved: Samuel Travis (AP7257)	Unknown: <input type="checkbox"/>
Complaint: The complainant alleges: Subject: Formal Complaint Regarding Officer Misconduct – Incident on 9/14/25 To the Austin Office of Police Oversight, I am filing a formal complaint regarding the conduct of two Austin Police Department officers (hereafter referred to as Officer Bredja 7286 and Officer Travis 7257) who responded to my call for assistance on Sunday, September 14, 2025, at approximately 9:00 AM. Summary of Incident On that morning, my elderly parents and I were harassed by a neighbor after our 9-month-old puppy accidentally slipped out of the house. The neighbor aggressively pounded on our front door three times at 8:30 AM, despite the presence of two doorbell cameras. When I answered, she became confrontational, stepped inside past the doorway, and lunged toward me in a threatening manner. I feared she intended to attack me. Because of this behavior, I called APD for assistance. However, instead of addressing my concerns about the neighbor's harassment, both officers dismissed my statements, treated me as the "culprit," and demonstrated unprofessional bias. Officer Misconduct Dismissive and Derogatory Remarks: When I explained that the neighbor woke me up by pounding on the door, Officer Bredja 7286 sarcastically responded, "Oh, so she woke you up from your beauty sleep?" Such language was unprofessional, mocking, and dismissive of my legitimate complaint. Threats and Bias:	

OFFICE OF POLICE OVERSIGHT

Officer Bredja 7286 warned that if he had to return, he would issue a citation and impound our dog. This was unwarranted since this was the first incident where I called the police for help against this neighbor's harassment.

Our puppy is non-aggressive, trained as a dementia assistance dog for my 84-year-old mother, and has not caused injury or property damage.

Unequal Treatment:

Officer Y told me that I was not allowed on the neighbor's property for one year and could be arrested if I entered. I had never been on the neighbor's property — I was on the public sidewalk escorting my mother home. This threat was unfounded and intimidating.

When I asked why similar restrictions were not placed on the neighbor — who had trespassed onto our property and acted aggressively toward me — Officer Travis 7257 deflected and said it was “up to my parents.” I explained I hold power of attorney for my mother due to her Alzheimer's/dementia and was speaking on her behalf, but the officer dismissed this.

Unnecessary Demand for Personal Information:

Officer Travis 7257 demanded my full name, date of birth, and phone number, without cause, making me feel targeted. Given my Asian background, I could not help but feel this was an attempt to profile me and search for reasons to criminalize me (such as hoping to find warrants or immigration issues).

Context

The neighbor falsely claimed the dog “chases children daily.” This is not true — our puppy is friendly, playful, and has not gotten out in over two weeks due to precautions we have taken.

Other neighbors have confirmed the dog is friendly and have been supportive, in contrast to this family's ongoing harassment.

The neighbor's husband has previously confronted my stepfather in an abusive manner.

Request for Review

The officers' behavior was biased, dismissive, and unprofessional. They appeared more interested in intimidating me than in addressing the aggressive behavior of the neighbor who trespassed onto our property.

I request that your office:

Review the officers' body camera footage from 9/14/25 at approximately 9:00 AM.

OFFICE OF POLICE OVERSIGHT

Review our doorbell camera footage, which clearly shows the neighbor's aggression and trespassing. (To be provided since file is too large to email)
Investigate the officers' conduct for bias, misconduct, and possible profiling.
Provide a written response on findings and actions taken.

Closing

I called for assistance to protect my elderly parents from harassment, but instead, I was mocked, threatened, and treated unfairly. I am requesting a full investigation into the handling of this incident.

Sincerely,

[REDACTED]

The complainant alleges: <p>I am filing a formal complaint regarding an Austin Police Department officer, Terell Ellis Lemar, who has made public social media posts that I believe are inappropriate, unprofessional, and reflect poorly on the Austin Police Department.</p> <p>On or about September 12, 2025, Officer Ellis Lemar published Facebook posts mocking and denigrating the assassination of Charlie Kirk. In these posts, he described Kirk in inflammatory language and made statements that minimize or justify the act of assassination. The officer's commentary was political, disrespectful, and unbecoming of someone entrusted with public safety and impartiality.</p> <p>This type of behavior undermines community trust in the Austin Police Department and raises concerns about the officer's ability to serve the public without bias.</p> <p>I request that the Office of Police Oversight investigate this matter and take appropriate disciplinary action. Screenshots of the posts are attached as evidence.</p> <p>Thank you, Concerned Citizen</p>

Complaint: The complainant alleges: Her daughter has a friend who is in serious trouble and being harassed by her mother. Her daughter loaned her friend the complainant's phone under the condition that the phone number not be given to the woman who was harassing them. Her daughter has been receiving threats on her phone and received texts saying that her property was going to be thrown out and her animals would be harmed if she did not go to the house and get them. She called for a police officer escort, so that she could go to the address and safely retrieve her items. Two officers responded. The male officer was described as a short, young, Asian man. That police officer volunteered the private phone number, the only phone number the woman harassing the two young women did not have yet, to the woman. They called the police to escort them to this home to keep them safe from this woman, and the police made it worse and volunteered this private phone number to her.

