### NOTICE OF COMPLAINT

June 10, 2022

ICMS #: 2022-0487

On June 8, 2022, the OPO received a phone complaint.

**The complainant alleges:** The back of the semi-trailer that he uses for his CEO training was vandalized. There was also writing on the trailer and on the side of the building that referenced potential gang activity. The officers that were dispatched came without any urgency. The officers tried to encourage him to file his report online. He expressed concern about a ladder on the side of the building which led to the roof of the school. He suggested the officers check to make sure there was no one on the roof because there was a door open behind the building. He was trying to get everything taken care of before students arrived. The officers told him they could not touch the ladder. There was no effort by the officers to make sure the building was secure for the students. When he asked the officers for business cards, he was told they did not have any.
