## NOTICE OF COMPLAINT

---

March 3, 2023

ICMS #: 2023-0169

On February 28, 2023, the OPO received an in person complaint.

**The complainant alleges:** The complainant came to OPO dissatisfied that he was contacted by a staff sergeant following his last complaint. The complaint form states the following:

"Made IA request. Contacted by shift Sgt supervisor of officer that subject of complaint. CONFLICT"

The complainant also states that APD is at the [REDACTED] but it is out of their jurisdiction.

Please refer to the complaint recording for more information.

The complainant emailed OPO:

I made a traffic stop at the [REDACTED]. The subject had strong armed rapist charge on his TCIC rip. Due to the fact he had two teenage girls in the car with him, I requested APD help. They never came. Before you get panties twisted in a wad it happened long ago.

I sanitized the TCIC rip just in case the girls wound up as fishing bait. I have it to date. Instead of APD responding I was ordered to issue verbal warning and release individual with strong arm rape charge on his rip. I still have it as souvenir.

This is part of the APD I know. Sad, pathetic and overmatched

***This notice of complaint is a request for Internal Affairs to initiate an investigation to determine if the employee conduct is within compliance of APD policy, Civil Service Rules, and Municipal Civil Service Rules.***