Austin Police Officers Involved: Kirchberg AP9241	
Unknown: <input type="checkbox"/>	
Complaint: The complainant alleges: I just got into Austin Texas coming down 35 heading south there was no police presence around me at all I hit the exit and I think the exit was 5th Street, I was headed to my destination, for meeting and I saw police lights flash in behind me. I follow procedures and put on my cautions lights like I would do if I was in my 18-wheeler and I pulled to the side. He walked up to the car and asked me how I was doing. He said it was just a routine check so he asked me for my license and registration. Then he walked around to the front of my car and said [REDACTED] was not on the front of my car. And why and I told him that I just recently had got into an accident where the car hit and run and he broke the front part of my car. and that I had my plate in the car and the paperwork for the incident. The way he went to the front and check and never said why he pulled me over for that at all it was like he was surprised they didn't see a plate. So to me it seem like he did not know that I did not have a plate because if he did he would have said that when he first walked up as procedures. He was never in the front of me nor the side of me driving his car I never seen him at all until I got off exit . so he just seen that I did not have my plate on the front of the car and I told him somebody hit me and I do have the plate in the car. He asked us did we have anything else I said, I have my guns in the car and I also have a license to carry if he needs it. My friend [REDACTED] said that he also had weed in the car. Kirchberg 9241 say it just give it to us we're not going to take you to jail for a little small amounts of weed we're not going to take you out to jail, at all is what he stated. I did not know he had weed in the car until that moment. They said they was not going to arrest us and I told him the weed is not mine and [REDACTED] told him that the weed was his and I did not know that the weed was in the car, which I did not know until then. The police officer kirchberg 9241. Ass asked could we willingly get out the car so he can check the car for my guns the guns was concealed he could not find the guns I had to tell him where my concealed guns was, his partner pulled him over to the side and said they don't have anything let's just go. He said hold on and he kept saying I am not going to arrest you where did you get the drugs from I said we came from Dallas I didn't say I knew where he got the drugs from. [REDACTED] said he had the drugs he did not ask Mr Carrington anything else after that and he told [REDACTED] that he want me to speak. He was not recording at the time he did not	

OFFICE OF POLICE OVERSIGHT

read me my rights he said he was not going to put me in jail because I was following the rules respectfully. Then he pulled me to the side and asked me to get on recording and let him read me my rights again he said he was not going to put me in jail he just forgot to Read me My Rights. So I said okay and he cut the recorder on and he Read me My Rights but before he did that he asked me to just tell on camera where I came from and that I had weed in the car and he also said that he was going to ask me where I got it from even though he knew it was not my weed just tell him where I got it from on camera and that was it. After I told him that he told me he was going to put me in jail for unlawful carrying of a weapon because my guns was not in the holster but my guns work in the holster hidden away out of eye and visual both guns. As required procedure of having a gun. They told me my homeboy can take the car or he can tow the car and we both go to jail. I did not know that [REDACTED] did not have any license and they seem to not have checked to see if he had any license but they let him get in my car rolled off. Then when they put me in the police car, he told me kirchberg 9241 told me that he was sorry but he sent me up so he can get my guns. But at the beginning he was being nice. But did not give me a reason why he pulled me over. And I do not think he was recording anything when he did it. He opened my door without my permission told me that I was a big dude and he wanted to check my car and put me in handcuffs in front of all those people, so I respectfully stepped outside my car and let him go in my car because I had nothing to hide. His partner on the side Marr 8928 kept saying that my record is clean and I don't have any issues let us go, but he kept saying hold on I'm going to see something he was not recording please check the recordings of this incident, he put me in the front of the police car jumped all over my seats asking me where my guns are and I told him they are in the car it took him 5 maybe 10 minutes to find the guns on his own, what he did was very unnecessary I'm a hard-working man I pay for my guns I have no records I have the right to carry my weapons in my car I also provided an affidavit notary stamped from [REDACTED] stating that he said at the beginning that he had the weed in the car and I do not know anything about it.

As she was doing her pick-up, a white man mid to late 30's around 5'5 of 5'6 with brown or burnt orange hair approached her in the warehouse, identified himself as an Austin Police officer and flashed his badge. and mentioned he was a courtesy officer for the Met Apartment complex. He asked her for her information, and she said no. He asked her if she was doing deliveries at that apartment complex. She said yes, and he told her she cannot go back to the property, or she would go to jail. He was accusing her of delivering an empty box and stealing a package. She was told the leasing office told him that. She was at work, so she left. He kept repeating that if she did go back, she would go to jail.

Complaint: The complainant alleges: A man was following him around the HEB off of Rundberg and N Lamar. He turned around twice telling the man to stop following him, one time holding a knife to the side of his leg that he planned on using but did not. An officer arrived and he tried to explain that the man had been following him. The officer did not believe him and was under the impression the complainant and man were walking together through the store together. The officer went to watch the store's footage, returned and stated that he saw the complainant and man walking side by side in the footage. The officer arrested him for Aggravated Assault with a Deadly Weapon and told him he could not return to the premises for a year. The complainant could not recall the officer's name or badge number. The complainant believes he was wrongfully arrested. Additionally, he feels that the officer did not actually watch the footage because he was not walking with the man through HEB.

