

OFFICE OF POLICE OVERSIGHT

NOTICE OF COMPLAINT

April 1, 2022

ICMS #: 2022-0222

On March 28, 2022, the OPO received a phone complaint.

The complainant alleges: An unmarked SUV police vehicle almost hit his car as he and his girlfriend were driving on the access road at [REDACTED]. The police officer proceeded to drive behind them as if he was attempting to get their license plate number when he was the one who almost caused the accident. The officer sped away, going well over the speed limit. The license plate number began with [REDACTED]. The officer was very unprofessional and driving dangerously as he drove onto a single lane road, never looking to the left as he almost hit them. Nothing is going to happen to the officer, and the officer will get to do what he wants until he is fired when he is 80 years old.

This notice of complaint is a request for Internal Affairs to initiate an investigation to determine if the employee conduct is within compliance of APD policy, Civil Service Rules, and Municipal Civil Service Rules.
