Nature or complaint: Discourtesy or Improper Conduct	
Austin Police Officers Involved:	Unknown: <input checked="" type="checkbox"/>
<p>Complaint:</p> <p>On 11/27/25, between 7:25 AM and 7:30 AM, at the Trinity Methodist Church parking lot at 44th and Maybelle (northeast side), APD vehicle 2689 appeared to be doing nothing but stalking me - a Straight Christian Man. When I started writing down the vehicle number for this complaint, APD vehicle 2689 left.</p> <p>Identify and reprimand the guilty officer so that he/she NEVER does that to me again anywhere.</p> <p>This is the second such incident at the same place at about the same time of morning in the past two weeks - 11/15/25, between 7:10 AM and 7:20 AM, APD vehicle 2693 was the other. Therefore, as I warned within my report of the first incident, expect me to now call this out to APD's top brass and speak to it publicly, on record, on TV.</p> <p>This alleged APD stalking behavior will NOT be tolerated.</p>

Nature or complaint: Delayed Police Response	
Austin Police Officers Involved:	Unknown: <input checked="" type="checkbox"/>
<p>Complaint:</p> <p>My complaint is for the response time that it took for the officers to arrive at my apartment. I also would like to input a complaint for the person that handled the initial call as well. The officers that arrived on the scene were empathetic and helped alleviate some of my concerns so my complaint isn't against them. When I called to report what was going on I felt very much dismissed from the very start after I explained what the situation was. And as the conversation continued I could tell that the operator sounded very much put out with the whole interaction after finding out that my complaint concerned my neighbor who has mental issue and frequently calls the police. It's understandable that the police has dealt with my neighbors several times but that shouldn't have anything to do with me giving them a call. I believe my call should have been handled with more finesse and professionalism. My neighbor has just kicked in my door at close to 6am in the morning waking me out of my sleep. And I was feeling fearful and confused and instead of being treated like someone who needed compassion, I was instead treated as if I was more of a nuance. This situation wasn't handled with the seriousness that was needed. Because the operator judged my call based on my neighbors previous actions I was pushed down on the list as a lower priority which is unacceptable. The situation it self showed that he was escalating, as well as showed that someone else life was at stake because of his actions. The fact that the situation wasn't taken serious is really devastating to me b/c this situation could have gone a completely different way and it was not treated with the necessary correct steps that needed to be done. Also I'm not sure why he wasn't taken to a mental behavior center instead of the hospital and was released shortly after. The case number is [REDACTED]. I really hope someone reads this and actually follows up on this.</p>

Nature or complaint: Discourtesy or Improper Conduct	
Austin Police Officers Involved:	Unknown: <input checked="" type="checkbox"/>
<p>Complaint:</p> <p>The complainant alleges:</p> <p>To Whom it may concern, Re: Report # GO - 2025-2751517 Internal Affairs / Office Of Police Oversight Hello, this is [REDACTED] I am filing a formal complaint regarding misconduct by APD officers on October 2, 2024 at [REDACTED] I was wrongfully detained, placed in excessively tight handcuffs, publicly humiliated, and treated as a criminal without any probable cause or questions asked. Officers were on private property without permission. I was there lawfully, working security at the request of my employer, and this location is also my lawful residence due to my housing situation under the Violence Against Women Act protections. My dogs were traumatized, impounded, injured, and microchipped without my consent, despite my clear verbal and written objections. Items were seized, my vehicle was impounded, and I was denied access to my phone and contacts. The officers' actions caused:</p> <ul style="list-style-type: none"> • Emotional trauma • Loss of income • Damage to my reputation as a Texas teacher • Financial hardship • Harm to my property and animals <p>The District Attorney dismissed and rejected the charges on October 30, 2024. Because this matter is fully resolved and dismissed, I am formally requesting the immediate release and return of all property taken from me, including:</p> <ul style="list-style-type: none"> • My BB gun • My Smith & Wesson SD40VE .40 caliber handgun, serial number HEP5962, along with all magazines and ammunition seized • Any other items removed from my vehicle or person <p>I am requesting that these items be returned today, as there is no legal basis for them to continue being held.</p>	

Clarification of My Legal Rights Under Texas Law

Under Texas law, and per well-established firearms statutes, an individual who has not been on probation or under supervision for over five years has their firearm rights restored, including the right to possess a firearm in their home or residence.

I have not been on any probation or supervision for over three decades.

This means:

1. My firearm rights were fully restored long ago.
2. My vehicle and the private property where I live constitute my home under Texas law.
3. I was legally allowed to possess both my BB gun and my personal firearm.

I have written documentation from both the property owner and property manager, confirming that:

- I am legally permitted to live on the property
- I am legally permitted to work security on the property
- I am legally residing there as my home
- I assist with safety and help maintain peace on the premises

This makes my possession of a firearm fully lawful and protected by statute.

Background and Wrongful Detention

As stated previously, I was wrongfully detained on October 2nd.

Officers:

- Entered private property without permission
- Never asked questions or attempted communication
- Immediately escalated the situation
- Used excessively tight handcuffs
- Prevented me from retrieving my phone from my vehicle
- Impounded both my truck and my dogs
- Microchipped my dogs against my explicit objection
- Traumatized my animals
- Forced me to pay nearly \$500 to retrieve my vehicle
- Forced me to pay over \$230 to recover my dogs “unaltered,” although they were still microchipped

- Embarrassed me in public and defamed my character

This incident was triggered by a case from over three decades ago, a case I did not commit and one that I am currently pursuing relief on, similar to the Michael Morton wrongful conviction situation. This decades-old injustice continues to affect my rights and how I was treated on October 2nd.

Case Status

Again, the District Attorney dismissed the case on October 30, 2024.

There is no legal reason for my firearm or property to remain in custody.

