| <b>Complaint:</b><br><br>The complainant alleges:<br><br>"Subject: Formal Complaint regarding Professional Misconduct and Malicious Reporting – Case #2026-121251<br><br>To the Office of Police Oversight (OPO):<br>I am filing this formal complaint regarding the unprofessional conduct of APD Officers DOSS (AP9224) and DIBIASIO (AP10470) during an incident on January 12, 2026, at approximately 21:41 (Case #2026-121251).<br><br>On that night, I was parked on a public street near 7802 Peaceful Hill Ln while accessing a community resource (community fridge). I was approached by Officers DOSS and DIBIASIO, who immediately displayed a hostile and aggressive demeanor, treating me with unwarranted animosity and prejudice.<br><br>This incident was exacerbated by a complainant who has engaged in a pattern of malicious reporting, intentionally misrepresenting my lawful and peaceful activities as "criminal trespass." The officers failed to perform an objective investigation, choosing to adopt the complainant's false narrative without verifying the facts. By accepting these knowingly false allegations, the officers have effectively weaponized the justice system against me, leading to severe and ongoing psychological distress.<br><br>Evidence Statement:<br>I am in possession of complete, high-definition video evidence capturing the entire encounter with Officers DOSS and DIBIASIO, including both dashcam footage and mobile phone recordings. This objective evidence directly contradicts the officers' official narrative and confirms that: I remained on public property at all times and never trespassed onto private property. My activities were peaceful and lawful, intended only for the purpose of utilizing a community fridge.<br><br>The officers' conduct was unprofessional, biased, and failed to meet the department's standards for public service. |                                           |

Formal Request:

I request a formal investigation into the conduct of Officers DOSS and DIBIASIO, specifically their failure to objectively verify evidence and their hostile treatment of a citizen.

I request a formal correction of the CAD logs associated with this incident to reflect the factual reality, rather than the complainant's false allegations.

I am putting the department on notice that I am actively seeking all available legal remedies, including civil litigation for damages caused by this malicious reporting and intentional infliction of emotional distress.

I am prepared to submit my video evidence to the relevant investigators upon request. I expect a prompt and thorough review of this matter.

Furthermore, the officers issued a 'Criminal Trespass Warning' (CTW) against me, effectively banning me from this location for one year. This order was issued solely based on the complainant's false allegations and without any objective investigation into whether I had actually trespassed. I contend that this CTW is based on fraudulent information and serves as a tool for the complainant to continue their harassment. I formally request that the department review the validity of this warning and, given the evidence that no trespass occurred, formally rescind the CTW immediately.

No formal written documentation of this CTW was provided to me."

| <b>Complaint:</b><br><br>The complainant alleges:<br><br>We were driving home on Southwest Parkway to MoPac when we were almost hit by an officer that was on his laptop while driving. Once he passed, he was driving 70 mph in a 50 mph zone weaving in the lanes because on his laptop distracted. Once there was some traffic, in front of him he turned on his lights for the cars to move and turned the lights off once traffic cleared. When he pulled up to the light he took an illegal right turn and when he got to the next red light he ran the light. We pulled up behind him at a red light where he couldn't abuse his power and recorded license plate 161 -5556 police vehicle 0173. After that he was aggressively tailgating a car in front of him while getting on 290.<br><br>Driving Infractions within a 10 minute window when we were around this officer: <ul style="list-style-type: none"><li>- Distracted driving, using laptop causing him to swerve between lanes</li><li>- Driving around 70 mph in a 50 mph zone</li><li>- Turning on lights for traffic to move for his own gain</li><li>- Illegal Right turn</li><li>- Running red light</li><li>- Aggressive tailgating</li></ul><br>I support our police, but I feel this was an abuse of power and if a standard driver was doing this they would be pulled over. The officer did not seem they were driving to an emergency and did this solely for convenience. |                                                     |

| <b>Complaint:</b><br><br><b>The complainant alleges:</b><br><br>I am filing a complaint regarding an encounter with Austin Police Department officers today. I had just finished my work shift and was walking home when officers stopped me for crossing a clear, empty street. The officers claimed they were stopping me for jaywalking because it is a "high-crime area."<br>Throughout the interaction, the officers exhibited an aggressive and unprofessional demeanor. Because I was naturally anxious during the stop, the officers used my visible nervousness to claim I was "acting weird" and pressured me into a physical search/pat-down.<br>Most concerning, during the physical contact, I explicitly informed the officers that I have a fracture and needed them to be careful. The officer completely dismissed my medical condition, stated, "relax, I barely touched your arm," and continued to handle me without regard for my injury.<br>I am requesting a formal review of this incident and the officers' body-worn camera footage. I believe the officers used a minor pedestrian infraction as a pretext for an unjustified search, failed to maintain professional and courteous conduct, and acted with negligence toward my physical safety after being explicitly informed of a medical injury.<br><b>Officer Description:</b><br>Physical description: tall tall white man big nose, 2 short white men white orange beards , they look irish or ginger.<br>Race: Other<br>Gender: Male<br>Badge number:<br>What was the officer wearing?: Uniform<br>What kind of transportation was the officer using?: Patrol car or motorcycle |

| <b>Complaint:</b><br><br><b>The complainant alleges:</b><br><br>I am very disappointed with the Austin police department. This is now the 2nd time I am having to write in for the force and actions they take during an arrest. It's so sad to see the racism in this department. Me and my friends were down town minding our business when people came up and started problems with us because my friend [REDACTED] accidentally bumped into the other people involved in the altercation. The guys were walking the opposite way from us and then turned around and created conflict. One guy had swung on my friend [REDACTED] first and then the other one came and started jumping [REDACTED] started trying to help the situation out and help [REDACTED] out and then apd came and slammed [REDACTED] on the ground causing his face and arms to bleed so bad they had to put him in a head wrap. It's so unfortunate how Austin police department gets to over use force time and time again and then they keep getting away with it and nothing is ever resolved. I am very upset with the charges they got booked in for as neither [REDACTED] tried to resist arrest in any way shape or form but both got charged with resisting arrest. I would like you guys to please really take your time to review this information because it makes me sick how this is even considered "OK" in the eyes of the law. This makes innocent people not want to rely on the police department in there time of needs which is a very scary world to live in. Something needs to be done in this department ASAP!!! |

| <b>Complaint:</b><br><br>The complainant alleges:<br><br>i had a terrible experience getting pulled over on my bike. their reason for pulling me over was that my front bike light was out (i forgot to charge it before leaving), even though my back light was blinking red and i was in the bike lane. as the police stopped me, i wondered why the two of them hopped out of their car instead of simply giving me a verbal warning. they proceeded to ask for i.d. whilst standing on either side of me, it was difficult to have a normal face-to-face conversation with them as i'd have to look over either of my shoulders whilst answering their question. after i told them my name and how i was just on my way to work. i thought i had left my driver license at home due to removing it from my wallet when making an online transaction the day before, so i told them i don't have my i.d. on me (turns out i did have it) as i tried getting my headlight on in hopes they'd quit bothering me so i could be on time for work. when it came on, i inched forward while asking if i'm free to go. this is when they decided to rough me up, placing me in handcuffs just as i was about to pull my Amazon badge out of my pocket as proof of occupation and identity. once i had the cuffs on, i asked "so am i being detained?" and they didn't give a clear answer; as i recall, one said "well..." and the other said "yeah" then one of them called for backup. i leaned against the backup police car as the ones who handcuffed me chatted in their car. the backup police tried being friendly, making small talk with me, then the guy who worried me the most {because i didn't see the red light indicating an active body-cam as he put me in handcuffs} hopped out of their car and told me i'm under arrest. they did all this without stating their names and badge numbers and without reciting all Miranda rights for me.<br><br>Officer Description:<br><br>Physical description: brown or hazel eyes, brown hair, no red light on body-cam, without a name tag<br><br>Race: White or Euro American<br><br>Gender: Male<br><br>Badge number: |                                           |

| <b>Complaint:</b><br><br>The complainant alleges:<br>COMPLAINT NARRATIVE — Austin Police Oversight<br>Re: Conduct of Officer Nunez (Badge AP 137) — Incident Report No. 2026-1500590<br>Complainant: Richard Brian Strasser<br>Incident date/location: May 30, 2026 — [REDACTED]<br>Officer who is the subject of this complaint: Officer Nunez, Badge AP 137<br>Additional officer present: Officer Abbot, Badge AP 7834<br>Related records request: R187924-060126<br>SUMMARY OF COMPLAINT<br>This complaint concerns Officer Nunez's improper handling of a disputed-property civil matter at the scene on May 30, 2026. Officer Nunez took physical custody of a vehicle certificate of title that was in my possession when he arrived, and transferred it to another party [REDACTED] without a court order, based solely on her unsupported verbal claim, while disregarding documentary evidence I presented at the scene. I am requesting an investigation and the preservation and review of all body-worn camera footage from the incident.<br>STATEMENT OF FACTS<br>I had possession of the certificate of title since April 23, 2026. I received the title into my possession on April 23, 2026. This is corroborated by a dated, time-stamped text message I sent that same day informing a third party (Benton) that I then had the title in hand. The screenshot of that message, showing the April 23, 2026 date, is available as supporting evidence.<br>No prior claim or report from [REDACTED] that the title was taken from her. Between April 23, 2026 and the date of this incident, [REDACTED] and I exchanged a substantial volume of text messages. In none of those messages did she ever state, complain, or allege that I had taken the title from her. I am not aware of any police report filed by [REDACTED] prior to May 30, 2026 alleging that the title was taken from her. The full message thread is available as supporting evidence and reflects her ongoing awareness of, and participation in, the plan to sell the vehicle. The title was in my sole possession when Officer Nunez arrived, and I voluntarily handed it to him to review. When Officer Nunez arrived on scene, the certificate of title was in my sole physical possession. I voluntarily handed it to him so he could review it. I respectfully request that body-worn camera footage be reviewed, as I believe it will show the title in my possession and my handing it to the officer. |                                           |

██████████ remained inside the home the entire time; I never approached or contacted her. Throughout the entire incident, ██████████ remained inside the residence. I never saw her, approached her, or entered the home at any point. The officers spoke with her privately inside the home. There was no in-person confrontation between us in or out of the officers' presence. I repeatedly presented documentary evidence of my claim to the officers. During the incident I repeatedly showed the officers my phone and the text messages demonstrating that I had paid to recover the vehicle and that the arrangement was to sell it, with ██████████ knowledge and agreement. After reviewing this, Officer Abbot (AP 7834) re-entered the home and attempted a more reasonable discussion with ██████████ to see whether she would surrender the vehicle voluntarily. He was not able to obtain her agreement.