Complaint: The complainant alleges: I called 911 dispatch to file a stolen vehicle report on 9/16/25 at about 10:30pm. I informed the 911 dispatch person, a lady, that I was home and had been back from my job, when I noted one and half hours later that my car was not where I had parked it. It was gone. I told the dispatch that I called our apartment complex towing company to ask whether the car had been towed. 911 dispatcher knew my license plate and that the car had been towed. My car has been registered at the same apartment, since July, with all updates sent to the management there. 911 dispatcher decided to tell me that an officer cannot call me over the phone, or be there to take my stolen vehicle report. She then said that I should - go and pick up my car at 10:30pm, pay the fee of whatever amount, and file a complaint with 311 to receive a refund. I told her no, and proceeded to file a lawsuit. Austin police department, because of this refusal to take my report that evening, is also named in another lawsuit. As of today, I will not be redacting this lawsuit. If my car, a 2025 Toyota Corolla that was parked and later found absent from its place, then that by definition is theft. Whether your 911 dispatch thought so or not. I am only saying this to you because I have called the district attorney's office to let him know my lawsuit is going to be filed. I want to let the office of oversight know that I can file a stolen vehicle report and there is nothing preventing me from doing so. 911 dispatcher should know better than that and do the right thing. As of now the towing company could have damaged my car, and they have not been questioned.

Complaint: The complainant alleges: Hello. I just wanted to make you aware of a female police officer who was in full APD uniform, driving recklessly through neighborhoods and speeding around cars through a school zone. First, she blew through a stop sign in our neighborhood and almost t-boned me and my children. After that, she proceeded to speed around a car who had slowed down in a school zone, and then got in line TO DROP OFF HER DAUGHTER. Such careless behavior with a child in the car. I was unable to get her badge number because she never rolled down her window when I confronted her, but she was driving a black Ford Bronco with TX plates WGZ3814 and lives in Kyle, TX. As I previously stated, I just wanted to make you aware of this behavior since I doubt this is how you want someone representing the Austin Police Department. Thank you for your time. Today, 9/19 at 7:13am. The stop sign she blew through was at Siebert Drive and Kristen Drive (Kyle, TX 78640). And the school zone she was speeding through was on FM150 in front of Wallace Middle School.

The complainant alleges: <p>I want to preface this letter by stating that I have never submitted a complaint on a police officer before and would not do so if I didn't feel that it was warranted or if the conduct was not egregious enough to be a poor representation of the City of Austin or residents of Texas. As the son of a previous Texas Highway Patrol Officer, I understand the role that law enforcement plays and respect the difficulty of the position. However, what I encountered on Saturday, September 20th was the egotistical behavior that gives police officers a bad reputation and quite frankly leads to situations that escalate beyond a simple traffic stop.</p> <p>On Saturday, September 20th, we traveled to Austin, Texas to attend the University of Texas football game. Since we aren't from the area, we were not familiar with the roadways (or closures) and the mapping software for the trip was apparently not updated. We purchased a parking permit for Lot 37 located on the northeast corner of Red River Street and Clyde Littlefield Drive. Initially, the Apple Maps software directed to exit on the I-35 service road and turn North onto Clyde Littlefield Drive. When we arrived at that intersection, it was blocked so we asked a police officer which way he would recommend driving. He was extremely respectful, and helpful and told us to get back on 35 headed south, then do a U-turn, and exit at the Dean Keaton Street Exit. We followed those directions.</p> <p>The merge ramp from the Dean Keaton service road to the intersection itself is 149 feet, which is extremely tight, especially with gameday traffic. (See Attached Image)</p> <p>We had our blinker on to turn to the left and merged from the on-ramp across two lanes of traffic following numerous cars who were following a similar pattern. The driver of a car sitting in the turn lane motioned that we could merge in front of them, which we did with this occurring very close to the intersection. As we went to turn in the intersection, a large group of pedestrians were walking South to North across Red River Street, so we were forced to stop in the intersection.</p>	

OFFICE OF POLICE OVERSIGHT

While we were waiting for the pedestrians to clear, the light turned red, and we were caught in the intersection waiting for the pedestrians to clear up so that we could finish the turn. Officer Chris Luedtke, APD7707 was sitting on a motorcycle headed south on Dean Keaton and was one of the ones forced to wait (<5 seconds) since we were in the intersection waiting for the pedestrians to clear. In hindsight, we should have just went further down Dean Keaton and found a way to turn around but we did not anticipate that a large group of pedestrians would be crossing the crosswalk at that moment directed by an additional traffic officer (not using crosswalk guidance signals) and obviously the most important thing to me in that moment was the pedestrians. If the pedestrians were not there, we could have easily cleared the intersection.

Ultimately, we received a citation for
- Entering Blocked Intersection (Court Code: 02820)
- Improper Turn – Unsafe (Court Code 01140)

Although I do feel that there was not a citation warranted in this situation (especially being that us being safe and looking out for pedestrians is what caused it), the main reason that I am drafting this letter is what happened next. Officer Luedtke turned his lights on and I asked him where that he would like me to pull over and he immediately began yelling and advised that I park in the opposite lane (see drawing below).

