

OFFICE OF POLICE OVERSIGHT

NOTICE OF COMPLAINT

April 8, 2022

ICMS #: 2022-0251

On April 6, 2022, the OPO received a phone complaint.

The complainant alleges: She called APD regarding an incident with her child and her younger brother. She was showing the officers the video she had but they were more concerned about a previous warrant for her arrest. She ended up going to the hospital because Officer [REDACTED] and another officer came into her home and slammed her to the floor, breaking the tv in her bedroom. She was taken to jail for 5 -6 months for the violation of her parole on the previous warrant. When she asked officers for a copy of the police report she was given a blank police report. The way the officers treated her was wrong and resulted in her baby being born a week early and the child still has ongoing medical issues.

This notice of complaint is a request for Internal Affairs to initiate an investigation to determine if the employee conduct is within compliance of APD policy, Civil Service Rules, and Municipal Civil Service Rules.