I reserve all legal rights, including:

- The right to seek counsel
- The right to file for damages
- The right to pursue civil action

- The right to file complaints regarding conduct and policy violations

Request for Immediate Release of Property

I am requesting immediate confirmation of:

1. Where I can pick up my firearm, magazines, ammunition, and BB gun
2. When I can pick them up
3. Assurance that all items, including the Smith & Wesson SD40VE (.40 cal), serial number HEP5962, and my magazines with rounds, will be returned without delay

?? Attached Documents

Please find attached to this email the following:

1. Statement Regarding Past Record / Documentation of my employment status and loss of job
2. DA's Dismissal / Case Rejection Letter
3. Letter from property owner verifying my residence / 3311 VAWA Letter with info for Kevin McBride
4. Civil Rights & Animal Rights Case Info
5. Inventory list of all items seized (firearm, magazines, ammunition, BB gun, etc.) Smith & Wesson SD40VE .40 caliber handgun, Serial Number HEP5962 All associated magazines and ammunition BB gun removed from my person, Any other personal items or equipment seized from my vehicle or person
6. Austin Police Report # GO - 2025-2751517- PDF
7. CAD Report # CAD 25-2751517
8. [REDACTED] and Wife witness contact information or statements (when available)

I look forward to your timely response

Respectfully,

[REDACTED]

Phone: [REDACTED]

Austin Police Officers Involved: Angela Coleman AP5162	Unknown: <input type="checkbox"/>
<p>Complaint:</p> <p>He found a cell phone on the 23rd of November. He called 311 that day to report the lost cell phone. 311 gave him two options: to take it to the carrier or to take it to the police. He chose to take it to the police. He called 311 back and was told that someone from APD would be in touch with him in the next 7-14 business days with next steps. Someone did reach out to him at 8:00am on Thanksgiving morning and told him to take it to the nearest police station.</p> <p>He called the police station and spoke to someone who told him he could not drop it off at a police station and would have to take it to evidence. He called the evidence department this morning and was told he could not drop off evidence there and to take it to the nearest police station.</p> <p>He went to the Austin Police North Substation. Officer Coleman came down the stairs into the lobby and was rude and dismissive to another person in the lobby who wanted to file a police report and then went to speak to the complainant. She proceeded to scold him for not turning in the phone earlier. He explained that he followed all the steps given and jumped through hoops to get the phone to the right person. The complainant stated he could tell that the officer did not want him to be there. The officer continued to be rude to him about it taking a few days to turn it in. He didn't get a report number or anything, was walked to the exit and told to leave. He wants to make sure the officer's supervisor is aware of this officer's behavior.</p>

Austin Police Officers Involved:	Unknown: <input checked="" type="checkbox"/>
<p>Complaint:</p> <p>Two police officers in an unmarked car and not wearing uniform approached my home and, in an attempt to gain access to a neighboring yard, broke my locked gate to gain entry into my backyard. They gave me an odd case number [REDACTED] that I can find no information on (when I called it in, I was told it was not a real case number) and I was denied repair of my fence without explanation other than police are not liable if it was done during an official act. I feel like it infringed on my 4th amendment right and also scared everyone living in the home. They could have just asked if they could go into the backyard, but instead acted without care and destroyed my property. I have video evidence from ring and phone cameras. It was disgusting and disturbing. Type of Damage: Gate was forcibly opened while locked, shaking the posts loose, damaging the locking mechanism, and breaking the wood. See images below (renters added decking after the incident to close openings). I have video recordings of them driving up in the unmarked car and breaking the fence.</p>

Nature or complaint: Discourtesy or Improper Conduct	
Austin Police Officers Involved: Detective Holmes AP6858	Unknown: <input type="checkbox"/>
<p>Complaint:</p> <p>The complainant alleges:</p> <p>He was in his room. His wife and son were on their back porch with the dogs. They heard two gun shots and came inside. They called their neighbor and the complainant went outside with his light. He believed that one of the neighbors two houses down was the one who shot the gun. He has had ongoing issues with this neighbor, and he has been a nuisance in the neighborhood since he moved in and has been scaring the neighbors. The neighbor two houses down pushed the complainant and assaulted him. They called the police.</p> <p>The officers came and began speaking to them. Officer with the badge number 10541 took their statement about what happened. The complainant gave them his neighbor's name and address. The complainant's son and neighbor also gave statements. About two weeks later, the complainant got an email saying APD wasn't going to do anything because they didn't have the name or the address of the suspect. Detective Holmes AP6858 told him the complainant needed to file a report online or go in person to file the report because there were no bruises. The detective was kind of short with the complainant over the phone. The complainant requested a call back from the Detectives Supervisor- Sgt Martin and hasn't heard back yet. The complainant tried to file the report online, but it kicked them off and said they needed to call the police. The police report says that the neighbor only pushed the complainant, but the neighbor hit him twice and then pushed him. There were witnesses and APD didn't talk to them. Cause number 25-2911542</p>

Austin Police Officers Involved: Ramiro Ramirez AP5663	Unknown: <input type="checkbox"/>
<p>Complaint:</p> <p>Dear Officer Murphy,</p> <p>I am writing to request your immediate attention and supervisory review regarding Case [REDACTED], as the lack of progress and communication to date has created significant challenges for both our customer and our business.</p> <p>My name is [REDACTED], and I am the manager of [REDACTED] a residential cleaning company serving the greater Austin area. One of our long-standing customers, [REDACTED], who has been with us since March 2010 without prior issues, reported missing two wedding bands following a cleaning on [REDACTED]. The estimated value of these rings is approximately [REDACTED], respectively.</p> <p>After conducting an internal review, we advised [REDACTED] to file a formal report with APD, which she did on [REDACTED]. The case was assigned to Detective Ramirez [REDACTED]. Unfortunately, despite leaving four voicemails over two weeks, I received no response until I had 311 intervene. When I finally spoke with Detective Ramirez, his only comment was, "I cannot force these employees to call me back."</p> <p>[REDACTED] also contacted him and was told that pawn shops were checked (though no details were provided), and that neither of the two employees involved had returned his calls. He further stated that he will be leaving the department in January and that the case will likely be suspended.</p> <p>Given the approximate value of the missing items, this matter clearly falls under grand theft, and I am concerned about the lack of urgency. Specifically, I need clarity on whether the following actions have been taken:</p> <ul style="list-style-type: none"> • Has the detective personally visited local pawn shops? • Has he attempted to visit the residence of the former employee involved? • Has he contacted me to arrange a meeting with the current employee still on staff? • Has he had a thorough conversation with [REDACTED] to confirm details and rule out misplacement? • Has he obtained proof of ownership from the customer? • Has he provided reasonable updates or explanations to either [REDACTED] or myself? <p>As I know many of these answers are likely "no," I am now reaching out to you directly. Please understand that I cannot proceed with filing an insurance claim without documentation of a</p>	

reasonable APD investigation, as our insurer will require supporting evidence and a “proof of loss” that includes APD findings.