Officer Nunez transferred the title to ██████████ and refused to return it to me. When I asked Officer Nunez to return the title, he told me he had given it to ██████████ because it was "hers," and he refused to return it to me. He took a document that was in my possession when he arrived and transferred it to ██████████ possession based on her verbal claim that I had taken it from her — a claim she was not required to substantiate with any documentation — notwithstanding the evidence I had presented showing I had held the title since April 23, 2026 and that ██████████ was aware of the situation and the need to sell the vehicle.

#### NATURE OF THE CONCERN

By the parties' competing statements, this was plainly a contested civil property matter — a dispute over ownership and right to possession of a vehicle and its title. Under Texas law, the resolution of disputed ownership is a matter for a civil court, not for an officer to decide at the scene. An officer presented with genuinely competing claims is not authorized to act as the arbiter of ownership and award contested property to one party.

Rather than leaving the disputed title in the position it was found (in my possession) and directing the parties to resolve ownership through the proper court, Officer Nunez removed the title from my possession and transferred it to ██████████ without any court order — relying solely on her unsupported verbal assertion while disregarding the documentary evidence I presented. His statement that the title was "hers" reflects an on-scene determination of ownership that was not his to make in a civil dispute. This conduct, and the refusal to return the title, is the basis of this complaint.

#### REQUESTS

A formal investigation into Officer Nunez's handling of this disputed-property matter.

Preservation and review of all body-worn camera and in-car camera footage from Officer Nunez (AP 137), Officer Abbot (AP 7834), and any other officer present, before any retention/purge deadline. I have a separate Public Information Act request pending (Ref. R187924-060126) and ask that the footage be preserved.

Preservation of the CAD record and incident report for No. 2026-1500590.

| <b>Complaint:</b><br><br><b>The complainant alleges:</b><br><br>I would like to request a different detective assigned to my case . [REDACTED]<br>[REDACTED]<br>[REDACTED]<br>[REDACTED] However my report cases always goes to the same detective with Detective Yager or Detective Leticia Villarreal. Both detective have been racist to me calling me the n word. Has assumed that my attacker was black before having me finished describing the guy on the first report I put in 2023. Also both Detective have refused to mention the [REDACTED] to me. I have I asked for the [REDACTED] in all my reports I've put in but never responded back both Yager and Leticia Villarreal Instead just dismissed my case . When they finally pick up. I asked for the results They continuity keep avoiding the question and tell me they send it off to [REDACTED] [REDACTED]. That's not excuse because by law the detectives are posted to tell you the [REDACTED] by themselves. Then when I ask [REDACTED] or victim services they always tell me to talk to the Detective assigned to my case. I tell them I did and the Detective assigned at the time didn't help me. It's always a back and fourth situation. I believe Detective Yager and Detective Lecture both are covering up evidence from my [REDACTED]. And as well as more results from the crime scene because of race . They do not believe this man I reporting against is cable of the things I am reporting because he is a different race then me. As well because the do not want to serve me because I am African American. As I mentioned before I was called the n word by both Detectives I also want to mention both detective never want to see me in person for the investigation interview. They always want to do it with me over the phone. Detective Leticia reshecule my in person statement interview 3 times before saying she would rather do it over the phone. Detective Yagar just plain says that he only does his interview statements over the phone. Dective Yager also told me that I have to give evidence to him before he procure's my case . He told me that last police report 2025 and 2023 police report. The Detectives are a post to investigate and look for evidence, not the victims . I want to put in a new police report for [REDACTED]. I haven't yet, because I don't won't It going to Yager or Leticia Villarreal So therefore I am requesting that neither Detectives |

| <b>Complaint:</b><br><br>The complainant alleges:<br><br>He is the owner of Central Parking Enforcement. Wendy's contracted his business to help with parking enforcement. On 4/28/2026 APD came out pretty aggressively and had some questions for them about what they were doing. After speaking with their supervisors and doing some quick research, the officers determined the towing company was there legally, apologized and left them alone. Today, 6/1/2026, officer Escamilla AP8391 came to the parking lot, without any complaint or call made, asking what they were doing out there. The towing operator asked if the officer was called out, and the officer said no. The officer went inside the Wendy's and spoke to management and then got corporate management on the line to tell them why this towing company should not be out there. The complainant is concerned because this would be a civil matter, and is upset that this officer came out absent of a call or complaint after APD had previously determined his towing company was within legal parameters to be there and enforce parking. |                                           |

| <b>Complaint:</b><br><br>The complainant alleges:<br>She had an officer, described as a heavy Hispanic male with glasses and a beard, come out to her residence. He has been there before. Each time she has dealt with this officer it has been unpleasant. His behavior is sarcastic and condescending. She feels like he is looking for a reason to arrest her based on these interactions. She would like to speak to someone at APD to request that this officer does not respond to her residence any more. |                                                     |

| <b>Complaint:</b><br><br><p>The complainant alleges:</p> <p>At approximately 10 pm on 06/01/2026, two officers were beating on my door insisting that I open up. I and my friend opened the door in pure confusion. The female cop was disrespectful soon as I opened the door. She mentioned receiving a noise complaint call from multiple people in my building suspecting domestic violence and someone screaming out for "help". My friend and I were in the middle of watching a movie and communicated to her that none of that was occurring in my unit. The female officer insisted that she leaned into my door prior to me opening it and heard someone yelling. I told her she was mistaken and possibly heard my TV. She then continued to accuse me and my friend of the noise complaint and suggested that someone else was in my home. I told her she was wrong. It was just two black women relaxing and watching a movie. There were no signs of distress in my home. She told us we needed to be separated and spoke to by her and her colleague. I declined her request as I understood that without probable cause and evidence she could not enforce us to do anything. I understand the reason for the officers checking the building for distress, but it was not right for her to accuse us of anything or bang on my door when all she had was an unclear assumption of where the domestic complaint was occurring. This behavior was very disrespectful and unprofessional.</p> <p>Officer Description:</p> <p>Physical description: Petite Short 5ft Latino female, brownish blonde hair pulled back in a bun.</p> <p>Race: Latino or Hispanic American</p> <p>Gender: Female</p> <p>Badge number: 9705</p> <p>What was the officer wearing?: Uniform</p> <p>What kind of transportation was the officer using?: On foot</p> |                                           |

| <p>The complainant alleges:</p> <p>This complaint is against the male APD officer (who claimed to be Officer Recinos) who wrongly and personally approached me, [REDACTED] – Straight Christian Man, in uniform on duty on 6/3/26 between 1:05 am and 1:15 am on Maybelle Ave, between 44th and 45th (in Rosedale). Details follow.</p> <p>I was lawfully walking eastbound on the southside sidewalk of 45th, about to cross Maybelle Ave., when I saw two APD cruisers in the parking lot for the School for the Blind across the street, though nothing was going on at the School for the Blind at that time of night. As soon as I crossed Maybelle and started lawfully walking southbound on Maybelle, on the eastside sidewalk, one of the APD cruisers left the School for the Blind parking lot, crossed 45th, and started driving southbound on Maybelle, apparently to follow, stalk, brightlight, and harass me.</p> <p>In response, I immediately stopped walking, turned around, put on my dark sunglasses, and stared right back at the oncoming APD cruiser's headlights. The APD cruiser then pulled up alongside me and stopped. Now facing the driver of the APD cruiser (seated inside the vehicle), I asked the officer what was going on. Sitting inside the cruiser, the male APD officer said hello, identified himself as Officer Recinos, and said "we" had interacted a few times before, though there is no "we" between me and Officer Recinos. I then asked him what he was doing at the School for the Blind parking lot at 1:00 am. He said the School for the Blind provides a break room for APD. I then told him to have a good night and turned away from him. He then drove away, continuing southbound on Maybelle until turning left (eastbound) on 44th.</p> <p>Bottom line, that interaction should NOT have happened. APD officers are NOT trained to make uninvited, unwanted "social calls" on members of the public around 1:00 am while on duty under color of uniform. In fact, APD's current General Orders, Article 7: Conduct Toward the Public says:</p> <p>"The law enforcement officer, mindful of his responsibility to the whole community, shall deal with individuals of the community in a manner calculated to instill respect for its laws and its police service. The law enforcement officer shall conduct his official life in a manner such as will inspire confidence and trust."</p> <p>Yet, that officer's behavior was NOT mindful of his responsibility to the whole community. He did NOT interact with me in a manner calculated to instill respect for its laws and its</p> |                                           |

police service. He did NOT conduct his official life in a manner such as will inspire confidence and trust. When a cop rolls up on you without just cause at 1:00 am on a quiet residential street, for no professional reason, something's seriously wrong with that cop's mindset and decision making.

