

OFFICE OF POLICE OVERSIGHT

NOTICE OF COMPLAINT

August 5, 2022

ICMS #: 2022-0634

On August 1, 2022, the OPO received a phone complaint.

The complainant alleges: He called originally because there is a lack of clarity in filing a police report online and he had a sense of urgency because he has surveillance evidence related to two of his stores that were burglarized. Since that time, he has been contacted by APD with links to upload evidence thru the system and he was able to provide some background to the officer that called him. Now he has additional information that other businesses have been burglarized by the same person over the past month. The person is stealing thousands of dollars and he is just waiting for APD. He just wants to provide additional evidence. The complaint is that there is no way to provide additional information he has, and he is still just waiting on APD. He is not complaining about any individual at APD just the process.