This matter has been ongoing for nearly three months, and the dismissive tone I have encountered is troubling. I respectfully request that you either reply to this email with substantive information or call me directly to discuss next steps.

Thank you for your service. One of the reasons the public was upset about your handling of the outset of the [REDACTED] case was the initial message. You stated that it was a suicide. APD often makes definitive statements so early with investigations. Why do y'all then say it is too early in the investigation to give further information. This does not make sense. To the public, it appears that no intentions to investigate further or that you appear to be hiding something. APD does their office a disservice by releasing final judgements on cases like the [REDACTED] case

Austin Police Officers Involved:	Unknown: <input checked="" type="checkbox"/>
<p>Complaint:</p> <p>The complainant alleges:</p> <p>Nov. 28 at 12:46 am, the death of [REDACTED] has been grossly mishandled by the Austin Police Department in their perverse Justice. A parent has lost their child and their only concern is the harassment they are experiencing when people are outraged by the mishandling of their investigation. Since here reported death, the Austin Police Department immediately stated there were no signs of foul play and were declaring it a suicide before thoroughly investigating the same day they found her body. As soon as her grieving parents hired an attorney they declared her death a suicide not long after, before the medical examiner has even declared anything. Most significantly, the [REDACTED] apartments have had two deaths of Hispanic students falling from a balcony of over 17ft, in the duration of six years when a young man died similarly to [REDACTED]. That is a huge concern! I strongly believe these cases of Hispanic students and people of color are being unjustly overlooked. This case warrants further investigation and involvement of higher levels of authority to hold the Austin Police Department accountable. Wether knowingly or unknowingly, the neglectful actions led by the Austin Polic Department, has overlooked two deaths of Hispanic students falling from the balcony of the same apartment. These deaths do not coincide with typical suicidal behavior that usually tends to isolate beforehand. Lastly, even if [REDACTED] struggled with mental health witness statements and the conduct by the Austin Police department do not align. [REDACTED] could have been drugged and in a situation where she was surrounded by enemies, not friends. Especially, when an altercation occured with another friend of the same group over her boyfriend. They could have forced her off and made it look like a suicide. They are using her mental health against her. I am a mother and any parent would be outraged by the handling of this case for this young inspiring Hispanic female by the name of [REDACTED] who had a beautiful future taken from her. Please get other authorities and agencies involved to conduct a proper investigation.</p>

Nature of complaint: Discourtesy or Improper Conduct	
Austin Police Officers Involved: Perez AP9098	Unknown Officer: <input type="checkbox"/>
<p>Complaint:</p> <p>On the date of 10/19/2024, I was unlawfully apprehended by APD officer Perez(9098) along with other officer whom both were on foot. As I was strolling the downtown area proceeding from W. 6th street heading eastward, I decided to stop and have a seat in an alley in between Red River and Trinity caused by excessive walking and fatigue and to converse with acquaintances. Thereupon officers approached me immediately stating "place your hands behind your back", without providing legitimate probable cause of the crime I allegedly committed. Neither was my rights Miranda rights read to me pertaining to offense which police officers are required to read suspects according to Tx Code of Criminal Procedure at some point during one's detainment. In addition, I declare this matter of incident to be discrimination based on the fact that there were a crowd of others whom which were sitting in the same area prior to my arrival given that officers had to walk past an entire group of people to even approach me. Perez attempted to justify actions by stating he gave several warnings to leave location whereas I was not within vicinity if this was so nor did I hear precaution otherwise I would have obviously obeyed order. Resulting of this situation is what led to failure to identify and resisting arrest (caused by illegal arrest, harassment, violation of rights and assault by officers. Officers involved assaulted me all because I expressed the need to fight for my rights and not comply with their blatant misconduct. Officer Perez swelled my jaw on the right side by aggressively pressing my face against the wall during arrest and others slammed me to the ground while choking me as I screamed and pleaded I could not breathe. Repeatedly I requested for medical however was ignored and denied, then forced into patrol vehicle with both of my feet restrained, an unlawful act. Upon booking I was then informed of charges pending which were: 1) violation of city ordinance(an offence only punishable by fine); 2) failure to identify; 3) resisting arrest(2x). I was also assaulted by officer Perez#9098) along with other sheriffs upon booking.</p>

<p>Complaint: The complainant alleges:</p> <p>To: Chief Of Police/Lisa Davis From: [REDACTED] Re: Undetermined cause of death of [REDACTED] without a final autopsy/ Failure to follow protocol</p> <p>Ms. Davis,</p> <p>How is it possible for the Austin P.D. To determine Ms. [REDACTED]'s cause of death without first waiting for the autopsy results from the coroners office?? This is protocol for EVERY LAW ENFORCEMENT AGENCY! The investigator who released the cause of death needs to be put on administrative leave and YOU need to assign a more competent investigator to try and bring back Austin P.D''s credibility.</p> <p>This young lady reminds me of my daughter who was also Magna Cum Laude. My daughter went on to obtain her business and Master Degree from the University of Southern California. If I was put in the Ms. [REDACTED] (mothers) situation, I would have done exactly the same, hired a attorney due to the clear incompetence of Austin P.D.</p> <p>This case needs to be property investigated AND PROTOCOL MUST ALWAYS BE FOLLOWED WHICH WAS NOT IN THIS CASE!!! How can an investigator determine the cause of death while the Coroner's office is still conducting the autopsy ?? Incompetence and irresponsible come to mind when I heard about this case and Austin P.D as the assigned agency who conducted or continues to conduct the investigation!!??</p> <p>Respectfully, [REDACTED]</p>