Further, if that actually was Officer Recinos, then it's allegedly part of a long-term pattern of apparent HOMOSEXUAL HARASSMENT actions by Recinos against me, a Straight Christian Male member of the public he's sworn to protect and serve, over multiple years. For example, if memory serves, I was directing traffic around a car accident at 38th and Lamar (more than a year ago) until Officer Recinos showed up on scene. I respectfully told him what I knew about the accident so he could take over and do his job. Though he verbally thanked me, which was right, he then put his hand on my shoulder, which was WRONG, reeking of HOMOSEXUAL FLIRTING against me to try emasculating me, as well as marking and possessing me as his. HELL NO. Because there was NO professional reason to do that, he was allegedly guilty of Assault by Contact, violating Texas Penal Code 22.01(a)(3) because he intentionally or knowingly caused physical contact with me reasonably believing I would regard the contact as offensive or provocative. If he did not reasonable believe I'd consider it offensive or provocative, then that's more evidence of serious wrong with his mindset and decision making. An APD officer should not be making any unnecessary physical contact with any member of the public, especially when he is on duty under color of uniform, because doing so violates

Tell Officer Recinos, as well as all APD officers and employees, to NOT stalk, harass, or flirt with me. Expect me to speak about this publicly because violating APD's current General Orders, Article 7: Conduct Toward the Public threatens public safety, which not only is unacceptable but opposite APD's sworn duty to protect and serve the public.

| <b>Complaint:</b><br><br><p>There was a man at the Thundercloud who was trying to scam people to get free sandwiches. The complainant's fiancé was on shift and asked the man to leave. The man became irate and belligerent. The employees called the manager who came to the location to tell the man to leave. The man refused to leave. They called the police at 6:06 pm. The complainant was in Buda at the time. His fiancé texted him and told him the cops were on the way. He headed that direction, thinking the police would be there by then. The police were not there. The complainant, who is tall and has experience in security felt comfortable and asked the man to leave repeatedly. The man still refused to leave and the police still hadn't arrived. The complainant called the police again at 6:30 pm while he stood in between the irate man and his fiancé and the seven other individuals. An officer arrived. The man argued with the officer about his right to be there. Officer Dallies approached the interaction. The employees explained that the man was trying to steal, and refused to leave the property. Officer Dallies told the employees that if there was no film of him trespassing, they could not issue a CTN and told the employees to make sure to film him if they were on the property. Office Dallies then speaks to the man who was trespassing. The man told the officer that the complainant was being aggressive. The officer told the complainant that because he doesn't work there, he should not have gotten involved. The complainant argued that he was worried for his fiancé's safety. Another officer showed up and spoke with the trespasser who was not on the property any longer briefly. The officers let the man get on the bus and go. The officers didn't check for warrants, detain or ID the man. The complainant is concerned that the officers took so long to get there, spoke with 7 witnesses to the incident, and didn't do anything about the trespasser who was a belligerent, aggressive threat.</p> |

| <b>Complaint:</b><br><br><b>The complainant alleges:</b><br><br>She met with officer Jason Martin to talk about her situation. After their meeting, he told her the case was closed. He did not give her a reason or time to give him more evidence. She isn't sure whether it was because there was an interpreter. She has tried contacting him, and has not heard back from him in a long time. She would like to move forward with her case, or get another detective assigned. |

| <b>Complaint:</b><br><br>The complainant alleges:<br>Officers A Ruiz and Ahmad approached a man at a bus stop who had a vape. The officers told the man it was against City ordinance to smoke or vape at a bus stop and asked for the man's identification. Neither officer identified themselves. Because it seemed as though these officers were being biased, I stated that, much like a traffic violation, violation of a city ordinance is not criminal, and certainly isn't cause for a "stop" as neither officer had a reasonable articulable suspicion that the man committed a high crime or felony and absolutely no laws were broken. Officer Sanchez then put a pair of blue exam gloves on and told me I was interfering with Public Duty and proceeded to assault me by pushing me and advancing towards me in what appeared to be an attempt to intimidate and instill fear in me. I asked Officer Sanchez not to touch or assault me anymore as I was not aggressive towards him or Ahmad and was just standing my ground and advocating for one of We the People to which officer Sanchez was now face to face with me, attempting to create an imaginary boundary, pointing to a crack in the sidewalk and threatening to jail me for interfering with Public Duty. I stated this is absurd as officer Sanchez was the only one guilty of interfering with said "Public Duty" as well as assaulting me for a second time in this short encounter. There had been a man sleeping on the ground behind me when Sanchez assaulted me the second time and I began to fall. Officers Sanchez and Ahmad broke my fall and immediately began to attempt to detain/arrest me. When the officers were attempting to place handcuffs on me forcefully in total disregard for the 3 heavy bags I was carrying. As they were forcefully in awkward and painful directions, officer Ahmad began to yell saying " Stop resisting because I will tase you" Even so, I calmly requested for them to loosen the straps to make it possible to place handcuffs. I asked both officers if they were upholding their oaths of office and they knew and could recite them, to which they claimed yes. They also claimed to be making a lawful arrest despite the fact they were knowingly and willingly violating multiple civil and constitutional rights under the Color of law. Additionally, they were keenly aware of their abuse of power as they were pro-active and called on a "use of force" to which a corporal responded. To add insult to injury, officer Sanchez blatantly lied to him that I approached them in an aggressive manner using profanity and he was concerned for their safety and that was why they used use of force. To be clear they were the only ones displaying aggression. Officer Ahmad was the one that placed the handcuffs and searched my person despite me requesting to NOT be searched, but was threatened with more charges if I was to refuse. I was also told I was "No Angel" and that I was a liar based on what Ahmad allegedly found. Which would be discrimination against me being |                                           |

homeless, having substance use disorder etc. They also claimed to have adequate mental health awareness training but was clear when I asked about "host" they also enjoyed their use of triggering language. I'm currently homeless and deal with other mental and physical challenges that have cause unforeseen hardships that have been increasingly hard to navigate especially with no access to my belongings. Which is frustrating. Due to their negligence, my property was sent to safe keeping. As a result I had no access to my medications that I take daily from 4/26/2026 to 5/13/2026 which is harmful and had very negative impacts on my health. They should be made aware that this gross and negligent misconduct is highly unacceptable and should be addressed as soon as possible. Violations range from lying to chain of command to justify why they used "use of force" This also interfered with public service.

| <b>Complaint:</b><br><br><b>The complainant alleges:</b><br><br>I was inside the Buffalo Exchange store on Guadalupe, on March 12th, 2026 when I heard a young woman yelling at around 3:43pm. It was clear that she was having some kind of mental health crisis. Several employees, shoppers, and I heard the woman and looked out the glass window to see what was going on. A male police officer was speaking with her, and then went to restrain her, pinning her down on the sidewalk. He was so forceful with her that people inside the store, including myself, immediately went into trauma response mode, most of us freezing in place. I was able to take my phone out and record the scene hoping that it would keep the officer from causing too much harm to the woman, but I was wondering if it was better for me to film it, or to interject more directly to try to prevent the police officer from causing any additional damage, both psychologically, and physically. When I saw him pin her with his body weight, I was concerned he could cut off her ability to breathe, and she could die. When he pushed her head forcefully into the pavement, I wondered if the impact could kill her. If she was seriously harmed by this interaction I thought it was really important to document it so that there might be some sort of accountability, justice, and change. At one point I knocked on the window to try to let the officer know that I, and others, were watching. I didn't know if he would respond to my presence and it would escalate or de-escalate the situation. As it was obvious that our safety, and his safety were not threatened by her episode, my primary concern was for her safety. Being in the position to try to make that kind of threat assessment was extremely stressful, and I think about it often. In the end, I am really glad I continued filming, because I was able to document a female officer arriving at the scene, and the way she treated the young woman was completely different. She handled the young woman with care during each moment. At no moment was I concerned for the young woman's safety while the female officer was involved. She placed a sweatshirt under the head of the young woman, who was banging her head against the pavement, to soften the impact. She pushed the male officer's arm away when he was using what was obvious to everyone watching unnecessary force. She even stroked her back and tried to soothe her, during what must have been an extremely terrifying situation. At this point most people have seen footage of police using too much force on people who are pinned down, and killing them in the process. Months |

later, I am still very disturbed by how violently the male police officer treated the young woman. We will all carry a new image of that from what happened that day, but hopefully this submission can serve to restrain whatever aggression was activated in that male police officer in this scenario, and demonstrate by how the female officer responded that there are other options for keeping everyone safe.

| <b>Complaint:</b><br><br>The complainant alleges:<br><br>Her son was arrested after falling asleep in his car which was parked in an apartment building parking lot. At some point during the arrest, she alleges her son's phone was lost along with a fob of hers from her car keys. When the complainant picked the car up from the tow yard, her keys were in the door, but her fob was gone. The complainant has spoken with Sgt. Mewis about this incident since then, who said they would need to gather all officers who responded and review video. Her main concern is getting reimbursed for the lost property. She stated that Sgt. Mewis was short with her on the phone, would not let her speak and directed her to APO to file her complaint and that APO would help with the property claim. |

| <b>Complaint:</b><br><br><b>The complainant alleges:</b><br><br>She has tried to report being hacked by her crazy ex-neighbor for two years now. The police are doing nothing and are treating her as a mental health patient, asking her inappropriate questions like if she hears voices or if she is schizophrenic, asking about why she got a divorce from her ex-husband. Her most recent report was filed in March 2026 and she has not received follow up. She also stated the officer who took the report was belligerent. |

| <b>Complaint:</b><br><br>The complainant alleges:<br><br>She was coming from dinner and had a car accident. Officer Logan AP10197 along with two other officers responded. She needed help, and APD made it harder for her. She told them she had one glass of wine with dinner. They did a field sobriety test which the complainant states she passed, they arrested her. She demanded to do a breathalyzer on the spot and blew a 0.00 twice. They arrested her and took her to jail anyway. They took her possessions from her purse and would not give them back to her or to her friend, then had her car towed to South Austin. She is stuck without her medication now until she can afford an Uber to get her car, and to pay for her car to get out of tow. She was cooperative and did everything they said, and she was still arrested. She also stated her handcuffs were too tight and her wrists still hurt from that. |

| <b>Complaint:</b> <p>The complainant alleges:</p> <p>A wreck occurred off S1st and Elizabeth early yesterday morning. The car and truck involved pulled over to the side and in the parking lot of the restaurant I work at (Nomade).</p> <p>APD did not do their due diligence in investigating the accident nor holding a wreckless driver accountable. The two officers that were on site had different comments regarding the investigation with myself and an owner of the restaurant.</p> <p>I shared with the first police officer on site that I saw the man who was in the wreck drop a bottle of open liquor out of his car seconds after the police, and when photographs were being taken of him and a witness told him he was in the wrong he responded with "I already know what is going to happen", which told me he was admitting to being either drunk, he was responsible, or both.</p> <p>I would like further information on what actions were taken to prove he was not intoxicated or under the influence at the time of the accident.</p> <p>When I went to check the status of the situation, the first cop told me "he was not drunk, we tossed and took the bottle".</p> <p>The owner of the restaurants wife started conversation with the second officer, Officer Cornell, I believe, and they both discussed the issue with the drunk driver and others.</p> <p>How are the two police officers not on the same page on the scene of a crime? I would like more information as this entire "investigation" has me even more concerned with the safety of the community with how everything was handled by APD.</p> <p>I was not able to upload but I have a photo of both the license and the driver. The insurance information he gave the woman affected in the car accident is not valid and this should also be investigated.</p> |                                                     |

