### NOTICE OF COMPLAINT

---

February 17, 2023

ICMS #: 2023-0127

On February 13, 2023, the OPO received an online complaint.

**The complainant alleges:** Every time I call police for my area they can never do anything to help. Having an attitude with a person like myself who has mental diagnosis I don't need to be treated like I'm a nobody. I walked over to my neighbors and I got verbally attacked by a black male 50"s who does not reside in the complex. The officer tells me it's an apt complex and he can't do anything to help me. When I've already witnessed this man pull a knife out and try and stab someone. He walks around all day and rides a bike blasting his music and disturbing our peace. I have a video of him trying to jump towards me verbally attacking me. I know this man carries drugs and weapons all the time. I could walk out my apt tomorrow and get killed I'll just be another person on the news. Last time officers got called out here and couldn't do anything to help me. A big fight broke out and APD has the video the cops were called out within 48 hours from the first time I called. I just don't understand how we have Police officers we call to help us and they can't ever do anything. What city council representative do I reach out to about this. Even when I asked for his name and badge # he got an even more attitude and tried to rush me. Officer [REDACTED] badge [REDACTED]
