NOTICE OF COMPLAINT

August 19, 2022

ICMS #: 2022-0683

On August 16, 2022, the OPO received a phone complaint.

The complainant alleges: He needs to speak to an investigator to lay out the whole story. His daughter and APD officer, [REDACTED], Badge # [REDACTED] are going through a divorce and he needs to find out what is going on between them. They have been together for over [REDACTED] years. They got married [REDACTED] in [REDACTED]. Complaint thinks he married her because he has a lot of debt, and the debt would be between the two of them. His daughter is bipolar and has not been able to keep a job because of her condition. The complainant's ex-wife knows about the family abuse and what has taken place. Officer [REDACTED] has been leaving the children with his daughter and supposedly she is a threat so why would he leave the children with her? Officer [REDACTED] is using his badge, the department, and using his authority to evade anything type of financial gain and custody of the children. Officer [REDACTED] lived with the complainant's ex-wife for [REDACTED] and there is enough evidence from her. It has been over [REDACTED] years since the complainant has been involved, but he met with Officer [REDACTED] [REDACTED]. He just wants to find out the truth and does not want the officer to take advantage of his daughter. If this officer is guilty of anything to set his daughter up, he wants to know. He is not trying to destroy the officer's career but just wants the truth. The most disturbing thing is that officer [REDACTED] served his daughter with divorce papers the day after her sister's death. He has not seen it, but his ex-wife asked about the circumstance of his daughter's death and officer [REDACTED] obtained a copy of the police report. He wants to know if officer [REDACTED] is part of the investigation, and does he have the authority to pull that information from the laptop on his home computer just because the complainant's ex-wife asked him to. The complainant says the information he has are allegations and he just wants to know what is true. He wants an investigation to see who is lying and if there have been any criminal violations toward his daughter because of the divorce, did he access the information illegally about his other daughter [REDACTED] [REDACTED], and if he is on the investigation team for the cause of her death?
