NOTICE OF COMPLAINT

June 16, 2022

ICMS #: 2022-0515

On June 15, 2022, the OPO received a phone complaint.

The complainant alleges: She has concerns about APD's actions while responding to a false allegation incident with an elderly family member. About 16 cars responded to the call. The individual did not own a weapon nor were there weapons on the property. An [REDACTED] patient living in the home made the call to APD. The agency ([REDACTED]) deceived the elderly woman claiming the person would only be in the home for 3 weeks, but it turned into 6 months. The individual made a direct threat to the elderly woman when she addressed an issue and APD did not do anything. The officers came in with an attitude toward the elderly woman as she was explaining that the person was not telling the truth. APD told her in an aggressive tone to shut up and go back to her room. APD showed no respect and inflicted stress in the elderly woman's life. APD did not help her when she received direct threats from the individual that was living with her

This notice of complaint is a request for Internal Affairs to initiate an investigation to determine if the employee conduct is within compliance of APD policy, Civil Service Rules, and Municipal Civil Service Rules.