From the moment he walked up to my vehicle, Officer Luedtke was disrespectful, condescending and extremely confrontational. I asked him what I was supposed to do in that situation because of the pedestrians (who were technically J-Walking) and he wouldn't give a clear explanation nor was he willing to help explain or discuss the situation. I would highly encourage management to review his bodycam footage as I don't believe this is how the officer is trained or what is expected within Austin Police department. The behavior could cause situations to escalate if the parties who were pulled over did not handle it in the way that we did.

We are debating hiring an attorney to handle the traffic situation as well as the reporting for this type of behavior of Officer Luedtke.

Complaint: The complainant alleges: n September 22, 2025, at 10:41 AM, I called 911 to report a break-in of my vehicle and informed the dispatcher that I had the suspect in sight. I stated that officers needed to respond quickly because I was armed and the suspect was fleeing on foot once he realized I was following him. While I remained on the line, the dispatcher repeatedly questioned me about the type of weapon I had, which I believe was irrelevant to my report. She then stated that officers would draw their weapons on me if I did not provide that information. I find it unacceptable and unprofessional that, while reporting a crime, I was treated as though I were the criminal. Being threatened with officers' weapons for exercising my right to report unlawful activity is deeply concerning. I am formally requesting that a complaint be filed regarding this incident. The complainant alleges: <p>She called the police because she was having a domestic dispute with her husband. Two officers arrived and separated them. Her husband was drunk, and she needed him removed from the home. She thought they would take him to jail for the night. The female officer was assigned to speak with the husband. A male police officer was taking the complainants side of the story. The complainant felt like the officer she spoke to was being rude and dismissive. She expected them to take her husband away from the home. They told him he needed to go with them and go to a hotel but didn't say he needed to be gone for any certain amount of time. They could not tell him how long he needed to be gone because it was his house too. They asked if he had hit her, and she wasn't sure she wanted to disclose that. She said she didn't understand why they wouldn't just take him away for the night. She asked if she said that he hit her, they would take him. The officer then told her that if she lied and filed a false police report that would be a problem. She felt the only choice she had in this situation was to say she was hit or that he would come back. She felt intimidated by the officer's response. The other issue is that the officer also said, "you've got a really nice house, how many square footage is it". She looked at the officer and was confused why he would be asking that in the middle of this high-tension situation. She felt it was inappropriate and unhelpful.</p>

Complaint: The complainant alleges: On 9-21-2025, at approximately 4:50 pm , I was performing an oil change on my sister's car parked at The Marshall apartments . After finishing the oil change, I stood up from under the car. My sister, who was present, asked me, "Who is that?" I responded, "That's the police." At that point, approximately five police officers emerged from around my truck. They aimed firearms at me, including AR-style rifles, pistols, and shotguns. The officers ordered me, and only me, to the ground. I immediately complied with all commands. While I was lying on the ground, officers approached me with their firearms pointed at my head and ordered me not to move. They then proceeded to search my person without stating any crime they suspected me of committing. After the search, I was placed in handcuffs. Once I stood up, Officer Gutierrez (#8906) shoved me (I have video evidence of this). While in handcuffs, I invoked my Fifth Amendment right, requested a supervisor, and asked for an attorney. Despite this, officers continued to question me and refused to let me sit down, even though the handcuffs were cutting off circulation to my hands. I have photographs taken approximately 10 minutes to 3 hours after the incident documenting the marks left by the handcuffs. I was eventually released without charges after multiple witnesses told the officers that I was not involved in any incident and had simply been working on a car. Evidence Available: <ul style="list-style-type: none">• Video showing Officer Gutierrez pushing me.• Photographs showing hand/wrist injuries from handcuffs.• Witnesses willing to provide written statements. Summary:

I was detained, searched, and placed in handcuffs at gunpoint without being informed of any suspected crime. I was denied access to a supervisor and attorney despite invoking my rights. The use of force and detainment appear to have been unlawful.

Someone needs to look into the practices of the Chief of APD who brought in Maris as well as Maris and her significant other. This is an obvious conflict between Maris and the city. Chief Davis has only brought her friends into the city to work and receive contracts for their families. Somebody please investigate this and hold them accountable.

Austin Police Officers Involved: 6139 - Connelly, Corey;	Unknown: <input type="checkbox"/>
The complainant alleges: <p>To Whom It May Concern,</p> <p>I am filing this complaint regarding the handling of APD Case GO# [REDACTED] (Assault with Injury). The case was originally suspended by Detective Corey Connelly on September 21, 2022. Recently, I contacted Detective Connelly for a status update, and I was informed in writing that the case is "past the statute of limitations" and will not be further investigated.</p> <p>That statement is legally incorrect. The incident occurred on September 15, 2022. Both Assault with Bodily Injury (felony, by use of a motor vehicle as a deadly weapon) and Failure to Stop and Render Aid with Injury are felony offenses with a three-year statute of limitations under Texas Code of Criminal Procedure Article 12.01(7). The limitations period therefore remains open until September 15, 2025. As of today, the case is still timely and eligible for prosecution.</p> <p>By advising me otherwise, Detective Connelly provided me with inaccurate legal information that could have deprived me of my rights as a crime victim under Texas law. The Texas Code of Criminal Procedure Chapter 56 guarantees crime victims the right to be informed of criminal justice procedures and to receive accurate information regarding their cases. Suggesting that prosecution is barred when it is not could constitute a violation of those rights.</p> <p>The original evidence in this case demonstrates reckless conduct under Penal Code §22.01(a)(1): the driver reversed a vehicle while I was standing near the wheel, causing a crush injury later diagnosed as Complex Regional Pain Syndrome (CRPS). The passenger instructed her to back up despite my presence and later to leave the scene. Both then failed to stop and render aid as required by Transportation Code §550.021. These actions are prosecutable felonies and remain within the statutory time frame.</p>	

