

## OFFICE OF POLICE OVERSIGHT

### NOTICE OF COMPLAINT

---

September 16, 2022

ICMS #: 2022-0800

On September 14, 2022, the OPO received an online complaint.

**The complainant alleges:** Officer [REDACTED] wrote a false police report including statements from a witness who was nowhere near the accident and pulled up to the scene 5 minutes after crash occurred and left out 5 other statements from other individuals of what really happened and caused the accident. Officer was extremely aggressive and I absolutely feel like he put our car at fault of an accident due to racism.

I was in this car that he is putting at fault. he yelled at me for absolutely no reason right off the bat and was trying to search the car without permission or warrant, police report he wrote is completely 100% wrong with false information.

In the car, this is his car, cop wouldn't talk to him but making slur comments about him being offended, trying to say his plates are fake and that car was stolen when they are not and the plates come directly back to [REDACTED] (owner of the car)

Witness from another car that was DIRECTLY behind us when the crash occurred and didn't even mention his statement in the police report when it's the most accurate statement.