Nature or complaint: Delayed Police Response	
Austin Police Officers Involved:	Unknown: <input checked="" type="checkbox"/>
<p>Complaint:</p> <p>Twice in about two weeks police have put stickers on my two cars over parking violations, However I cannot get any help for the constant loud music from several homes around and on [REDACTED] for the past year or more. It is interesting that neighbors are aloud to continuously disrupt those around them for hours at a time, but vehicle parking violations are what is actually addressed here. The noise is unbearable and I now hate Austin and plan on leaving. Anyone in this area can attest to the fact that the same homes make it repeatedly hard for the rest of us to have peace. These loud music sessions have been reported, then the noise lasted for over 12 hours going sometimes until 4am. My recent parking violations have seemed a bit retaliatory in nature.</p>

Nature or complaint: Improper Police Procedure	
Austin Police Officers Involved: Ofc. Bland, J. AP9919	Unknown: <input type="checkbox"/>
<p>Complaint:</p> <p>On September 14th, 2025, I was a passenger in a vehicle when Austin Police Officer Badge #9919 unlawfully escalated a situation that had nothing to do with me. I was drinking, but I was not driving, and there was no crime, no disturbance, and no legal reason for the officer to demand my name or ID. Despite having no probable cause, he ordered both of us out of the car—forcing me to stand outside without shoes—and then made me put my hands behind my back. He placed me in the back of the police car with my hands cuffed backwards, causing immediate pain and damage to my wrists. My wrists swelled so badly afterward that I couldn't even wear bracelets for weeks, and now, in December, they still hurt. I continue to suffer emotional trauma from what he did. As a former first responder from [REDACTED], this officer's unjustifiable behavior has shaken my trust in law enforcement entirely.</p> <p>To make matters worse, the officer's misconduct continued when the lieutenant falsely accused my husband of injuring my wrists—when it was Officer 9919 who caused the injury. My husband merely touched my wrist because I told him it hurt. Despite that, the lieutenant had him arrested while completely ignoring the real cause of my injury. The actions taken against both of us were ridiculous, unjustified, and a violation of my constitutional rights in every possible way. I am demanding a full investigation, interrogation of Officer 9919, review of body-camera footage, disciplinary action up to removal, and compensation for the physical harm, emotional trauma, and ongoing suffering caused by this officer's misconduct.</p>

<p>Complaint:</p> <p>rom an email thread forwarded from Austin 3-1-1:</p> <p>Good morning –</p> <p>Please see the complaint below regarding patrol not responding to commercial vehicles parked in a residential neighborhood overnight. This requester requests contact back. There was a service request entered on 12/7/2025 for patrol response, with notes stating: Call Entered for Police Dispatch - Close SR Completed Date: Dec 07, 2025 7:41 AM</p> <p>Details:253410447</p> <p>Good morning,</p> <p>We received the following emails from a resident regarding ongoing issues in their neighborhood ([REDACTED]) with an illegal commercial truck parked on the street:</p> <p>“The Austin police refuse to do anything. This is a code issue as well. Please work with your mgmt and the APD and resolve this issue. Simply saying it''s not your issue is no longer acceptable. DPS and the municipal courts will be contacted if you all continue to push to another agency. I have had enough. Years of this in a neighborhood full of families. I am going to forward this to the APD escalation team.”</p> <p>This email follows their earlier statement that the matter involves both code enforcement and public safety concerns, and that they intend to escalate to DPS and municipal courts if not addressed.</p> <p>“The Austin police called and are not enforcing the laws. I need help please. Who can I speak with? We need the top involved</p>	

In Austin, parking large commercial vehicles (especially with signage) overnight on residential streets is generally restricted by City Code and State Law (TX Transp Code § 545.307), particularly in signed areas or near homes, though exceptions exist for active work/delivery. Homeowners can petition for signs to enforce overnight restrictions, and residents can report violations via 311 for issues like excessive size (over 22 ft/5500 lbs empty) or blocking driveways/sidewalks, leading to warnings and fines, though enforcement focuses on the parking on public streets within R zones.”

Service Request 25-00410116 (25-3410447) December 7, 2025

Service Request 25-00149846 (25-1271344) May 7, 2025

Can someone please review and follow up directly with the citizen to provide guidance on next steps (additional email chain below)?

Complainant's Name (if given):	Anonymous <input type="checkbox"/>
Nature or complaint: Improper Police Procedure	
Austin Police Officers Involved: 6858 - Holmes, Austin	Unknown: <input type="checkbox"/>
<p>I am filing this complaint regarding repeated concerning conduct by Detective Austin Jordan Holmes, Badge #6858, spanning at least six years. The incidents below, taken together with his prior sustained disciplinary history, indicate a pattern that requires formal investigation.</p> <ol style="list-style-type: none"> 1. Prior Sustained Discipline (Relevant History)? In IA Case 2019-0710, Detective Holmes received a sustained finding and Oral Reprimand for using a tobacco product while engaged in official police business, in violation of APD Policy 946.2 (public record). 2. May 2023 – Alleged Failure to Properly Investigate Assault Harassment? <p>In May 2023, a female victim filed a complaint alleging that Detective Holmes closed her assault and harassment case despite her submission of evidence of physical injury, recent major surgery, and ongoing harassment. The case was closed citing “lack of evidence.” This closure appears inconsistent with APD policies requiring thorough investigation of reported crimes, particularly those involving vulnerable victims. Complaint Number: 2023-0377 Case [REDACTED]</p> 3. February 28, 2025 – Alleged Abuse of Authority and Retaliation ?On or about February 28, 2025, an individual received a telephone call from a person claiming to be law enforcement who stated that a felony arrest warrant was about to be issued and that the recipient would become a felon. ?When the recipient went in person to an Austin Police Department facility to verify the claimed warrant, on-duty personnel informed them that Detective Holmes is not a police officer (indicating he lacks authority to issue or execute warrants in that manner) and that the call was likely a scam, as no warrant existed.? The recipient believes the call originated from Detective Holmes and was made in retaliation for a police report the recipient had previously filed against his own ex-girlfriend regarding the theft of the recipient’s bicycle.? If substantiated, using (or appearing to use) official authority to intimidate or retaliate against a citizen for filing a legitimate police report would constitute serious violations of APD policy and Texas state law, including Texas Penal Code § 36.06 (Retaliation) and § 37.08 (False Report to Peace Officer). Complaint Number: 2025-0161 <p>Request for Investigation</p>	