OFFICE OF POLICE OVERSIGHT

I am requesting that this complaint be reviewed by Internal Affairs and/or the Office of Police Oversight, that the case be escalated to supervisory review, and that appropriate corrective action be taken to ensure that victims are not provided inaccurate information about their cases.

I remain willing to provide medical documentation, expert reports, and video evidence in support of prosecution.

Please confirm receipt of this complaint and advise me of next steps.

Complaint: The complainant alleges: 9/25 APD was called to LASA highschool to investigate an assault on a student by her father that occurred on Tuesday 9/23 at her home and was reported by female student friends to the counselors because of their concern for her safety. They had heard it from the girl, [REDACTED], on the day of the attack. I was picking my son , her boyfriend , up early from school at 3:30 because he was not feeling well when his girlfriend found out her friends had told the counselors and she was crying that people knew . A whole ordeal happened and she and my son ended up with the counselors . They then asked him if he had any knowledge of this. He had taken photos of her injuries and had been begging her to tell someone but she refused and was adamant that he should never tell. We had insisted she at least go to the counselor the day after it occurred 9/24 to seek help . She would only reveal that her father was verbally abusive. But now since the others had told , my son verified that it was true and told them what he knew of the incident and many instances of her father hitting her . On the day of the incident at around noon , she had walked to the library and contacted my son, her boyfriend of 11 months , as well the other friends , right after the assault happened . She was distraught and she was locked out of the house by her father : barefoot with no phone or money or food or water. All the kids were alarmed and concerned, as was I , upon hearing of it. We tried to locate her, but the library had asked her to leave due to her lack of footwear., so we only found her brother who was also locked out and waiting for his mom to get home from work before returning home . He did not know where she was . We found out she was able to find a fiend and then we attended her volleyball game later that day to see if she was okay. She arrived late after finding a friend to give her a ride She is on varsity and never misses , never is late , but she had no way to get there. My son photographed her injuries from the attack immediately after the game . No injuries or rough contact of any kind occurred during the games . I had called the counselors yesterday and asked them to do a wellness check on her due to "difficulties " at home and stated that she needed support , but I had not reported what I heard on the day it was occurring b/c she begged us not to. She NEVER tells . She reports to my son this bas	

OFFICE OF POLICE OVERSIGHT

been happening for years and she just wants to make it until she is 18 and can leave because she does not want to upset the lives of her younger siblings who are not hit .
Officer Brandon Marini Badge # 10079 and several others were called to the school when her mother arrived at the school at around 6pm . I have no idea why, they were called . Up until that point we had been waiting to see how [REDACTED] was because she was in talking with counselors and we had been asked to show the campus police the injury photos my son had taken. We showed them and told them what we knew of the incident and waited worrying about what would happen now. We did NOT want to be identified or in contact with the mom so we then waited more. We were told repeatedly that a CPS report had been made and any info we provided would be anonymous . I do NOT want my child known to those parents .

After a school official told us she and [REDACTED] had left , we walked out and Officer Marini , alone, swiftly approached us in the school hallway and asked if we were the ones who had filed the complaint. We said we were not , that we had just provided information when asked by the counselors . He informed us that when questioned by APD (which she had no desire to be) that the victim denied everything and said her injuries were from volleyball. I told him they definitely were not . He then informed us that, even if that was the case , under Texas law, her father had a right to discipline her even by hitting her in the head and face. She has two bumps on her head and a swollen and bruised ear . (We had given those pictures to the campus police . He had not even seen them.)He was VERY dismissive of the campus police when we told him we had already told them what we know and he said they had NOTHING to do with his investigation.
The victim told her friends that her dad stood over her lying on the ground and hit her repeatedly with her full backpack on her head and body .
The officer asked no one about any of this . He simply asked her the child victim who was terrified .

When I told him I feared for her as she has no phone or car or way to call for help b/c they took her phone and they are probably angry now that this occurred .. He shrugged and said it was their right to take her phone and basically told us that he thought we were lying and that her injuries were consistent with volleyball. It was not until her volleyball coach came over and joined the conversation and verified she had not played volleyball for the 4 days of vacation prior to Tuesday and in the taped game on Tuesday. she sustained zero Injuries of any kind and that the whole can easily be viewed that he entertained the possibility that we were not lying . The injuries in the photos that my son took after the game were not caused by volleyball. He asked if they were time stamped stil doubting.
The coach also told him that the girls who [REDACTED] had told about the assault were willing to recount what they were told to him and that one was waiting to do so. He declined to speak with them and said that was not necessary.

