

OFFICE OF POLICE OVERSIGHT

NOTICE OF COMPLAINT

July 29, 2022

ICMS #: 2022-0620

On July 25, 2022, the OPO received a phone complaint.

The complainant alleges: A person by the name of [REDACTED] asked her to video what the neighbor was doing, so she took two short videos. When the complainant heard the neighbor calling the police she left and went home. The neighbor called the police and told them she had a gun and that she had pulled a knife on him. APD knocked on her door asking to hear her side of the story, but she did not answer the door because she did not do anything. She did not know how many police were outside and what their intentions were since the neighbor had lied on her. An APD sergeant was also called, and he also knocked on her door, but she still did not answer. APD believed two mental patients who are not on their medications so do they just believe anybody. Her daughter showed the APD the video and they still just left. There was also a police officer looking through her bedroom window. She did not call the police her neighbor did so why were they knocking on her door. She was afraid that should not have happened. Maybe APD needs to be retrained.

This notice of complaint is a request for Internal Affairs to initiate an investigation to determine if the employee conduct is within compliance of APD policy, Civil Service Rules, and Municipal Civil Service Rules.