I look forward to learning more and hearing from someone with a resolution as soon as possible.

| <b>Complaint:</b><br><br><b>The complainant alleges:</b><br><br>During my stay at an [REDACTED] last weekend, we called the police department to check on our property after 3 encounters of a man stalking us, most notably, finding him hiding in the bushes watching us while we were in the pool. No officer was dispatched to us for over an hour. Gomez was the first on scene and explained to us that nothing could be done and “no crime was committed” as he did not physically enter the property. Gomez was dismissive and rude throughout our conversation and told us she was done trying to explain the situation and that we could wait for her partner to show up to “better explain it to us.” All of the members of this interaction were fully aware of the comments being made, however, we did expect more, or at least some empathy towards our situation, as we were all in both shock and fear at this time. While we tried to obtain her badge number, her notepad was conventionally placed directly above it. During our interaction with officer Gomez, she repeatedly told us that the police department was “short staffed” and that our claim was “low priority”<br>While unsure what repercussions, if any, should come from this event, we would like Gomez’s supervisor to be aware of her complete lack of bedside manner. All 9 of the women involved in this incident watched her scoffing and trying to hide her face from us while she laughed. Thankfully, officer Ellis arrived on scene and was able to offer us the support we needed at this time. We appreciate your attention to this matter and are hopeful that other women will not experience this inappropriate demeanor from officer Gomez in the future.<br><b>Officer Description:</b><br><b>Name:</b> Gomez<br><b>Physical description:</b> Black or brown hair, wearing glasses, tattoo on upper right arm<br><b>Race:</b> Latino or Hispanic American<br><b>Gender:</b> Female<br><b>Badge number:</b><br><b>What was the officer wearing?:</b> Uniform<br><b>What kind of transportation was the officer using?:</b> Patrol car or motorcycle |

| <b>Complaint:</b><br><br><b>The complainant alleges:</b><br><br>He had a conversation with a neighbor who seemed suspicious, and went back to his apartment. Not long after that, he saw police outside of his building and he came out on the balcony to speak to them and see what was going on. The officers asked him if he was hurt. He said no and asked why they were there. They wouldn't tell him anything. He asked the officer his name and badge number, the officer said it too quickly, the complainant asked for it again and the officer told him that if he didn't get it the first time, that was too bad. He called 911 after this and asked for a supervisor, and he hasn't heard from anyone. He is concerned that they wouldn't tell him why they were there, and that he hasn't heard back from a supervisor yet. |

| <b>Complaint:</b><br><br>The complainant alleges:<br><br>26-1580613 AP8423<br><br>A man swerved into oncoming traffic, going around 70 or 80 mph, and hit her. They pulled over, when he got out of his truck, a bottle of tequila rolled out of the door. There were many witnesses who corroborated. They gave statements to the officer. The officers did not do a field sobriety test. When asked why not, the officers said he was not showing signs of being intoxicated. The complainant believes that because of his erratic driving and several witness statements stating as much, that would be enough. The officers even found and poured the bottle of tequila out and took it into evidence. The man also provided invalid insurance information to the officers and to the complainant. She told the officers it was not active when she called to check, and they told her he showed them proof, so they wouldn't be able to do anything. They gave him a few citations and then just let him go. He admitted fault at the scene, but is now telling a different story to the complainant's insurance company. The complainant stated that had the police done their job investigating and doing a field sobriety test on the scene, this wouldn't be such a bad experience for her. |

| <b>Complaint:</b><br><br><b>The complainant alleges:</b><br><br>I was arrested on March 7th 2021 , and my property was seized that same day. A short while after my family and friends told me I was posting on Facebook but I was in the custody of Travis county, after being notified about this incident my Facebook account was deleted before my release which I believe was the detectives doing because they were the only persons to have access to my cellphone. |

| <b>Complaint:</b> <p>The complainant alleges:</p> <p>This is my recollection of events, as they happened to the best of my recall. I committed them to memory as soon as possible. I don't know if I am seeking further action or if I should? I have a lot of respect for public servants. On this side of the fence; this was quite scary.</p> <p>[REDACTED]</p> <p>This just happened, not even an hour ago. The doorbell rang, and the dogs went off. I stepped into the bedroom and put on a bathrobe. Yes, I was previously undressed. The dogs crowded at the door as they usually do when an unexpected visitor calls.</p> <p>I answered the door and two police officers were standing there. A man and a woman. I tried to read their names and badge numbers but, I was unable to. They commanded the situation and they kept me off balance. In conjunction; they immediately started asking me;</p> <p>Is your email registered?</p> <p>Is your phone number registered?</p> <p>There was a slew of questions thrown at me and the word COMPLIANCE was emphasized time and again. I was quite disoriented. The man especially was an asshole. The woman, black and visible tattoos on her forearms, appeared to be the more reasonable of the two. I was ultimately able to establish a rapport with her. The officers demanded that I put the dogs away for the dogs safety and their own. I told him, "they're just being dogs." They are not aggressive. I was not expecting anyone." It was suggested that I step out and leave the dogs inside the house.</p> <p>The questions continued and the word COMPLIANCE, was verbalized over and over again. I finally asked, "Why am I being questioned in this manner?" The male officer, whom was extremely confrontational answered, "ALL SEX Offenders must register their emails, phones and other devices!" It was more of an order than an inquiry. I then put the brakes on everything.</p> |                                                     |

| <b>Complaint:</b><br><br><b>The complainant alleges:</b><br><br>Good afternoon ACM Batista,<br>Thank you for taking the time to speak with me and for your willingness to assist.<br>My name is [REDACTED], and I have been a business owner in the hospitality industry for the past seventeen years. Approximately one year ago, I relocated to Austin, Texas, to open [REDACTED] located on [REDACTED]. Given Austin's reputation as a music city, we believed it would be the perfect place to showcase our hospitality and entertainment experience. The issues I am reporting began several months ago when the Austin Police Department responded to a 911 hang-up call at our venue around midnight. At the time, I was standing outside and was unaware of the reason for the police presence. As officers approached, I politely asked if there was anything I could do to assist. One officer immediately pushed me aside and proceeded upstairs into the venue.<br>After conducting a walkthrough and determining that everything was in order, and after being unable to locate the caller, the officers began speaking with our staff. At that point, I confronted the officer who had pushed me and requested a supervisor. Once the supervisor arrived, an apology was issued, and the matter appeared to be resolved.<br>However, a few weeks later, around May, I began noticing the same officer, along with a female officer, repeatedly returning to [REDACTED]. Their visits quickly became frequent and concerning.<br>The first incident involved a complaint from residents across the street alleging excessive noise. The officers instructed us to lower the music. It is important to note that our sound levels are regularly monitored and approved by Code Enforcement, and we utilize sound-measuring equipment to ensure compliance with city regulations.<br>I would also like to note that whenever noise complaints have been made against [REDACTED] City Code Enforcement and sound compliance officers have responded and conducted sound level readings. On each occasion, we have been found to be operating within the permitted noise limits and in compliance with applicable regulations. The complainant has consistently declined to provide identifying information or participate further in the investigation. Additionally, sound |

compliance officers have informed me on multiple occasions that our venue is operating within the ambient street noise levels for the downtown area and that we are not creating a public nuisance. These findings appear to contradict the repeated allegations being made against our business and raise concerns regarding the basis for the continued enforcement actions and police responses directed at our establishment.

Another concern is that [REDACTED] is located in Austin's entertainment district, surrounded by numerous bars, restaurants, music venues, and nightlife establishments that regularly operate with amplified sound and live entertainment. Despite being situated in an area where elevated noise levels are common and expected, [REDACTED] appears to receive a disproportionate amount of attention and enforcement activity from these officers. To my knowledge, neighboring establishments with similar operations do not appear to be receiving the same level of repeated police visits, warnings, or enforcement actions. This has led me to question whether Luna Rooftop is being singled out for reasons unrelated to actual code compliance or public nuisance concerns.

The second incident occurred around 11:00 PM on a Tuesday during a private University of Texas event. The same officers informed my managers that they were shutting the venue down due to loud music, despite providing no sound readings or evidence to support their claim.

Since then, these officers have continued visiting our establishment almost weekly. Their repeated presence has begun to feel like harassment. According to my managers, both officers have openly expressed that they dislike me personally. They have also stated that the individual making the complaints is someone "high up" and influential, who is upset about the music at our venue.

The visits have escalated. Officers now routinely arrive in groups around 2:00 AM, demanding to inspect our permits and licenses. On one occasion, an officer warned one of our bartenders that they would be arrested if they served a minor. [REDACTED] is a strictly 21-and-over venue, and underage individuals are not permitted inside the establishment.

Approximately two weekends ago, the same officers returned and spoke with my manager. They issued a citation in my name and asked whether I was present. I was not at [REDACTED] that evening. My manager contacted me and requested that I come to the venue to speak with the officers.

When I arrived, I was issued a citation and told that if I refused to sign it, I would be arrested. I asked what the citation was for and was informed that it involved allegedly operating amplified music outside of our permitted hours. I questioned why the citation was being issued in my name when I had not been present at the venue during the alleged violation and had no contact with the officers prior to arriving after being called by my staff.

