

OFFICE OF POLICE OVERSIGHT

NOTICE OF COMPLAINT

May 27, 2022

ICMS #: 2022-0411

On May 23, 2022, the OPO received an online complaint.

The complainant alleges: Shots were fired near my apartment unit at [REDACTED] on [REDACTED]. I ducked for cover since the shots were so loud I thought it was inside my unit and that my life was in danger. I called 911 and reported a possible shooting, they told me they would dispatch officers to drive around the area. 30 minutes later after confirming on my ring app community forum that other people also heard the shots, I called 911 again and told them they were real shots and they need to send police to investigate but the dispatcher cut me off and told me the call was closed so it meant the problem had been resolved. Also noted that 911 operator never asked me if I wanted to speak to an officer directly. Officers never came to investigate. I went to APD to speak with officers directly and filed a report. CASE [REDACTED]

This notice of complaint is a request for Internal Affairs to initiate an investigation to determine if the employee conduct is within compliance of APD policy, Civil Service Rules, and Municipal Civil Service Rules.
