NOTICE OF COMPLAINT

February 10, 2023

ICMS #: 2023-0098

On February 6, 2023, the OPO received an online complaint.

The complainant alleges: When I was picked up and forced into the hospital after calling the police to tell them about being bullied and harassed by [REDACTED] to [REDACTED] [REDACTED], I was treated like a criminal instead of a fing victim. You all should be sued! You did this to me you dumb children!

And my mom is taking lithium with alcohol and is abusive. I don't even have upper body strength which you should know by now after taxing me and treat me like a dog.

Information about officers: 3 young shaky men who couldn't stop threatening my life with their guns after I presented my gc3 perfectly to them. Thanks for the ptsd! White or Euro American Male

Witness information: My elderly dad [REDACTED]

He's codependent on my mom. And my mom lied about me even being in the house long enough after the hospital to do anything. This was after your force set me up to be abused at [REDACTED] Take down [REDACTED] or I will continue this with the nra or a democratic version.

This notice of complaint is a request for Internal Affairs to initiate an investigation to determine if the employee conduct is within compliance of APD policy, Civil Service Rules, and Municipal Civil Service Rules.