I would also like to note that prior to issuing the citation, the officers did not conduct any sound-level measurements, request a Code Enforcement sound assessment, or otherwise verify whether our venue was operating outside of allowable noise limits. No objective testing or evidence was presented to support the allegation. This was particularly concerning given that previous responses by Code Enforcement and sound compliance officers had consistently determined that [REDACTED] was operating within permitted noise levels and was not creating a public nuisance. Despite this history of compliance, the citation was issued without any apparent effort to verify the actual sound levels at the time of the alleged violation.

Additionally, several details on the citation appear to be incorrect, including my address and race. The officers never asked me for this information. The citation identifies me as Middle Eastern,

and I do not understand how such a determination was made without any inquiry. This has raised additional concerns regarding whether assumptions were made about my identity and whether I have been subjected to unequal treatment based on my ethnicity or appearance.

The citation number issued to me is E18213577. A court date has been scheduled for June 29. The female officer involved identified herself as Officer A. Pitre, Badge #AP9100. I attempted to obtain the name and badge number of the other officer involved, but he refused to provide that information.

More recently, approximately three days ago, a detective contacted my business partner, [REDACTED] via email. The detective was attempting to verify whether I am the owner of [REDACTED] and stated that I have been claiming ownership of the establishment. The detective further alleged that I refused to lower the music after operating hours and stated that if we did not respond, we could face legal consequences.

What concerns me most is the pattern of repeated interactions involving the same officers despite repeated findings by City Code Enforcement that our establishment is operating within legal noise limits. As a business owner who has invested significant time, resources, and effort into operating responsibly and in compliance with local regulations, I am troubled by what appears to be selective enforcement and ongoing scrutiny that is not supported by objective findings.

ACM Batista, I am respectfully requesting guidance on how I can properly investigate these incidents. I would like to understand my rights, ensure that my business is not subjected to ongoing harassment, and determine whether I have been the victim of racial profiling or other improper conduct by members of the Austin Police Department. I am also requesting a review of the conduct of the officers involved, the basis for the repeated complaints and enforcement actions, and the circumstances surrounding the citation issued in my name. I've attached a copy of the email and the ticket that was issued.

Thank you for your time, attention, and assistance regarding this matter. I am willing to provide any additional documentation, witness statements, emails, Code Enforcement records, sound compliance reports, or other evidence that may assist in reviewing this situation.

Sincerely,

Navid Maghami

Who are you looking for I asked? I was told that they were looking for [REDACTED] I responded I am not [REDACTED]

The male police officer exited the front gate and the woman stood at the door and produced a form for me to fill out. I filled out a detailed form stating my relationship to [REDACTED]

The woman was much more reasonable and answered questions as I came up with them. They have been gone for about 20 to 30 minutes at this time. Before they left I told the woman they had shaken me up quite a bit, showing up at the door, making demands, and being quite aggressive. I honestly believed ICE had shown up and was about to drag me away.

She asked, "Why did you think that?" I responded, "Why does ICE do anything that they have done?" I answered my own question, "Because they can!"

As I mentioned they have been gone for approximately 20 to 30 minutes. I am still shaking. My heart is racing. I cannot steady my hands and I am barely able to stand. I was shitting bricks!

Why have I posted my experience? In case they come back and drag me away, ...

I want somebody to know what happened to me! And NO, this is not a joke!

| <b>Complaint:</b><br><br><b>The complainant alleges:</b><br><br>I was traveling on 685 towards Austin when a few lights before parmer this light blue or grey toyota van pulls out infront of everybody causing me and the person next to me slam their brakes and i honked at him. He scared eveybody in both lanes because he made a wide left turn and crossed over his immediate lane into the far right lane. He proceeded to drive at 30 mph when the marked speed limit was 50. I then passed him when I could and when I got back into my lane to continue traveling at the posted speed limit, he started flashing me. I hit my brakes and started slowing down, he turned on his hazards. As we made our way up to the light at parmer he pulled up next to me and flipped him off, he then threatened me about 5 or 6 times with giving me a ticket. He claimed he was at a green traffic light and made a perfectly legal turn. Except that is false. There was no traffic light, he was in the median and made a left turn onto 685 infront of fast moving vehicles then proceeded to travel 20mph under the speed limit, and flash me with his high beams. When I told him I was reporting him for reckless driving and pulled out my camera he sped off<br>I do not know if this was a real officer or not. Based on his aggressive driving i feel like its not. But he was in a police uniform and threatened to ticket me multiple times before driving away. If it was a police officer who pulled out infront of me, break checked me, flashed his high beams at me and tried to scare me then this needs to be investigated. If it was someone impersonating an officer this also needs to be investigated. All I have is his license plate<br>I need to also add that the officer break checked my vehicle after I honked at him. This occurred before I passed him. After I passed him, began with the high beam flashing.<br>From picture attached to complaint form:<br>Grey Toyota Mini Van License plate number T(R)V2536<br>Officer Description:<br>Race: Latino or Hispanic American<br>Gender: Male<br>Badge number:<br>What was the officer wearing?: Uniform |

What kind of transportation was the officer using?: Unmarked car or motorcycle

I have reason to believe that my personal criminal history, driving records, or identifying information was intentionally accessed through law enforcement networks—such as the Texas Law Enforcement Telecommunications System (TLETS) or National Crime Information Center (NCIC)—without a legitimate, authorized law enforcement purpose.<br><br>I have not been involved in any recent traffic stops, active field inquiries, criminal actions, or local investigations that would warrant a query of my personal profile. Unsanctioned database |

searches conducted out of personal curiosity, malice, or harassment constitute a direct violation of Austin Police Department Policy, state regulations, and Texas Penal Code § 33.02 (Breach of Computer Security).

**REQUESTED ACTION:**

I request that the Office of Police Oversight issue a Notice of Formal Complaint to APD Internal Affairs to initiate an immediate investigation. Specifically, I request an audit trail investigation of the database terminal logs to identify:

1. The unique User ID, Terminal Agency Identifier (ORI), or officer name responsible for executing queries on my identity.
2. The documented law enforcement justification or corresponding case numbers tied to these searches.

If it is discovered that an employee utilized city or state systems for personal, non-official reasons, I request that the department pursue disciplinary actions up to termination and refer the matter to the Travis County District Attorney's office for criminal prosecution under Texas data privacy laws.

Sincerely,

| <b>Complaint:</b><br><br><b>The complainant alleges:</b><br><br>Officer Curzin AP7174<br>261520032<br>This morning he woke up to officers pointing guns at his door and saying they were there to conduct a search warrant. He just moved in to this apartment. The search warrant that says someone associated with a shooting lived there and they needed to search for a gun. The complainant told them that wasn't him and that they just moved in. As they were searching the house, neighbors were telling the officers that the person moved, and that the complainant had just moved in. The leasing office was never consulted either to confirm residence. The lead detective could not prove that the person they were looking for lived there. They had to endure this search and the police did not believe them. The officers were rude to the complainant and his sister. Finally, one of the officers confirmed the person they were looking for did not live there and they left. |

| <b>Complaint:</b><br><br><b>The complainant alleges:</b><br><br>She called 911 to request a mental health officer to come support her [REDACTED]<br>[REDACTED] When she called 911, her son took the phone from her and threw it. 911 has received many calls from this address and dispatched someone immediately. She was hoping someone would come and speak with her son, and help de-escalate like they have in the past. He showed up quickly, and was polite to the complainant when said she did not feel like she was in any physical danger, but needed support helping him calm down. The officer was rude and impatient with her son. The officer that showed up did not de-escalate the situation. When her son spoke to tell him he was going to be late for his class he was told to sit down in an aggressive way. When he told the officer again, the officer handcuffed her son, told him he was being detained, sat him in the hot sun in the middle of the yard for no reason, and continued to be gruff. Her son even asked the officer why he was being so mean to him, but the officer continued to be stern instead of helping and de-escalating. The complainant doesn't want this officer to get in trouble, but believes this officer needs further de-escalation and mental health response training. |

| <b>Complaint:</b><br><br>The complainant alleges:<br>Before I begin, I tried to add several pictures and videos to this complaint, but it will only allow one document. I have pictures of the squad car, clear shots of the officers face and a short video of him watching/scrolling through videos on his phone. Please reach out at the number provided for all documentation.<br>I pulled into the driveway of [REDACTED] just before 9pm and noticed squad car #1076, plate [REDACTED] parked in the fire lane with their lights off. I noticed an officer in the driver's seat watching a video on his phone and swiping up. I asked a security guard if anything was going on in the building and he said the officer has been parked there for a while. I went to go get my dog to take him outside and walked by the car several times and confirmed the officer was on his phone, killing time, not doing his job. I took video of him watching videos and swiping up on his phone. At 9:20pm, the officer noticed me, put his phone down, made a swift U-turn and drove at an unsafe speed on this residential, high pedestrian traffic driveway toward the stop sign, and did not come to a complete stop before turning left. He slowed down to get a look at me so I gave him a friendly wave. I walked toward West Ave to throw away a dog poop bag and saw the officer reverse his car into the Seaholm residential driveway and parked. Speaking on behalf of all Austinites, we are not comfortable with our tax dollars being wasted. We do not need more police to sit around town on their phones, just waiting on a call. They might as well be at the station. We know how much APD pays in overtime. This should no longer be taken lightly. |                                                     |

| <b>Complaint:</b><br><br><b>The complainant alleges:</b><br><br>She was leaving a Walgreens near the intersection of Burnet Rd and Anderson Ln. She saw 2 or 3 cop cars racing through the parking lot between Walgreens and 7-11. She followed the cars out of curiosity and because this is her neighborhood. She was especially concerned because a gentleman in her neighborhood had just died in an incident involving the Police with a taser. She began recording at what she described as a healthy distance. She saw the cops surrounding a man who was clearly one of the homeless individuals who lived in the area. She saw the police see her recording and saw them make comments to each other about it. After they detained the individual, she approached the police to ask some questions. She describes that conversation as pleasant. Their conversation was interrupted and then Sgt Hodges approached the complainant and asked what he could do for her. She replied that he couldn't do anything but she was just surprised they needed so many cops to deal with one unarmed man. He then became belligerent and rude, debating her questions that stemmed from a real fear due to the critical incident that just occurred in her neighborhood. She was not rude, and she was just expressing concern and asking questions. Sgt Hodges continued badgering her, he threw his arms up and walked away and exclaimed that the complainant was "ridiculous". She is concerned that officers, especially Sgt, should be able to answer simple questions from citizens. She wants him to know that that is not the way he should be speaking to anyone in the community. |

