

OFFICE OF POLICE OVERSIGHT

NOTICE OF COMPLAINT

September 16, 2022

ICMS #: 2022-0791

On September 12, 2022, the OPO received an online complaint.

The complainant alleges: Since [REDACTED] I have filed numerous online police reports regarding some threats that were made against me, my son and my ex husband's family. Twice I have been rolled up on by two separate vehicles. One time on [REDACTED] at approximately 3-4 am in the [REDACTED] parking lot in front of the [REDACTED] and the second time in [REDACTED] in front of the [REDACTED] on [REDACTED] [REDACTED] in which I have a video. I make these online reports because I am in fear of retaliation since my sons life has been threatened repeatedly. Also, in the past I have called 911 and the officers who arrive seem to be more concerned with my mental health. When I email the APD victim services counselor [REDACTED] she also replies with something about my mental health. I was a victim of sexual assault in [REDACTED] in which the suspect began to stalk me. [REDACTED] it is a lifetime protective order for sexual violence. I am having a hard time with APD believing this is happening because they claim they cannot see the suspect. I believe he is working with other individuals. However, I also emailed [REDACTED] and no one has responded. I ask them not because I believe my email is compromised but this is still going on. I am a student at [REDACTED]. I am terrified constantly and I do suffer from PTSD. But mentally I am taking care of myself. If there is a barrier or issue with this county wanting to honor this serious protective order for myself I am pissed that they do not respect or honor it for my adult sons sake who is also listed on the Protective Order. These ppl have threatened to stalk him and our whole family to ruin his career and any personal information to blackmail and extort us, mainly his father. I have asked repeatedly for a CRASH officer to be assigned. I want internal aff4airs to investigate why this is not being taken serious. Thank you. All the reports should be there online. This person in which the protective order is against has a sister in laws sister named [REDACTED] [REDACTED] who works for APD and I was told she is holding up things for any of these reports to be taken seriously.