Only after the coach said it was not US who reported the incident at all did the officer stop acting like we were most probably liars who made this up because we do not approve of physical discipline . We did not ask to press charges. We just told the truth when asked . We never asked to speak with him. He approached us as if we had done something wrong . He also asked for our names and contact info which I really hope will not be revealed to her father who I also fear due

OFFICE OF POLICE OVERSIGHT

to the stories I have heard . We only agreed to giving info under the condition of anonymity to avoid being in danger ourselves .

The officer sent a girl home with her mother when her volleyball coach and counselors did not believe it safe and treated all of us concerned for her welfare with contempt and skepticism. He disregarded much pertinent information . He should NEVER be sent to investigate instances of child or domestic abuse . Maybe he is great at arresting drunk and belligerent people and interrogating drug dealers but he is hostile and unfriendly. I extended my hand when he first approached us and said "nice to meet you " . He obviously did NOT want to shake my hand and it took him a moment to reticently do so .

If this girl is harmed , it is on him for facilitating it , because he did not bother to listen to anyone . He believed the mom , who also hits her, and the victim who is afraid . But my complaint is also with the way he treated us . I have never felt so disrespected and doubted in my life . I like and trust law enforcement , but if he was my only experience of it , I would think they were scary and awful. My son felt interrogated and defensive and I regret telling anyone anything because it was an awful experience. He was still present in his police vehicle when we drove away and I thought , is he going to run my plates and get my home address and retaliate if I complain about him. Never in my life has a police officer made me feel that way. And I do not even want him to do his job . I just want him to be assigned not deal with abuse victims or receive training on it . I think he genuinely believed we were lying .

Complaint: The complainant alleges: I made this report due to the reckless endangerment of law informant. I was told that someone would get back to me, however I did receive a call that I needed to contact 512-974-0999. I have posted on Facebook:Hi neighbors, today around 5:00 pm I was driving on Cameron heading towards 183. I noticed the car behind me whipping left and right trying to regain control. They were going at a high rate of speed. I was about to call 911 but then two cars were after that white sports car with sirens on. It was strange as the cars were not black and white like what APD would have been in. I can't find any information on the situation in Nextdoor or the Citizen's app. I'm concerned that there would be a high speed chase on such a busy road and it wasn't APD chasing them. Security guard's? Campus Police? It happened so fast and then they were gone while everyone else was waiting for the light to change Reply from another witness I was almost taken out by these guys as I sat at the light at berkman. The white mustang was so loud and came behind me at full speed, went up on the sidewalk and grass and took a right on berkman- both cops (unmarked with lights and sirens) followed up on the sidewalk to avoid rear ending us. It's bothered me all afternoon how close it was and odd. My response UPDATE I called 311 and gave a report of the incident the report number is 25-00314396 From the operator's response there did not appear to be a prior report on this situation with APD. The chase vehicles with their lights flashing were not Austin's assigned black and whites. Whoever were chasing the Mustang needs to be held accountable for chasing this vehicle through a heavy traffic area and jumping onto the sidewalk in this pursuit. That time of day someone could have been killed. ????? Correct me if I'm wrong but isn't there a law against police pursuit in a heavily populated/residential area? Please look into this incident, if this was ICE or some other agency. I feel the Austin Police should have some kind of information about this and have it addressed. I don't know why this person was being chased, however I do know that my life and the lives of other people were not being considered. At 5:00 pm in front of a High school there could have been students on those sidewalks and people waiting for the bus.

The complainant alleges: <p>I filed an Internal Affairs complaint on September 19, 2025, regarding a motor vehicle accident that occurred on September 13, 2025. My complaint requested an investigation due to several concerns, including: failure to obtain my statement, failure to document witnesses, bias in attention, unaddressed language barriers, inaccurate and misleading information, and reporting discrepancies.</p> <p>On September 26, 2026, at approximately 8:18 p.m., I received a phone call from an individual identifying himself as Sergeant Bernstein, badge #5398. During this call, Sergeant Bernstein was extremely aggressive in tone and asked whether I wanted to change or modify the Internal Affairs complaint I had submitted regarding the motor vehicle accident.</p> <p>I asked whether it is standard procedure for an officer to contact a complainant outside of normal business hours and whether it was his role to investigate or discuss my complaint directly. He admitted that it was not his responsibility but stated that Internal Affairs had informed him of my complaint and directed him to contact me. He further indicated that he is the supervisor over the officers named in my complaint. Despite this, he continued to argue with me in an aggressive and unprofessional manner until the call was disconnected.</p> <p>I believe this conduct was highly improper for the following reasons:</p> <p>Unprofessional and Inappropriate Contact: Contacting a complainant late in the evening, outside of standard business hours, is unprofessional and raises serious concerns about proper procedure.</p> <p>Aggressive and Intimidating Conduct: The hostile and argumentative tone could reasonably be perceived as an attempt to intimidate or discourage me from pursuing my complaint.</p>	

OFFICE OF POLICE OVERSIGHT

Conflict of Interest: Sergeant Bernstein supervises the officers named in my complaint. His involvement represents a direct conflict of interest and undermines the integrity of the investigative process.