| <b>Complaint:</b><br><br><b>The complainant alleges:</b><br><br>Re: Formal Demand for Investigation, Records, and Corrective Action – Warrantless Entry, Excessive Force, Unlawful Seizure, and Misuse of Criminal Justice Databases<br>To Whom It May Concern:<br>I am submitting this formal demand for investigation and corrective action regarding serious constitutional violations committed by officers of your department on or about June 13th, 2026. These violations include warrantless forced entry, excessive force, unlawful seizure, misuse of NCIC/TCIC/NCEMS databases, and collaboration in an unlawful DFPS removal that lacked any legal basis.<br>This letter also serves as a demand for records, preservation of evidence, and notice of intent to pursue civil rights claims under 42 U.S.C. § 1983.I. FACTUAL BACKGROUND<br>1. Warrantless Forced Entry<br>Officers forcibly kicked in the door of an apartment not in my name, without:<br>presenting a warrant,<br>announcing a lawful purpose,<br>or providing any explanation.<br>No exigent circumstances existed.<br>This constitutes an unreasonable search and seizure under the Fourth Amendment and Texas law governing unlawful entry.<br>2. Excessive Force Against a Pregnant Woman<br>During the encounter, officers used physical force against me despite my compliance. I was 38 weeks pregnant. I sustained visible injuries documented at the ER, where I was escorted in an ems by two officers and released into the care of my midwife.<br>This conduct violates clearly established excessive force standards and demonstrates deliberate indifference to maternal and fetal safety.<br>3. Unlawful Seizure of My Child<br>During this incident, my minor son was taken by an unidentified woman who:<br>provided no badge, |

provided no agency identification,  
provided no paperwork,  
and removed him while he was wearing only a diaper.

I have never been served in any SAPCR, removal petition, or emergency order. No lawful authority for this seizure has ever been produced.

#### 4. DFPS Never Established My Child's Legal Identity

This is a critical jurisdictional defect.

My son has:

no birth certificate,  
no Social Security number,  
no medical records,  
no government issued identification.

DFPS has produced no documentary evidence proving the child named in any petition is the same child taken from me. All identification is based solely on hearsay, which cannot satisfy statutory prerequisites for removal or confer jurisdiction.

Your officers enforced a DFPS action that had no legal basis because DFPS could not even identify the child.

#### 5. Misuse of NCIC/TCIC/NCEMS Databases and Personnel

The unlawful removal and forced entry, law enforcement and/or DFPS personnel appear to have misused NCIC/TCIC/NCEMS databases to:

generate or justify an unlawful "interfering with child custody" charge,  
create or modify entries without lawful basis,  
access or disseminate information without authorization,  
coordinate enforcement actions unsupported by any valid court order.

Misuse of these systems violates federal and state regulations governing criminal justice information systems and constitutes a serious civil rights and oversight concern.

#### 6. Retaliatory Criminal Charge

I now have an active warrant for "interfering with child custody", despite:

DFPS taking my son without lawful authority,

DFPS failing to serve me,

DFPS failing to identify the child,

and your officers enforcing an unlawful removal.

This appears to be a pretextual or retaliatory charge used to justify misconduct and suppress scrutiny.

### II. LEGAL VIOLATIONS

Your officers' conduct constitutes violations of:

Fourth Amendment – unlawful entry, unlawful seizure, excessive force

Fourteenth Amendment – deprivation of due process, interference with family integrity

Texas Constitution, Art. I §§ 9 & 19

Civil Rights Act, 42 U.S.C. § 1983

Federal and state regulations governing NCIC/TCIC/NCEMS access

Failure to train / supervise under Monell

These violations are ongoing, as the criminal warrant remains active and my child remains unlawfully removed.

### III. DEMANDS

I hereby demand:

All body worn camera footage from every officer present.

All dash camera footage related to the incident.

All incident reports, arrest reports, and use of force reports.

A copy of any warrant allegedly authorizing entry (if one exists).

Names and badge numbers of all officers involved.

All NCIC/TCIC/NCEMS access logs related to me or my child.

All communications between your department and DFPS regarding me or my child.

Preservation of all evidence, including CAD logs, radio traffic, emails, and internal messages.

Immediate correction of any false or retaliatory criminal entries or charges.

Failure to preserve evidence after receiving this notice may constitute spoliation.

#### IV. NOTICE OF INTENT TO PURSUE CIVIL ACTION

If the department does not respond within 10 business days, I will proceed with:

filing formal civil rights complaints,

notifying state and federal oversight bodies,

and pursuing litigation for damages, injunctive relief, and attorney's fees under 42 U.S.C. § 1988.

This matter involves serious constitutional violations, misuse of criminal justice systems, and systemic misconduct with significant public interest implications.

I expect your prompt attention to this matter.

Sincerely,

██████████

| <b>Complaint:</b><br><br><b>The complainant alleges:</b><br><br>I am writing as a concerned member of the public regarding the death of [REDACTED] and the actions of the officers involved in the incident. After watching the video footage that was released to the public, I was deeply disturbed by what I witnessed.<br><br>From my perspective, [REDACTED] appeared to be experiencing a severe mental health crisis or some form of extreme distress. Rather than seeing a situation handled with the level of compassion, patience, and de-escalation that someone in that condition needed, I witnessed force being used against a person who appeared incapable of making rational decisions at the time. The video left me with serious concerns about whether every reasonable effort was made to de-escalate the situation and protect [REDACTED] life. Individuals experiencing mental health emergencies should be met with crisis intervention techniques whenever possible, not actions that may increase confusion, fear, or distress.<br><br>As a citizen, I believe incidents resulting in the loss of life deserve the highest level of scrutiny and transparency. I am requesting a thorough and independent review of this incident, including the officers' actions, the decision-making process that led to the use of force, and whether department policies were properly followed.<br><br>Watching this video was heartbreaking. Regardless of the circumstances, a human being lost his life, and many members of the community are left questioning whether the outcome could have been prevented. [REDACTED] family, friends, and the public deserve clear answers.<br>Thank you for your time and consideration.<br><br>Sincerely,<br>[REDACTED]<br>Concerned Citizen |

| <b>Complaint:</b><br><br><b>The complainant alleges:</b><br><br>He was pulled out of his car at gun point on the side of the road and was out there for well over an hour. There were 6-8 police cars to pull them over. He believes the police were misinformed about him being in possession of a stolen car, or didn't do a thorough investigation before detaining him. He was held there to wait for a detective to come talk to him, but the detective never came. They were let go, but the car they had was kept and impounded even though they had the title. One officer told him the title doesn't mean anything. He is [REDACTED] and was handcuffed, and one of the officers was glaring at him with his hand on his gun as if the complainant was going to do anything to him. He doesn't like the way the whole thing was handled. He knows their job is hard, but he believes some of the officers may have been over zealous. [REDACTED]<br>[REDACTED] |

| <b>Complaint:</b> <p>The complainant alleges:</p> <p>My experience with the representation of the APD has been unprofessional and tyrannical at best. I have been needing to file this complaint sooner, but life has managed to keep me side-tracked with other tasks and whatnot... However, in the evening of 4/15/2026, my good friend and I were parked in the parking lot of Mim's Chapel on 1801 E 38th 1/2 St, Austin, TX 78722, where I had picked him up earlier to go eat some dinner, as he is a fellow churchgoer whom plays music for this chapel himself.</p> <p>As we were sitting inside my parked car conversating, a cop vehicle arrived out of nowhere with headlights gleaming onto us. As I began to adjust my shoe on my foot, an officer by the name of Reynolds badge #8947 shouted for me to get my hands up in a very threatening manner and from the looks of it (hard to tell since there was a light being shined at us) he either had his hand on his pistol or had his pistol completely drawn. Perhaps the body camera footage of his may have picked up if he did or did not, but needless to say...</p> <p>Reynolds arrived, unwelcomed with a threatening and highly assertive demeanor. Following his command, my friend and I both put our hands up and visible for him to see. He began to harass the both of us stating potentially false suspicions of a vehicle matching my vehicle's description that had fled from officers earlier in the day after initially telling us that he had arrived because he had received a call about a loud vehicle in the area...</p> <p>I understand that cops can legally lie, so I took it with a grain of salt. He then asked for my identification in which I refused to provide since he couldn't tell me that I committed a crime upon me asking him "what crime did I commit?" Following this, three other officers had arrived on the scene.</p> <p>Reynolds told me that I had every right to not provide my ID, (as I did not commit any illegal actions), however reminded me that in doing so... This whole process was going to take a lot</p> |

longer and I had replied that it was fine (continuing cooperation). As Reynolds began running my plates and VIN #, the other cops remained calm and did not tend to be a bother; thankfully, but rather just casually continued conversating with my friend and I.

Reynolds then arrived back at my window and asked if the birthdate that his scanner mentioned was accurate, in which I confirmed that it was. He then proceeded to tell me that my driver's license was pulling up as expired and informed me that I was going to be given a citation for this matter. (Knowing that my driver's license is still current) I began to attempt to dispute this false accusation.

Getting nowhere in disputing this information and the accuracy of his data, I then mentioned that I would show him my driver's license, but now he was refusing to see my identification! To my understanding... His body cam footage had to have grabbed his refusal to see my identification. I had originally refused to sign the citation as I know that this is an unjust accusation, and then things escalated...

