

OFFICE OF POLICE OVERSIGHT

NOTICE OF COMPLAINT

September 30, 2022

ICMS #: 2022-0871

On September 29, 2022, the OPO received a phone complaint.

The complainant alleges: He had a car accident and Officer [REDACTED] responded but did not take his statement. He had to go after the officer to take his statement. The officer listened but did not write down his statement in the report. He has been trying to get in touch with the officer to correct the report, but the officer is out on health leave, which he totally understands. There should be a system in place to do something on the officer's behalf while he is out. The insurance companies determine the fault of an accident based on the crash report. The other driver stated he was trying to make a right-hand turn, which he was not, and he has evidence. His car was totaled, and the other car only had a dent in the bumper but the officer reported the damages as identical which is impossible.

This notice of complaint is a request for Internal Affairs to initiate an investigation to determine if the employee conduct is within compliance of APD policy, Civil Service Rules, and Municipal Civil Service Rules.