Potential Interference with Complaint: Requesting that I “change or modify” my complaint is inappropriate and suggests an attempt to interfere with or alter the complaint process.

This incident raises serious concerns about professionalism, impartiality, and the integrity of the Internal Affairs process, and I request a full review of Sergeant Bernstein’s conduct.

<p>Complaint:</p> <p>The complainant alleges:</p> <p>Subject: Complaint Regarding Officer Conduct – Sept 28, 2025</p> <p>To Whom It May Concern,</p> <p>I am filing this complaint regarding an Austin Police Department officer's conduct and response to a threat of violence that occurred the morning of Sunday, September 28, 2025, at approximately 7:30 AM. The call for service was placed from my number [REDACTED]</p> <p>Two officers responded: a female officer who spoke with my wife, and a male officer who took my report.</p> <p>Incident Summary</p> <p>While my wife was walking our dogs in our neighborhood near [REDACTED] my wife was yelled at and cursed at by an older teenager (~18). She felt unsafe and disturbed. I went outside with her to walk our 3rd dog (she's recovering from surgery), to see what was happening. When we made it to the car, I asked the male what the issue was and why he felt the need to yell at my wife.</p> <p>The individual escalated the situation and made repeated threats, including:</p> <p>"I'll get out and handle this."</p> <p>"Let's go, right now, I'll pop my trunk and handle this."</p> <p>These statements clearly implied retrieving a weapon from his vehicle.</p> <p>Officer Response</p>	

OFFICE OF POLICE OVERSIGHT

The male officer informed me that “nothing would happen” and that there would be “zero consequences” for these threats. He assured me only that a “record” now existed. The officers did not even document the suspect’s house address. Which is [REDACTED]

I explained my concern — that these were unprovoked threats of violence, with obvious implications — but the officer downplayed the seriousness of the situation. He made it apparent that they could only do something if the threat was acted upon. Which I don't believe.

Unprofessional Behavior

When I challenged his explanation and pressed for accountability, the male officer became visibly frustrated. He raised his voice, waved his arms, and stepped into my personal space. When I called him out on this behavior, he attempted to turn the situation around on me.

Realizing this was unproductive and nothing is going to happen to ensure public safety. My wife and I walked away from the visibly angry officer and went inside to our home.

This conduct was unprofessional, intimidating, and deeply disappointing — especially considering I was the reporting party and victim of the threat.

Broader Concerns

Given the rising incidents of gun violence nationwide, it is unacceptable for an officer to dismiss a direct threat of violence in this manner. I feel my concerns, my wife’s safety, and our community’s safety were not taken seriously.

Requested Action

I respectfully request that this complaint be formally reviewed by the Office of Police Oversight. Specifically, I ask that:

The incident be documented and attached to the official call record.

The male officer’s handling of the situation, and his behavior toward me, be reviewed.

I be informed of any follow-up actions taken.

I appreciate your time and attention to this matter.

Sincerely,

[REDACTED]

Complaint: The complainant alleges: I would like to file a complaint please. This morning 9/28 at my boutique hotel at [REDACTED] my hotel guests had to call the police because serial vagrant and offender [REDACTED] was found in the bathroom completely naked and then threatening my guests when found. He has broken into my property many times before and I am fearful for my guests. He was not detained by the police and was set free. He was naked and threatening my guests, I would like to press charges and I am extremely concerned that the police keep setting him free. He has a 25 year track record and over 20 felonies of progressively worse crimes in East Austin. I will be pursuing this as thoroughly as I need to to protect my property and my guests.

Complaint: The complainant alleges: On September 27, 2025, at approximately 10:35 PM, a tow driver from A&A Wrecker and Recovery attempted to tow a vehicle belonging to [REDACTED] and his son [REDACTED] despite the vehicle having a valid approved parking permit. (I have photos of permit but it does not allow me to upload more than one document on this) When [REDACTED] showed the tow driver proof of the valid permit on his phone, the driver stated, "I don't give a fuck", and then slapped Khalid's phone out of his right hand, pushed him, and punched him in the chest. This caused 60-year-old [REDACTED] to fall. [REDACTED] witnessed this assault and attempted to intervene. The tow driver then punched [REDACTED]. Both [REDACTED] and the tow driver ended up on the ground, where the tow driver escalated the assault by pistol-whipping [REDACTED] and firing 3 shots from a handgun into the ground. [REDACTED] attempted to separate the fight and push the tow driver away to prevent further harm. At this point, multiple APD and Travis County Sheriff's deputies arrived (approximately seven vehicles). Despite the tow driver being the aggressor and discharging his firearm into the ground during the altercation, officers arrested [REDACTED] — but did not arrest or detain the tow driver. How can someone be charged with assault causing bodily injury when acting in self defense? The driver was the aggressor and initiated the physical altercation both scenarios.