Given Detective Holmes's prior sustained discipline in 2019 and these two additional serious allegations in 2023 and 2025, I request that this complaint be classified for formal Internal Affairs investigation. I specifically ask that investigators review:

All telephone records, call logs, and CAD entries associated with Detective Holmes on or around February 28, 2025

The complete case file and investigative steps taken in the May 2023 assault harassment complaint

Any additional complaints or patterns involving similar conduct

Thank you for your attention to this matter

Nature or complaint: Follow-up by Detective or Officer	
Austin Police Officers Involved: Det. Gil, M. AP7065	Unknown: <input type="checkbox"/>
<p>Complaint:</p> <p>My complaint is with them all when it comes to dealing with mentally challenged citizens. They always want to take them to jail instead of the hospital. They need more training on how to deal with these people.</p> <p>[REDACTED] was murdered on September 25th 2024. The officer's went to his father's place to let him know that he was thrown out of a vehicle. Come to find out, that was false. Shortly after, we spoke with the morgue and that lady was unsure of the information she was giving. Mumbling her words and just talking under her breath, as if she was unsure of her statements. She also misspelled his name which caused [REDACTED] to turn away without his body. Mistakes like that should not be made. So, the detective ; Matthew Gil, who was assigned to the case for investigation agreed to let us see the video. He stated before the video started that [REDACTED] was walking back and forth across the street. Mind you, he didn't show us that part of the video. (I know my son, no matter what, he had better sense than that).. Det. Gil practically rushed the video and left us feeling some type of way. He had to re-do the police report several times. Stated the driver had license when he didn't and other discrepancies. He didn't try to slow the video down and blow up the second car's plates. I feel like he wasn't in our best interest at all. He and his co-worker [REDACTED] gave me the impression that they weren't all in . If you have a position like that, I feel like you should have some compassion. They had to borrow the laundromat's camera because the city has Springdale and MLK set up with a dummy camera. Makes no sense at all. To top it all off, a year after [REDACTED] death, they put up a sidewalk. (Ironic). So much more to say, this is a start. I'm so distraught, discouraged and disappointed about how this whole case was handled. They need more training.</p>

Austin Police Officers Involved:	Unknown: <input checked="" type="checkbox"/>
<p>Complaint:</p> <p>On 12/11/25, between 7:30 AM and 7:45 AM, at the Trinity Methodist Church parking lot at 44th and Maybelle (northeast side), APD vehicle 9288 appeared to be doing nothing but stalking me - a Straight Christian Man. When I started writing down the vehicle number for this complaint, while standing on the public sidewalk, APD vehicle 9288 quickly drove right at me before pulling up next to me, trying to intimidate me and make me move. I stood my ground, watching the APD vehicle. The male police officer then asked me, "What's up?" I did NOT respond. I simply stared right back at him until he drove back to where he initially was in the parking lot. I kept looking right at him until he finally, but too late, left a few minutes later. He did NOT appear to be answering a call.</p> <p>Identify and reprimand the guilty male officer so that he NE ER does that to me again anywhere. This is the third such incident at the same place at about the same time of morning in the past 30 days - 11/15/25, between 7:10 am and 7:20 am, APD vehicle 2693 was the first and 11 27 25, between 7:25 am and 7:30 am, APD vehicle 2689 was the second. Both of those incidents were also documented with OPO.</p> <p>I testified to the Public Safety Commission earlier this month that this alleged APD stalking behavior will NOT be tolerated.</p>

<p>Complaint:</p> <p>This morning at approximately 05:52 am, I witness two officers in black police SUVs pull an illegal u-turn at a red traffic light at the intersection of Dessau Rd and Shropshire Blvd/E Braker Ln. The officers pulled through the red light heading South West on Dessau Rd and pulled a u-turn back onto Dessau Rd heading North East.</p>

Complaint Number: 2025-2669	Date of Complaint: 12/16/2025
Complainant's Name (if given): [REDACTED]	Anonymous <input type="checkbox"/>
Nature or complaint: Follow-up by Detective or Officer	
Austin Police Officers Involved: Det. Tavera, J. AP8762	Unknown: <input checked="" type="checkbox"/>
<p>Complaint:</p> <p>This message is from [REDACTED] [REDACTED]</p> <p>Dear Office of Police Oversight,</p> <p>I am writing to formally request assistance and review regarding the handling of my burglary case with the Austin Police Department.</p> <p>Case Number: [REDACTED] Assigned Detective: Jaimes Tavera Detective Phone: [REDACTED]</p> <p>This case involves a large-scale residential burglary in which both of my vehicles were stolen (and later recovered) and over \$300,000 worth of personal property was taken from my home.</p> <p>I am extremely concerned that critical evidence has not been preserved or followed up on in a timely manner, despite repeated attempts on my part to communicate with the assigned detective.</p> <p>Video Surveillance Evidence Not Preserved</p> <p>According to [REDACTED] the apartment complex manager, he informed Detective Tavera multiple times that:</p> <p>The apartment's elevator and building surveillance videos were too large to save</p> <p>The detective needed to come in person to view the footage</p> <p>The videos were subject to automatic erasure if not viewed promptly</p> <p>At the time, I was out of town, and even after I returned, it took many days for Detective Tavera to respond or come to the property.</p>	

When the detective eventually arrived, [REDACTED] stated that the elevator and building footage had already been erased due to the delay. [REDACTED] indicated that the detective had been advised earlier to come view the footage in person.

However, Detective Tavera later told me that he “thought” the videos were saved, which is inconsistent with what the apartment manager states he clearly communicated.

As a result, potentially critical surveillance evidence appears to have been lost.

HEB Receipt Evidence – Urgent Concern

Additionally, a receipt from HEB was recovered from one of my stolen vehicles. This receipt includes:

The store location

The date and exact time

The specific register used

Indication that a SNAP/EBT card (or similar assistance card) was used

This receipt may be one of the strongest investigative leads in the case, as it could potentially identify the individuals involved.

Despite the urgency and the fact that retail surveillance footage is also subject to erasure, Detective Tavera has not yet gone to HEB to view or secure the footage, nor has he followed up on the SNAP/EBT information tied to the transaction.