Reynolds began opening my door, making physical contact to get me outside of my vehicle while telling me that he would arrest me if I continued to refuse to sign this unlawful citation (Unlawful in my own words). I clearly reminded him that my ID was not expired and that his information is inaccurate, in which he blatantly continued to be hard-headed about; continuing to refuse my identification. Not wanting to get wrongfully locked up again (from another unrelated incident by APD), I then submitted to sign this unlawful citation.

I attempted to video record for mine and my friends protection, however the video cut off before the situation had drastically escalated. (Due to phone storage congestion) I can't upload the video here due to it being 201.66MB

Other officers on scene: Officer Martinez 10203, Kaipat 9635, and Liba Aguado 10356  
Last but not least, I do have an upcoming bench trial this month of June involving this particular matter.

| <b>Complaint:</b><br><br>The complainant alleges:<br><br>On Thursday, June 18th at 8:45pm I had an incident where someone broke into my vehicle by smashing my car window in broad daylight at Zilker Park and stole all of my belongings including laptop and medications. I am in the middle of moving, which is why anything was in my car in the first place. I immediately called 911 and was told there was nothing they could do and i would have to call 311 to have someone reach out to me in 14 days to file a report. I was distraught because of how much was stolen and felt unsafe in the situation given how many other cars and people were around and had a feeling like the perpetrator was still in my area. They said there was nothing they could do. meanwhile, i see hundreds of police officers standing around the highway doing nothing except block traffic for construction. It's unfortunate that our police department does not take the lives and safety of our citizens more seriously, and respond to these situations in a better manner. |                                                     |

| <b>Complaint:</b><br><br><b>The complainant alleges:</b><br><br>I'm reporting this again today due to the increasing amount of interaction I have been having with the police. This has been happening since 2021. Since 2021 I have made many reports about police following me, sitting at my job, refusing to generate a report of my complaints, pulling me over on multiple occasions, tracking me and issuing me several citations month to month with inflated fee amounts for the violations |

| <b>Complaint:</b><br><br><b>The complainant alleges:</b><br><br>I am submitting this formal complaint regarding the Texas Peace Officer's Crash Report for the collision that occurred on June 17, 2026 at 21:11 in Austin, Travis County, near North IH 35 and East Covington Trail, [REDACTED] prepared by Austin Police Department investigator Clark Smith, ID AP10228.<br><br>This report contains multiple material errors and omissions that affect fault, roadway conditions, and my ability to pursue an insurance claim for my injuries and property damage. First, the report states twice in the narrative that I was riding northbound on an electric scooter against traffic on the I-35 southbound service road and that Unit 1 struck me at roughly 30 mph. That statement is false. At the scene, I told the officer multiple times that I was traveling south, with traffic, from the Pflugerville area toward downtown Austin. My Google Maps history supports that route and direction of travel. I also have a receipt from IHOP in North Austin from approximately 15 minutes before the accident that corroborates my direction of travel from north to south.<br><br>Second, the report marks the scene as not being in a construction zone. That is also wrong or incomplete. The frontage road had been reduced from two lanes to one. For much of the trip, I had been riding in the closed lane, safely separated from moving traffic. In the area where the collision occurred, the closed lane was ripped up into dirt and stones, making it unsafe to continue riding there. Because that lane had become unusable, I had to move into the open lane, where I was struck.<br><br>The officers report also fails to mention that my scooter travels at 30 to 32 miles per hour, which is comparable to the posted speed limit for traffic at the location I was hit, and, when questioned regarding speed I did state this fact, but also that I had most likely been doing closer to 25 miles per hour as I had just crested the hill. The report also fails to mention that my scooter had hazard lights on it and I had been using my hazard lights and they were on still when the officers arrived |

at the scene of the accident. The report fails to mention anything about my scooter whatsoever, which I feel is quite pertinent to the investigation of the accidental, including the two headlights, two hazard lights (left and right side) an underbody light, as well as a light on my rear fender which was struck and destroyed by vehicle 1 during the collision.

Third, the physical damage to my scooter contradicts the narrative in the report. The rear motor wheel / back tire along with my rear fender and light was destroyed. That damage pattern is consistent with being hit from behind. If I had actually been traveling against traffic, the impact would be expected to involve the front of the scooter first, rather than the rear.

Fourth, the report contains an extremely short and duplicated narrative, repeating the same two-sentence description twice with no meaningful discussion of roadway narrowing, lane closure conditions, construction conditions, my statement of travel direction, or the physical evidence from the point of impact.

This is not a minor wording issue.

The report contains multiple factual errors about direction of travel and roadway conditions, even after I repeatedly told the officer I was traveling south with traffic. These errors unfairly shift blame onto me and materially affect my ability to recover for ambulance transport, emergency treatment at Dell Seton, scooter damage, damaged clothing, and other losses.

The report is also incomplete because it does not document any damage to my scooter or other property, even though the rear motor wheel was destroyed in the crash. That missing damage information matters because it is physical evidence supporting the point of impact and fault analysis.

I request that this complaint be investigated and that Austin Police Department review whether a corrected or supplemental report should be added to the file.

I also request that my written statement and supporting evidence be preserved with the crash file.

| <b>Complaint:</b><br><br>The complainant alleges:<br>To Whom It May Concern,<br>I am submitting a formal complaint regarding the accuracy of the documentation associated with Case No. [REDACTED]<br>According to the records, it was documented that officers attempted to contact me twice. However, I only received one phone call regarding this matter. I have reviewed my call records and am unable to identify a second call attempt.<br>My concern extends beyond the missed call itself. Public trust depends on the accuracy and integrity of official reports and records. When documentation contains information that appears inconsistent with the facts, it raises legitimate concerns about recordkeeping practices and accountability.<br>I respectfully request that this matter be reviewed and that any available call logs, dispatch records, or other documentation be examined to verify the accuracy of the reported contact attempts. If an error was made, I request that the record be corrected accordingly.<br>Please advise me of the complaint process and provide any reference number associated with this complaint.<br>Thank you for your attention to this matter.<br>Sincerely,<br>[REDACTED] |                                                     |

| <b>Complaint:</b><br><br>The complainant alleges:<br><br>I was walking my dog when 3 units arrived at the apt. complex. I started video recording, giving all the officers plenty of room while staying in public areas.<br>After a while Officer Lindsey asked me to leave. When I denied her/his request The officer ordered me to leave but then backed down when I refused to obey the unlawful order. A few minutes later he/she returned and very aggressively got in my face and threatened to arrest me if I didn't leave. I told him/her off and then another officer stepped in and told Officer Lindsey to leave me alone and told me I was within my rights to be there.<br>Ofc Lindsey AP 10614 |

| <b>Complaint:</b><br><br><b>The complainant alleges:</b><br><br>Sunday, June 21, I was riding my bike around 10:30pm, to get my Jeep from a charging station, that I regularly use. I was stopped by a police car for not having any reflectors or lights on my bike. I thought that was totally legit and fair. I had never even thought of that because I just started riding my bike again and I never used to ride at night. But the two officers approached me and told me to get off of my bike and asked if I had any weapons. And then two additional police cars arrived on the scene. This felt very threatening to me and unnecessary for just needing a reminder that I can't ride my bike at night without lights/reflectors. And once I gave my name and DOB to the first officers, they ran my information and came back and told me that they were going to give me a warning and that the next time would be a different story. This encounter felt deeply rooted in racial profiling. I am submitting this report to ensure this incident is officially documented, and I request that the Office of Police Oversight review the body camera footage of these officers to address their aggressive tone, the hostile 'warning' issued at the end, and the unnecessary dispatching of backup units. |

| <b>Complaint:</b><br><br>The complainant alleges:<br><br>Over the course of the last 12 months-I have been the target of illegal harassment, following and stalking and profiling due to [REDACTED]. With the last PIR I submitted to the city of Austin was answered with over 50 requests put in attempting to file a report that documented this. Something is broken within this process. Upon answering dispatches question as to why I thought someone or people would be targeting me and I inform them of [REDACTED] and instead of asking the make, model and license plate-I get instructed to take the next exit. Then asked if they're still behind me-interrupting me while providing the description-they refuse to take those details and tell me that there is no crime to be reported and that I need to call 311 and put in a police request? Most recent time-I had been struck by one and ran off the road-after hearing my status they again said "there is no crime to be reported." To This past evening, one of the same people has been targeting me-walking by my hotel room, stomping and beating. When I repeatedly phoned the front desk-I had to call because the same guest refused to stop yelling and threatened to cause bodily harm. She then had her husband come knock on my door and shout slurs related to my health status while I was on the call with 911. Austin Police Department knocked on my door 2 hours later-asked if there was a disturbance to report....."ok have a good night"? Didn't take the report. If this is the process-why have I not been able to document the these things? Ive filed multiple OCR complaints-after my phone was blocked from dialing 911 during one of these situations. |                                                     |

| <b>Complaint:</b><br><br><b>The complainant alleges:</b><br><br>At the parking garage exit of the Baylor Scott and White on San Jacinto, at around 515pm, an individual directing traffic was ignoring traffic that was building up on San Jacinto and letting multiple cars out of the garage instead of every other car. So after he let the one car in front of me go after letting 3 cars out, I thought I could go too. He became flustered with me asking why did I pull up after he was waving his hands, I said you just let 3 cars go so I thought I could go. Mind you, I hadn't moved for 3 light sequences. He started to demand my i.d. because I disobeyed an order when the order wasn't visibly obvious. The universal sign for stop, to me, is when someone places their palm up facing you, not waving both arms. Y'all need to do a better job instructing these traffic attendants as to being fair to the general public that is already on the street and hand signals. |