Complaint: The complainant alleges: I opened up Case Harassment-2025-1171171 in early May and have received no progress in the 5/6 months since. Daniel Doyle will not return my emails. The last email I recieved was in July saying " I received your email and voicemail and haven't forgotten about you. They just dissolved other investigative units, so all detectives in my unit have inherited about 50 cases each. Generally, I work cases in the order I receive them, unless there"s a higher priority. I'll circle back soon to your case. The last time we chatted, you hadn't had any further communication with your ex. That hasn't changed, has it?" I dont care about his workload. Someone did something illegal (put an airtag in my car) and that should matter.

Complaint: The complainant alleges: I filed a police report on August 16th 2025 regarding a sex crime that was committed against me. My intimate photos and videos were shared without my consent. This case was unnecessarily prolonged because when I first reported this as a sex crime toward me, it was not forwarded to the sex crimes unit due to what the third person I spoke to in sex crimes described as an oversight. It wasn't until my third time following up with the sex crimes unit almost three weeks later that my case was assigned to Detective Christopher Yager. I am [REDACTED] and the stress that this has caused me is affecting my sleep, my mental state, my emotional state and most importantly my unborn child. The details regarding the report are as follows: I confided in someone (Christopher Maldonado) earlier in the year because I was made to trust him and believe that our conversations were between me and him when, in Elyssa Longoria's own words, I was coerced into being vulnerable and sending my nude photos and videos out of "pure retaliation" for responding to Chris' first ever message. Detective Yager took a very long time to ask me for evidence and to review the evidence. I provided countless messages and video evidence showing that my confidential photos and videos were shared without my consent. Detective Yager did not respond to these submissions until four days later which was Tuesday of last week, and I was told that I would be provided an update by the end of last week and never was. I called in today and detective Yager told me that there was nothing that was going to be done, and I would have to file this through family court. He claims that there was no crime committed against me. None of the people involved are my family. This is a crime that was committed against me because my intimate photos and videos were shared without my consent. I would like to have my case reviewed again, and I would have like to have this detective looked into because he did not reassure me in anyway that he understood why I was pressing charges against both Christopher Maldonado and Elyssa Longoria, and the fact that he told me that this has to be settled in Family Court makes zero sense in relation to the sex crime that was committed against me. 25-2280751 Case Number

Complaint: The complainant alleges: I was arrested and taken to the ground by Officer Lobb. He put his full body weight down on me and used his belt buckle/utility belt to press hard into my face. As a result, my mouth started to bleed. I told him it was cutting my face and he responded "Thats just the way it is". He only let up after the female officer asked if he was sure his belt buckle wasn't pressing too hard. After I was hog tied and injected with a sleeping agent. I was left next to the EMS truck and was falling asleep. Officer Joshua Lobb came up behind me and places his hand over my face and pinched my nose and covered my mouth and pressed me hard into his chest so I couldn't breathe or yell to alert anybody of his actions. During this unlawful arrest, officer Joshua Lob #9243 was corrected several times by the female officer with the blue eyes who works the South Austin division with a Hispanic female officer they share the same car. Officer Joshua Lobb #9243 did intentionally intend to suffocate me by pinching my nose and covering my mouth with his right hand. I managed to pull downward and wiggle my face left to right to break free and yelled out "You're trying to suffocate me" alerting the other officers of the situation in which they came back and kept eyes on me. The whole police report was doctored there was never a burglary. I was told I wasn't under arrest and invoked my right to remain silent. I was out walking my dog. I just left the front office trying to sign my lease. Contact me by mail at: [REDACTED] [REDACTED] [REDACTED]

The complainant alleges: <p>She is being harassed and stalked by both ACC campus police and APD. She stated Vehicle 2841 parked at the McDonalds she was eating at. They stayed there for around 20 minutes while she ate and then they left when she left. As she was leaving, she made a left and parked in a parking lot, and another police officer car number 7793 drove passed by her. About 9 minutes after that, she backed out of that Jack in the Box parking lot, she saw another police officer turned in front of her and parked at the intersection she was near. She doesn't know if it was that 7793 car or a different one. The day before all of this she had an interaction with ACC campus police which she had filed a complaint about with the university. That night car number 8978. She feels like someone must have contacted APD to have them follow her around. When she got home that same night, she called 911 and asked to speak to the Sargeant. No one called her. She believes this may be retaliation because of the previous complaints she's made.</p>

The complainant alleges: <p>He believes a phone call he made to contact his mother at a nursing home was answered by a trained interrogator/detective with APD who was trying to set him up to get arrested. After an aggressive line of questioning over the phone with this alleged detective, the complainant threatened to go to his mother's nursing home at 1407 Liberty Park Dr. with a tommy gun. He was subsequently arrested. His cause number is C-1-CR211497. He believes that he was entrapped to make that threatening statement by the detective.</p> <p>He cooperated with the police when they arrived.</p> <p>He doesn't have a complaint about his arresting officers that night, only the alleged interrogator/detective. He stated he was being shunned from calling 911. He believes this officer held him up in county jail by calling to have his release delayed in order to keep him from seeing or speaking with his mother. He believes they were keeping his mother at a nursing home against her will.</p> <p>On a different date, after his mother died, he and was arrested for no reason without APD telling him why. He told them his mother has died and they let him go.</p>
