Then afterwards I called 311 to get the Austin Police Department and called landscaping company and while I was doing all kinds of vehicles coming from all directions of the streets trying to catch me with my penis out then so I became angry and hit the city trash cans with my stick then all of a sudden Austin Police Vehicle came strolling down the hill to protect the individuals that helps them because they always assume that a [REDACTED] do everything then he parks his car at the intersection to see if I will attack then give minutes coming from the opposite way plane police car was ready to arrest me. Anyway the entire individuals of Austin, Texas knew and participated in this evil act.
