

OFFICE OF POLICE OVERSIGHT

NOTICE OF COMPLAINT

November 23, 2022

ICMS #: 2022-1057

On November 22, 2022, the OPO received a walk-in complaint.

The complainant alleges: Around [REDACTED] on [REDACTED] I had just come from a convenient and parked at the end of [REDACTED]. Soon after a police officer pulled up behind me, then turned on his lights, and approached me on my driver side asking why I was parking in a parking lot but I was on [REDACTED], A PUBLIC ROAD!

When I asked what I did wrong, he was vague and said "a woman called needing assistance." ?? I was all alone but after he saw my gun, he called for backup. I kept asking "What did I do wrong," but he wouldn't say. When the second police officer came, he proceeded to reach into my driver window, unlock it, took me out of my car and handcuffed me. 5 officers was total while some searched my car. I'm not a criminal so I was released but my complaint is against the 1st officer and the officer who unlocked my door.

My gun was loaded with a bullet in chamber & so I want to know what happened to my bullet with my prints and if there was a call for a woman needing "assistance" at all.

This notice of complaint is a request for Internal Affairs to initiate an investigation to determine if the employee conduct is within compliance of APD policy, Civil Service Rules, and Municipal Civil Service Rules.