I am very concerned this evidence may be lost as well if it is not addressed immediately.

Communication Issues

I have made numerous attempts to contact Detective Tavera via phone calls and text messages over many days. Responses have been rare and delayed, leaving me without updates or clarity on whether critical investigative steps are being taken.

Request

Given the seriousness of this case, the amount of loss involved, and the ongoing risk of evidence destruction, I respectfully request:

Supervisor review of this case, and

Reassignment to another detective, or additional investigative support, who can promptly:

Follow up on the HEB surveillance footage

Investigate the SNAP/EBT transaction

Review the circumstances surrounding the lost apartment surveillance footage

My goal is simply to ensure that this case is properly investigated and that remaining evidence is preserved before it is lost.

Thank you for your time and assistance. I am happy to provide any additional documentation or information if needed.

Sincerely,

[Redacted Signature]

Complaint Number: 2025-2670	Date of Complaint: 12/17/2025
Complainant's Name (if given):	Anonymous <input type="checkbox"/>
Nature or complaint: Improper Police Procedure	
Austin Police Officers Involved:	Unknown: <input checked="" type="checkbox"/>
<p>Complaint:</p> <p>To Whom It May Concern,</p> <p>I am submitting this as a formal complaint regarding the conduct of several Austin Police Department officers involved in my DWI investigation on [date]. Although I was ultimately released at the scene and not transported or booked, the incident raises serious concerns about training, accuracy, and adherence to APD procedures. The case was later dismissed.</p> <p>During the stop:</p> <p>I passed all standardized field sobriety tests.</p> <p>I passed the breath test.</p> <p>No odor of marijuana was noted.</p> <p>I did not admit to using any substance.</p> <p>No Drug Recognition Expert (DRE) evaluation was conducted.</p> <p>No physiological indicators of impairment were documented.</p> <p>A trainee officer made the primary impairment determination.</p> <p>Despite the absence of evidence indicating impairment, I was detained for approximately 92 minutes. My vehicle was searched, and the detention appeared to be based solely on possession of vape pens and the officer's subjective interpretation of my eyes. No standardized drug impairment protocol was followed.</p> <p>At the conclusion of the detention, the officer apologized for the situation and offered me a courtesy ride, acknowledging that the arrest decision was not supported. I was released at the scene without transport or booking. I am requesting that APD:</p> <p>Review the body worn camera footage and the arrest report.</p> <p>Evaluate whether proper procedures were followed.</p> <p>Determine whether the trainee officer received appropriate supervision.</p> <p>Document this complaint and advise me of the findings.</p> <p>My goal is to ensure accountability and prevent similar experiences for others. I appreciate your time and attention to this matter and request written confirmation that this complaint has been received and logged.</p> <p>Sincerely,</p> <div style="background-color: black; width: 100%; height: 20px; margin-bottom: 5px;"></div> <div style="background-color: black; width: 100%; height: 20px;"></div>

<p>The complainant alleges:</p> <p>[REDACTED]</p> <p>On 12/11 I was arrested. I was walking from down Cesar Chavez and was a few blocks from the Terrazas library when I stopped to rest and set down my belongings for a moment. A security guard across from the car lot close to the westbound bus stop told me I could not be there. Police were called, and showed up in a very aggressive manner while I was walking away on the sidewalk. The first police officer showed up alone and tried to grab me, but I didn't know what for. He could not grab me or get a grasp on me so they proceeded to use extra force and a taser gun. Another unit arrived about 2 minutes later in a different vehicle and they both tased me at the same time. I was handled very roughly , with tight handcuffs and bending and twisting my wrists so forcefully that I received deep and open wounds on my wrists and arms from the handcuffs, serious enough that I needed medical attention, wound care, and am on a course of antibiotics to treat these injuries (photos are attached, taken today, one week after the incident). During this incident I do not believe body cams were on but a dash cam was. The physical police brutality lasted from the police officers who showed up to the intake to the correctional officers that are in central booking twisting my wrists, left and right and tightening the handcuffs which were never loosened. The resulting wound is still open.</p>

Nature or complaint: Harassment	
Austin Police Officers Involved: Henderson AP3441	Unknown: <input type="checkbox"/>
Complaint: Chief of Staff Henderson and members of the City Legal team are engaging in harassment and creating a hostile work environment by pursuing investigations that are baseless. One such investigation involved Assistant Chief Gaslin, Commander Egal, Lieutenant Pittman and Sergeant Eads last year (all exonerated). This investigation was retaliation for not siding with Henderson, Commander Cruz and City Attorneys Ally and Warren over two other officers on a separate investigation. If you do not agree with City Legal and Chief Henderson, they will use Internal Affairs as a means of harassment to create a hostile work environment. An investigation needs to take place for all those mentioned in order to restore trust.

<p>Complaint:</p> <p>He was in a small collision. He called 311 and they told them because it was a small incident, to go ahead and exchange insurance information. The woman he was in the collision with believed that the complainant's information was false, so she called APD. Four hours later, APD showed up. APD said they wouldn't write a report, but took his information down to verify it, then gave back his driver's license and insurance information and said that he could leave. When he filed a claim with his insurance this morning, they told him the other party's insurance was incorrect. The complainant is concerned that only his information was validated and not hers and feels he was being discriminated against.</p>

Complaint: Leaving work from lakeline mall coming out at the intersection of rockstop blvd and ridgeline blvd but there was a bad two car accident that was blocking the intersection. I was going to try and make a U turn to go back into the mall i assumed traffic was being rerouted like it usually is during a terrible car accident but the cop ran towards my car screaming and shouting, I rolled my window down to understand him but he continued screaming at me i was immediately overwhelmed trying to comprehend what was happening i told him my ID was in my phone case which was in the passenger side of my car he continued screaming then he reached into my car to try and open my door when my car wasn't in park yet and i was diagonal in the middle of the road. He was extremely aggressive and i was scared and couldn't even process what was happening. He then took my ID and left me in the car for over 40 minutes while he never attended to the people in the car crash. During the whole time he never payed attention to the people from the accident while the victims tried telling him multiple times one person in their party was dizzy and not feeling good the ambulance was not called to the scene while both cars where totaled and airbags deployed. i was extremely aggressive and im terrified to think about what would have happened if he took me out of the car.

