March 3, 2023

ICMS #: 2023-0164

On February 27, 2023, the OPO received an online complaint.

**The complainant alleges:** 911 call was for a woman who collapsed and is believed to have been drugged. Responding officer lacked urgency and compassion. He walked slowly to the scene and appeared annoyed and unengaged. He insulted healthcare professionals at the scene. He threatened to arrest the woman who was receiving medical attention. He seemed to want to escalate the situation and was overall neglectful of his duty to protect and serve.

I am requesting that he receive additional training on how to respond and interact appropriately with the public. His current attitude is unacceptable.

Numerous witnesses. Woman needing assistance was accompanied by 6 women. Several bystanders made 911 calls as well.

Officer was accompanied by 2 additional officers.

Officer description: Short (5' 6") white male, short thinning hair, reddish beard, stocky build