| <b>Complaint:</b><br><br>The complainant alleges:<br><br>The complainant was at work where he is a manager and noticed two officers "loitering" outside of the business. The complainant said that the officers were on private property, appeared not to be conducting and police business, and were parked in a no parking area. The complainant approached the officers to ask if they needed anything or if they were there for any particular reason, to which the officers said no.<br><br>The complainant approached the officers again 20 minutes later when he noticed they were still on the property. This time officers told him he has a warrant and tried to identify the complainant. The complainant says the officers misidentified him and would not listen to him or check the identification he was trying to provide them. The complainant said he was embarrassed by the officers walking him in front of the business where customers and everyone could see him being transported like a criminal.<br><br>The complainant was eventually released once officers realized he was not the same person who was named in the warrant. The complainant said that he did not feel like officers listened to him, and that one officer did not speak English fluently enough to understand and communicate with him effectively. The complainant says he mentions the language barrier because he believes it was a contributing factor to the confusion.<br><br>The complainant expressed a desire to speak with a supervisor so he could let someone know that he does not want officers loitering on his property if they are not there for police business. |

| <b>Complaint:</b><br><br>The complainant alleges:<br><br>On father's day 6/21/26 I would like to say between the time 515pm-630pm, Austin police department surrounded my apartment due to there was an incident that happend at a gas station I believe it was a robbery they said, well the suspect was in my apartment mind you they are all under age accept my daughter who had just got home from a friend house, while this was going on cops had guns out and tazers all pointed to my children, my children or us don't carry any weapons or don't use any weapons at all, and mind you they were all following direction as they were asked by the police department, there was so many police officers out there males and a few females that I didn't get none of their names but one did say that the case will have everyone's names and badge info on the case, so I wasn't there when my daughter and one of my sons where being searched and patted down but I only have a video of my son being patted down, my compliant is a female officer patted down my son who is under age not using her hand properly while patting him down and it should have been a male officer doing that, as well for my daughter too the male officer was patting her down instead of a female, they was not using their hands properly and my daughters the male officer she felt uncomfortable of him patting her down. I would like to bring to your attention these kids were following what they were asked of them and the officer who as well handcuffed my younger son was being so aggressive and he's the same one who was patting down my daughter and she as well said he was being aggressive with her too. I took pictures of my children's hands how they have marks from the cuffs. She as well had told him she felt uncomfortable of him searching her, why couldn't he get one of the female officers to do that. I have videos and a picture of my children but not letting upload them all and the videos are long. So if there is another way I can send them please contact me. |

| <b>Complaint:</b><br><br><b>The complainant alleges:</b><br><br>I am filing this complaint regarding APD officers who responded to my home on June 25, 2026. The related numbers I have are [REDACTED]. I request review of both numbers and any related CAD/events connected to my address on that date.<br><br>I am the homeowner. This incident involved a tenant/resident in my home. I reported property damage and safety concerns, including a broken window with glass/debris inside the home, damage to my washing machine, and trash dumped into my vehicle. I also had video evidence of prior escalation/utility waste, including faucets, shower, and lights left running with no one using them.<br><br>My concern is that officers treated the situation as only a civil landlord-tenant issue and did not properly document or review the property damage. I understand APD may not handle the eviction issue, but I was reporting damage to my house, my washing machine, and my vehicle.<br><br>I am also complaining about officer conduct and report handling. Officers left without clearly providing me a report number, CAD/event number, officer names, badge numbers, or next-step instructions. After they left, I had to call 911 again just to obtain basic report information. When I called 911 again, I explained that officers had warned me about calling again and that I did not want to be arrested. I was cooperative and came outside when asked.<br><br>Eventually, I was given only a handwritten number, and I later had to call again to understand what that number was and what report existed. I believe I should not have had to call 911 again just to get basic documentation after reporting property damage at my own home.<br><br>I was warned, in substance, that if I called 911 again for anything short of a physical threat, I could be accused of abuse of 911 or arrested. I perceived that as intimidating and as discouraging me from calling for help while I was still living in the same house with the person involved. |

I did not consent to APD entering my home. I was inside my room and on the phone with 911, and I want the legal basis for entry reviewed.

An officer also made comments regarding my lawful firearms, including in substance that officers knew I had guns and that next time officers would arrive with guns. I perceived those comments as intimidating.

I also want officer demeanor reviewed. I was told/shouted at to go home/sleep, I overheard dismissive comments in substance that an officer would not want to live there either, and I observed an officer spit on the ground near my driveway after the interaction.

Overall, I felt treated as the suspect or problem rather than the homeowner reporting damage and safety concerns at my own residence.

[REDACTED]

I request review and preservation of all body-worn camera footage, CAD notes, dispatch audio, 911 recordings, incident reports, officer names, badge numbers, and any related documentation for [REDACTED], and any related APD responses to my address on June 25, 2026.

Because this may become a legal matter, I need the record to be complete and accurate.

| <b>Complaint:</b><br><br>The complainant alleges:<br><br>An vehicle incident on or around 05/16/26 happened involving her grandson, [REDACTED], while he was driving her vehicle. Complainant states there were witnesses. She contacted 3-1-1 (Reference number: [REDACTED]) around late May and was told APD would follow up in 2 weeks (June 10). She stated when APD followed up with her, she spoke to a female supervisor named Erin who was dismissive. When complainant stated her grandson may be at work when she called, Erin told her APD would only contact her grandson, that he could not call them back and he needs to be available for the a phone call. However, if they cannot get in touch with him when they want, they will close the case without investigation. |                                                     |

| <b>Complaint:</b><br><br>The complainant alleges:<br>Request for Clarification Regarding Closure of Police Report and Service Request online filing access code: [REDACTED] and [REDACTED]<br>Dear Sir or Madam,<br>I am writing to request clarification regarding the handling of my police report and related service requests.<br>When I initially reported the incident, I was informed that I had 30 days from the date of the report to complete and supplement my information. The incident occurred on May 27, 2026. However, on June 24 or 25, I received an email stating that my police report had been closed, even though the 30-day period had not yet expired.<br>On June 25, I had also specifically requested that the report be reopened because I was not finished reporting online providing information such as my concern with identity theft as all my credit cards and IDs were stolen inside my wallet. I'm also unable to find/get a copy of stated police report given when I searched online. I was confused because I haven't finished reporting yet but they kept closing it? Again, the report was closed June 26 ( I received on email) without anyone speaking with me. I am confused about the process and would appreciate an understanding and resolution on this matter, please.<br>Additionally, on May 27, I called twice and was told someone will contact me, but no one ever called me back. I had also mentioned I had questions and wanted to complete my report by speaking with an officer rather than continuing online. I was told it could take up to two weeks for someone to call me back. Unfortunately, I never received a return call during that time.<br>After nearly 30 days without any contact, on June 25 2026, I called 311 to express my concerns that my police filing was closed/expired (less than 30 days when first started) and when I haven't finished it and no one ever contacted me at all. During that conversation, I was told that the initial online report could not be reopened, but that existing report [REDACTED] or service request could be reopened and someone would contact me.<br>The following day, someone attempted to call me, but I missed the call. No voicemail was left. Instead, I received an email stating that my police report filing had been closed, even though no one had spoken with me.<br>The email stated:<br>Service Request Number: [REDACTED]<br>Service Request Type: APD – Non-Emergency Existing Police Report |                                                     |

Service Request Outcome: Review and Contact Requester – No Report Needed (Provide Information) – Close SR

At this point, I am receiving conflicting information by phone and email regarding whether my report can be updated, reopened, or completed. I have made multiple attempts to provide additional information and to speak with someone assigned to my case, but I have been unable to do so.

I respectfully request clarification on:

Why my report was closed before the 30-day period had expired.

Why it was closed after I specifically requested that it be reopened to add additional information.

How I can complete or supplement my police report if I am not permitted to file a new report online.

Whether an officer or someone higher up can contact me so I can provide the remaining information needed for my report.

I would appreciate your assistance and a response at your earliest convenience.

Thank you for your time and attention.

Sincerely,

[REDACTED]

Hello,

Says it here I have 30 days, but why did you all close it when it's not even 30 days and I haven't even finished filing and no one from 311 line contacted me ?

Please re-open and I will finish it.

**Conclusion:**

The current practices of this precinct are actively hindering justice and forcing a victim of a crime to navigate the aftermath with zero state protection or support. I am demanding that Case No. 2026-  
[REDACTED] be immediately reassigned to an active, duty-ready detective, and that my records request be fulfilled without further delay.

| <b>Complaint:</b><br><br>I was at the yield sign and the officer starts honking at me when two cars happened to get in my lane to get into the gas station(which would have caused an accident),we both ended up going on the highway, but the officer crossed the solid white line and used no signals to get on the highway. Highly unprofessional and he's going to cause an accident one of these days. The officer was driving an unmarked black suv. It happened between 6:20-6:25am.<br><br>regarding an anonymous report submitted earlier today about an unmarked black police SUV. I need to add that prior to the officer crossing the solid white line and turning without a signal, the officer also did not wait 3 seconds to merge lanes but instead merged all the way to the left to get on the highway. I was legally and safely yielding to two civilian cars that were turning across my lane into a gas station. The officer then asked up past my vehicle across the solid line. |

| <b>Complaint:</b><br><br><b>The complainant alleges:</b><br><br>He was rear ended. He pulled over to the side of the road with the other driver. After speaking with the other driver, he was made uncomfortable so he requested an officer come. The 911 operator indicated that they would not be sending a police officer. He told the dispatcher that he felt he was in a situation that warranted a police officer assist. Since then, he has had issues contacting the other driver and found out that they have a warrant out for their arrest etc. If the police had been involved or dispatched this wouldn't have gotten to where it is today. He stated the dispatcher was just doing their job, but his concern lies with APDs policy to not send officers to the scene of an accident when they are requested. |

| <b>Complaint:</b><br><br><b>The complainant alleges:</b><br><br>I am pro law enforcement, even [REDACTED] and was unfortunately disappointed in the interaction with APD today. My family was rear-ended by an unlicensed driver that tried to flee the scene. When officers arrived they did not identify the driver, he had no license registration or insurance. I myself spoke to him in Spanish and he told me he had none of the identification or paperwork. After explaining the situation, the officers wrote down some of his "information" and gave it to us they let this unidentified, unlicensed driver leave and pull back on the road. VERY DISAPPOINTING. No report, no look into identification, free to go.<br><br>[REDACTED]<br>[REDACTED]<br>[REDACTED]<br>Officers Nguyen & Cedillo |