Nature or complaint: Discourtesy or Improper Conduct	
Austin Police Officers Involved: Kitt AP9452	Unknown: <input type="checkbox"/>
<p>Complaint:</p> <p>Officers Kitt and Sanchez conducted a traffic stop of my vehicle in downtown Austin. From the beginning of the encounter, Officer Kitt (Badge #9452) acted in an aggressive and unprofessional manner, including striking the vehicle window with his flashlight and speaking to us in a hostile tone. Two minors, ages 16 and 12, were present in the back seat. We were not initially informed of the reason for the stop and were immediately questioned about weapons. After my boyfriend disclosed possession of a legally registered firearm, he was handcuffed and placed in a patrol vehicle. Officer Kitt later stated the stop was due to failure to signal and a non-functioning license plate light, which we dispute, as the turn signal was used and the vehicle has not previously had issues with the license plate light. The vehicle was searched multiple times while we were repeatedly questioned about drugs and firearms, despite no illegal items being found. Officer Sanchez questioned my 12-year-old brother about drugs in his backpack, which I believe was inappropriate given his age. Despite multiple searches yielding no evidence, we were told there was marijuana residue in the vehicle, which is not accurate.</p> <p>Reason for Complaint:</p> <p>Based on the totality of the encounter, I believe we were unfairly profiled and treated in an intimidating and disrespectful manner, particularly by Officer Kitt. The conduct displayed did not align with professional standards expected of Austin Police Department officers and caused me to feel threatened rather than protected.</p> <p>Officer Description:</p> <p>Do you remember any details about the officer(s) you'd like to share?: Yes</p> <p>Name: Kitt (badge #9452)</p> <p>Physical description: Around 5'5 in height, African American male with facial hair</p> <p>Race: Black, Afro-Caribbean, or African American</p> <p>Gender: Male</p> <p>Badge number: 9452</p> <p>What was the officer wearing?: Uniform</p> <p>What kind of transportation was the officer using?: Patrol car or motorcycle</p>

Complaint Number: 2025-2714	Date of Complaint: 12/26/2025
Complainant's Name (if given):	Anonymous <input type="checkbox"/>
Nature or complaint: Improper Police Procedure	
Austin Police Officers Involved: Knodel AP7855	Unknown: <input type="checkbox"/>
<p>Complaint:</p> <p>Re: Formal Complaint Against Sergeant Knodel Badge# 7855 — Improper Classification of Collision & Failure to Enforce Duties After Collision</p> <p>I am submitting this formal complaint regarding the conduct of Sergeant Knodel Badge# 7855] on December 23rd, 2025 at [REDACTED], during an incident involving damage to my tow truck caused by a vehicle that was being operated under its own power on my tow deck.</p> <p>1. Summary of Incident</p> <p>While my company was performing a lawful repossession, the vehicle owner entered the vehicle, operated it under its own power, and attempted to drive off my tow truck. During this movement, the vehicle struck and damaged my tow truck and equipment. I contacted police so the matter could be properly documented as a collision, and so the required exchange of information—including insurance information—could occur.</p> <p>2. Officer Incorrectly Stated It Was “Not a Collision”</p> <p>Sergeant Knodel Badge# 7855 stated that the event was “not a collision” and refused to classify it as such. This statement was legally incorrect.</p> <p>Under Texas Transportation Code § 550.022 (Collision Involving Damage to Vehicle), the duty to stop and exchange information applies when:</p> <p>“The operator of a vehicle [is] involved in a collision resulting only in damage to a vehicle that is driven or attended by a person.”</p> <p>My tow truck was clearly attended by my employee, and the other vehicle was clearly operated and under the driver’s control. The movement of that vehicle caused direct damage to my attended vehicle.</p>	

This meets all statutory elements of a collision, regardless of where it occurred or what terminology the officer chose to use.

Courts have repeatedly held that the statutory duties after a collision depend on the facts of the event, not on an officer's subjective description:

Mokuolu v. State, 2003 WL 21235555 (Tex. App.—Texarkana):
Duties attach when a vehicle is involved in an accident causing property damage.

Kacz v. State, 2009 WL 5155548 (Tex. App.—Houston [14th Dist.]):
§ 550.022 is triggered by any damage to an involved vehicle.

Reynolds v. State, 2024 WL 1096350 (Tex. App.—Tyler):
Reiterates the statutory language of “collision involving damage to a vehicle that is driven or attended by a person.”

Nowhere in Texas law does an officer have discretion to redefine what is or is not a collision when the factual statutory elements are plainly met.

3. Sergeant Knodel Badge# 7855 Refused to Facilitate Required Insurance Exchange

After misclassifying the event, Sergeant Knodel Badge# 7855 refused to obtain or provide the other operator's insurance information.

This directly contradicts Texas Transportation Code § 550.023, which requires:

The operator of a vehicle involved in an accident resulting in damage to a vehicle that is driven or attended by a person shall:

- (1) Give their name and address;
- (2) Provide the registration number of their vehicle;
- (3) Provide the name of their liability insurer;
- (4) Show their driver's license if requested and available.

Because the event was legally a collision causing damage to my attended vehicle, the officer should have ensured compliance with § 550.023 and documented the driver's insurance information.

4. Officer Failed to Fulfill Statutory Duties to Investigate

Under Texas Transportation Code § 550.041, an officer who is notified of a motor vehicle collision causing property damage may investigate regardless of where it occurred, including private property.

Under Texas Transportation Code § 550.062, once an officer begins investigating a motor vehicle collision, he must complete a written report if the damage is ? \$1,000.

Alonzo v. State, 2008 WL 495164 (Tex. App.—Austin), held: Once dispatched to an accident, an officer has a duty to determine whether the event constitutes a reportable collision, and if so, must file a collision report.

Sergeant Knodel Badge# 7855 refused to acknowledge or evaluate the property damage, failed to determine whether the damage exceeded the \$1,000 reportable threshold, and instead prematurely dismissed the event as “not a collision.”

