### NOTICE OF COMPLAINT

ICMS #: 2023-0005

On January 3, 2023, the OPO received a phone complaint.

**The complainant alleges:** The complainant called for police due to the following disturbance which occurred in either [REDACTED] in the [REDACTED]. The complainant's husband and toddler were outside when she either saw or was told that another boy threw a Pepsi bottle at her toddler. The complainant went outside and asked the boy who threw the Pepsi bottle. The boy admitted he threw the Pepsi bottle but claimed it was an accident. The boy went to get his mother and grandmother. The complainant believes these individuals don't like her because she is a mixed woman and they think she married a white man. They came and yelled at her for speaking with their child and the conversation became verbally aggressive. The complainant eventually went inside and called the police. First, Officer [REDACTED] lied and said COVID restrictions prevented her from coming to the scene. The complainant questioned Officer [REDACTED] about the restrictions, and Officer [REDACTED] responded by laughing and being sarcastic. The complainant then requested a sergeant. Only when the complainant asked for a sergeant did Officer [REDACTED] respond to the scene.

When Officer [REDACTED] arrived, she did not want to take the report. Officer [REDACTED] spoke with the suspect first and not the victim. Officer [REDACTED] asked the suspects to give her information to use against the complainant instead of acknowledging their crimes. The complainant relayed threats made by the suspects to Officer [REDACTED] including threatening to kick her baby out of her belly and being spit on. Officer [REDACTED] then minimized the report. She did not include the terroristic threats, child endangerment, or aggravated assault. Officer [REDACTED] is either part of or wants to be part of a criminal society called Eastern Star. Officer [REDACTED] used her position to minimize the situation to protect the people of color. Officer [REDACTED] also withheld the suspects' contact information in the report, and because of this the complainant was not able to file additional charges.

*This notice of complaint is a request for Internal Affairs to initiate an investigation to determine if the employee conduct is within compliance of APD policy, Civil Service Rules, and Municipal Civil Service Rules.*
