### NOTICE OF COMPLAINT

---

February 3, 2023

ICMS #: 2023-0094

On February 3, 2023, the OPO received a phone complaint.

**The complainant alleges:** He wanted to show his protest middle finger because he has not liked what has happened in Atlanta so he did that while stopped near an APD car and the [REDACTED]. When the light turned green, car # [REDACTED] proceeded to catch up to the complainant. The APD car came up door to door with the complainant's car, almost side-swiping his Chevrolet Colorado pickup truck, and almost knocked his side mirror off. The complainant had to throw on his brakes real quick so the officer wouldn't slam into the complainant. This frightened the hell out of him. The officer rolled down his window but didn't yell at him. The complainant followed the officer to [REDACTED], then turned right because that's where the complainant was headed anyhow. That's when the complainant took video of the back of the car. The officer was a Hispanic male. The officer was probably trying to videotape the complainant; he saw him touching a piece of technological equipment. The officer probably thought the complainant was trying to get vigilante justice after what he had done but the complainant was trying to get the car and license plate information. LP [REDACTED]
