

OFFICE OF POLICE OVERSIGHT

NOTICE OF COMPLAINT

November 4, 2022

ICMS #: 2022-0995

On November 1, 2022, the OPO received an online complaint.

The complainant alleges: I am a current APD Patrol Officer and I have been since 2019. I have worked through COVID, riots, and low staffing. I see ex-█ officers still driving their unmarked APD █ unit cars even though the █ Unit was re-imagined and sent back to patrol over a year ago. These ex-█ Officer get to drive their take home unmarked cars to and from their home while on patrol, using the city gas, while the rest of APD patrol officers have to use their own vehicles and own gas. This is beyond unfair to patrol officers who have to use their own vehicles. This send a extremely poor message to regular patrol Officers that you don't matter. This is also a waste of city money. These officers are using city gas for their drive to and from work. The █ Unit has openly said it's for their █ officers on-call, well I know 10 plus Officers aren't on-call every week. The on call █ can get away using two vehicles per week and rotating these vehicles among themselves when their turn comes up to be on call. I ask for assistance in stopping this daily insult to patrol officers and waste of city money.

This notice of complaint is a request for Internal Affairs to initiate an investigation to determine if the employee conduct is within compliance of APD policy, Civil Service Rules, and Municipal Civil Service Rules.
