### NOTICE OF COMPLAINT

---

February 10, 2023

ICMS #: 2023-0112

On February 8, 2023, the OPO received an email complaint.

**The complainant alleges:** I was assaulted and drugged by officers after an incident at the [REDACTED] mid [REDACTED]. I was told I was not being detained and then forced into an emergency detention. When I woke up in the hospital I was forced into a restraint chair when looking for a bathroom and my shoulder cut open with a drugged blade. I had sought mental health help earlier that day and denied it. The report was a lie because I was looking for the sources of reverberations and thought someone may be in danger. At the detention I was given used toiletries, given wrong phone numbers for my mental health providers, family denied visitation, not allowed to see a doctor for days, and a nurse hung up the phone when I tried to call 911. We weren't even given books to read or given outside time. It is behind the [REDACTED]. I never saw a judge and was sent a bill. I was there for 5 days. I was given drugs without being informed on what any were.
