### NOTICE OF COMPLAINT

ICMS #: 2023-0180

On March 2, 2023, the OPO received an online complaint.

**The complainant alleges:** My significant other lives at [REDACTED] apartment complex adjacent to [REDACTED]. They have public parking on the road directly out front that you can park at any time of the day without a fee or risk of being towed. I am over at [REDACTED] fairly often, so I consistently park in those parallel parking spots. Ever since [REDACTED], whenever [REDACTED] my car would be parked there long before any shows up to begin setting up for the game, or any police officers or staff get there. (I am parked overnight.) The first time that [REDACTED] had a home game, I made sure to ask all of the police officers working if my car is good there since I was parked before they put up the "No Parking" signs and I am a visitor of a tenant at [REDACTED]. I never got towed over the course of the remainder of the season (5-10+ home games) and never had an issue with this. Now, the [REDACTED], the same event occurred, my car was parked over night and was there all day until the start of the game. No issues. Until I went down the next morning and found out that the APD had towed my car 30 minutes into the game. There have never been any signs posted about "Event on [REDACTED]; No Parking," the "No Parking" signs were put up long after I was there, and the APD never talked to [REDACTED] front office about sending out an email to residents stating that if there were any cars parking on the street after X time, it would be towed. I am filing a complaint regarding this incidence, and am demanding a reimbursement for the expenses incurred in retrieving my car. If there also has been any change in policy regarding parking in these spots beforehand, I would like to be informed of such notices.

*This notice of complaint is a request for Internal Affairs to initiate an investigation to determine if the employee conduct is within compliance of APD policy, Civil Service Rules, and Municipal Civil Service Rules.*
