

OFFICE OF POLICE OVERSIGHT

NOTICE OF COMPLAINT

October 14, 2022

ICMS #: 2022-0935

On October 13, 2022, the OPO received a phone complaint.

The complainant alleges: The complainant called 311 because his stepfather was in a car accident and was panicking because he does not speak English. The complainant also called 911 and told them they needed to send a Spanish-speaking officer because his stepdad was having problems breathing and does not speak English. The fire department responded. The other driver that hit his stepdad had expired car insurance and tried to claim his stepdad's insurance. The complainant's stepdad's insurance company told him there was no police report of the accident on file. The officer who responded was supposed to give both drivers some type of report, but he did not. His stepdad said the officer did not even ask for insurance or IDs. The officer did not write a report so what about the body cam? If the officer was not going to write a report what was the purpose of the officer responding? APD case # [REDACTED]

This notice of complaint is a request for Internal Affairs to initiate an investigation to determine if the employee conduct is within compliance of APD policy, Civil Service Rules, and Municipal Civil Service Rules.
