

OFFICE OF POLICE OVERSIGHT

NOTICE OF COMPLAINT

March 4, 2022

ICMS #: 2022-0137

On March 1, 2022 the OPO received a phone complaint.

The complainant alleges: The complainant submits his complaint on behalf of his mother, [REDACTED]. She swerved to avoid hitting someone crossing the road and crashed her car. The officer who arrived did a roadside sobriety test and she was clearly fine. The sobriety test lasted 30 minutes. The officer proceeded to try to incriminate her and put the fear in her. The complainant said once the officer found out she wasn't drinking and driving he should have assisted her instead of trying to arrest her in any way possible. An additional complaint is that the officer didn't let her tow her car but instead towed it to a preferred yard which cost her over \$100.

This notice of complaint is a request for Internal Affairs to initiate an investigation to determine if the employee conduct is within compliance of APD policy, Civil Service Rules, and Municipal Civil Service Rules.
