NOTICE OF COMPLAINT

March 3, 2023

ICMS #: 2023-0186

On March 3, 2023, the OPO received a phone complaint.

The complainant alleges: The complainant spoke to [REDACTED] about reporting her daughter missing. She hasn't spoken to her daughter in almost 2 months. Her daughter has mental health issues. [REDACTED] was very rude. The complainant provided information about where her daughter works. [REDACTED] replied, "We can't really do anything about it," stating that the people where she works won't tell APD anything. The complainant told him, "You're law enforcement they'll tell you anything you want." He said all he can do is put out a BOLO. [REDACTED] asked her "What have YOU done?" She explained what she's done, that her family has gone around asking for her daughter because the complainant just had surgery. [REDACTED] said even if they find her, he can't make her daughter call her. The complainant responded that she just wants to know if her daughter is still alive and if someone has made contact with her.

This notice of complaint is a request for Internal Affairs to initiate an investigation to determine if the employee conduct is within compliance of APD policy, Civil Service Rules, and Municipal Civil Service Rules.
