

# OFFICE OF POLICE OVERSIGHT

## NOTICE OF COMPLAINT

---

February 17, 2023

ICMS #: 2023-0140

On February 15, 2023, the OPO received an online complaint.

**The complainant alleges:** Officers responded to a call regarding a violation of protective order. My ex boyfriend was at my house harassing me and my neighbor made the call in order to protect my safety. Officer [REDACTED] (Badge # [REDACTED]) made me super uncomfortable, asking me irrelevant questions and did not seem to be listening to me. I told him several times I did not open the door for him and he kept asking me questions such as "did he hit you?" He also once said "you said you felt unsafe" and I said "did I say that?" and he responded with "I have voices in my head." It was super off-putting and strange. Also, I clearly did feel unsafe and uncomfortable so that question made no sense. This officer made me feel very uncomfortable in a situation where I was already feeling heightened anxiety and fear from the experience itself. I truly feel this person should not be responding to/handling crisis situations, especially ones involving domestic abuse. He started asking me for my information after he already had access to a physical copy of the protective order with every bit of my personal information. When I told him it was all there in the papers, he rolled his eyes at me and was extremely rude. Do better, APD.

Police Report Number: [REDACTED]

(I will give praise to Officer [REDACTED] the other officer that was with him. I did not get his badge # but he was kind and apologized for the unsavory actions of Officer [REDACTED])
