ICMS #: 2022-0345

On May 4, 2022, the OPO received a phone complaint.

**The complainant alleges:** APD arrived at his residence to follow up on a call about a domestic issue in his apartment. The officers did not identify who they were, and he could not see who they were. He opened his door and one of the officers asked repeatedly if everything was ok. He responded yes and told them they must have the wrong apartment number. The female officer asked if she could come in. He asked her if she had a warrant, and she responded no, so he told her she could not come in without a warrant. As he closed the door another Hispanic male officer put his foot in the door and said he was coming in. Complainant asked for a supervisor and told them he was going to call his attorney. At that point, the officer reach in, grabbed his shirt, and tried to force him outside. As he pulled away the officers rushed into his apartment, tased and beat him. The officers left without arresting him.
