

NOTICE OF FORMAL COMPLAINT

ICMS #: 2021-0343

June 1, 2021

Complaint: The Office of Police Oversight received an online complaint alleging the following:

“There were multiple incidences that happened this night I was not supposed to be arrested according to what [REDACTED] said(sp) I was taken to the hospital after having my thumb broken by a gang of white boy white supremacists at a white boy proud boy bar [REDACTED] after they were trying to kill my boyfriend by choking him on his throat and kneeling on him like he was [REDACTED]. They all laughed at me when I was trying to save him After that they took me to the hospital and he continued to abuse me and twist my arm And kept turning their body cam on and off I swear that they poisoned my water that I asked for..that I had at the hospital they put something in it that made my stomach so sick. I had to use the bathroom and they told me I couldn’t since I had just used it and there there’s no way I had to before then. I also had my son that was in my hotel room just two blocks away from the incident and they knew this and they didn’t care and they all made a joke of it and call me an irresponsible mother which I am not I was trying to get home to my son and I was told I wasn’t being arrested just transported to the hospital because the guys that DIDNT get arrested broke my thumb. [REDACTED] !! This is cruelty and racism on the apd part and also neglect of the child that was left in the hotel that I was two blocks away from! This makes no sense I would’ve had a broken hand had I punched the guy like the affidavit says which I didn’t do I was trying to defend my bf , also the police officers completely molested me no female officer present and did so aggressively several times. This was not only traumatic but in distaste of the apd unit

I want to add to my report that I was not given my Miranda rights because he said I did not deserve them because I assaulted somebody which I did not

I almost forgot the fact that APD told me that it was irrelevant if I get Covid from the hospital because it was a hospital even though the hospital staff told me and the police officer at the time that I should wear a mask because it is Covid and there is a pandemic I’m sure they were not wearing their body cam at that time.

They did not have me in a mask and told me that they didn’t care if I got Covid because it was an ER facility and then the hospital staff requested that I did wear a mask while transporting through the unit per protocol and the officer said he did not care

And then later molested me in front of the body cam.”