5. Statutory and procedural failures

Based on the statutes and case law above, Sergeant Knodel Badge# 7855: Incorrectly and unlawfully refused to classify the event as a collision; Refused to enforce the duties under § 550.022 and § 550.023; Incorrectly treated a factual collision as a non-event; Failed to assist in the required exchange of insurance information; Failed to follow the statutory framework governing collisions on private property. These actions prevented proper documentation of the incident, obstructed the lawful exchange of insurance information, and caused material harm to my company as the victim of the collision.

6. Requested Actions

I respectfully request that the department: Conduct a full Internal Affairs investigation into Sergeant Knodel Badge# 7855 actions; Determine why § 550.022 and § 550.023 were not enforced; Provide retraining to the officer in the proper classification of collisions and statutory duties after a collision; Provide a written response detailing investigative findings and corrective actions. Provide me with the other drivers insurance information as required by law.

Thank you for your attention to this matter.

<p>Austin Police Department Officer, in traffic, became unprofessional in the roadway, when driving recklessly. That assaulted a professional. The officer continued, recklessly to cause a hostile work environment, when causing high rates of speed into danger zones, and causing no response to city roadway requirements. That enforce discrimination and hate, when issuing a citation. The officer caused fear when asking to exceed citation into a civil rights violation, to enforce false arrest of innocent persons driving legally on roadways. The officer in excessive force, began opening doors, and to break windows, in act of illegal search and seizure. That was dispatched, a supervisor to respond to appropriate safety of a professional work environment.</p>

Nature or complaint: Follow-up by Detective or Officer	
Austin Police Officers Involved: Det. Brimhall, J. AP7288	Unknown: <input type="checkbox"/>
<p>Complaint:</p> <p>I am absolutely furious about a complaint made against my son's father that turned into an arrest warrant. [REDACTED] and [REDACTED] have been in a high conflict custody battle for their baby. Early summer, [REDACTED] has threatened that if he doesn't sign over his parental rights, that he would be going to jail on baseless claims of domestic and physical abuse. She has lied and coached her daughter to file a complaint of sexual contact with her underage teenage daughter. Williamson county sheriff completed their investigation and the DA refused to take the case due to concerns of retaliation and coaching. (attached is the DA letter). She has filed multiple baseless CPS complaints on my son and their baby which all have been closed or not taken further than an initial intake. She has called in complaints to multiple law enforcement agencies across Williamson County and Travis County (and recently Hays County) on the baseless claim that he is stalking and harassing her or kidnapping their baby. (which he has sole custody of as a result of their 3rd and final custody hearing on Oct 31)</p> <p>This leads us to the incident on Oct 16 where [REDACTED] tried to talk to her while they were on the road in Austin near Airport Blvd. He wanted to tell her about the order for a Writ of Habeas Corpus that was granted by Judge Terrance Davis of Williamson County...but due to her suspicious behavior in the car with her phone, he decided not to continue communication. She took this incident and decided to file an "impersonation of law enforcement officer" claim. Somehow, this was processed WITHOUT EVER CONTACTING [REDACTED] and it then turned into an arrest warrant.</p> <p>His family had to come together and spend \$10K on an attorney to get his bond and help fight this BASELESS charge. As the attorney was reading the police report, we all were absolutely baffled at the absurdity of the details. "He threw a badge in through her car window". A person impersonating a law enforcement officer is going to throw his badge in through her car window?? She also stated there as an unopened package which was given to her by [REDACTED] and had an Apple Watch which must be how he tracked her. YOU HAVE TO LINK AN APPLE WATCH TO THE PERSON'S PHONE IN ORDER TO TRACK IT!!</p> <p>I am absolutely furious because of the trauma this caused. [REDACTED] had cried telling our 14 year old son how he had to turn himself in (this was when we found out about the arrest</p>	

warrant and before the attorney was hired) and how he may have to stay in jail for some time before he could get a bond. [REDACTED] parents were visiting from out of state and had to go through this emotions of their son being processed and in jail. My son will be starting therapy next month to talk about this event.

Also, with an arrest warrant, my son (and even his friends) could have been in the car with him and if he had gotten pulled over for something simple like not coming to a complete stop at an intersection, he could have been arrested on the spot with my son witnessing that type of traumatic event.

If a simple investigation was done...a simple call to [REDACTED] a lot of this could have been avoided. NO ONE TALKED TO HIM. No one except [REDACTED] knew there was an arrest warrant coming. She also is documented through a court filing she has made stating she knew he was to be arrested at their custody hearing that was on Oct 31 (the arrest warrant was granted Oct 30). The only reason we were made aware of the warrant was because the Constable from Precinct 5 was trying to execute a Writ of Attachment ordered by Judge Davis to get the baby from [REDACTED] and into the hands of the [REDACTED] who was granted sole conservatorship.

I absolutely need to understand why [REDACTED], his parents, and our 14 year old son had to go through such a traumatizing ordeal and spend \$10K for an attorney to then receive a letter from the DA later that they would not be pursuing the charges due to lack of evidence....especially when the details of the report were absolutely absurd.

I have also attached the DA letter from Travis County to show that this impersonation charge would not be pursued. A simple call to [REDACTED] could have explained many things in the past that shows how volatile [REDACTED] is with her vendetta against [REDACTED]

How did this claim even make it as far as an arrest warrant?? Did NO ONE in the department think the details were odd enough to at least talk to [REDACTED]??

Complaint: His son's girlfriend called the police. They arrived at the residence, kicked in the door and pulled guns on the complainant's son. The neighbors came out and said that his son was not the aggressor. His son was not arrested. The complainant was not there and was not able to provide the address but wanted to make a complaint about the aggressive way the police treated his son.

<p>Complaint:</p> <p>The complainant alleges:</p> <p>I am 67 years old and have been assaulted twice by the same person during the last 2 months. I filed a police report each time. No action was taken on either.</p> <p>The first police report (#2025-9028253) was accepted by APD. But no action was taken. And no communication with me was attempted.</p> <p>The second police report (temporary reference #2585827) was rejected with the notation that I should have called 3-1-1 at the time of the incident instead of filing a formal report.</p> <p>After the second non-action, I complained to Chief Lisa Davis. But she also did nothing.</p> <p>I had thought that one of the top priorities of APD is to protect the elderly. That appears to have been a misapprehension on my part.</p>
