NOTICE OF COMPLAINT

September 30, 2022

ICMS #: 2022-0861

On September 29, 2022, the OPO received an email complaint.

The complainant alleges: My name is [REDACTED]. I'm writing today concerning report [REDACTED] that I understand to be your responsibility. For the purposes of this email I will use "the accused" to represent [REDACTED], the subject of my complaint. I have copied my attorney, [REDACTED], on this email. I have copied the Office of Civil Rights on this email as I am concerned that "the accused" is being given access to government services (protections) that I am not being provided based on my gender. "The accused" has been provided those government services and protections through case [REDACTED]. I have copied Austin Police Oversight on this email as I believe report [REDACTED] is being shoved to the bottom of a pile and I'm concerned about the behavior, statements, and lack of investigation into facts that I have concerning case [REDACTED] - [REDACTED] by APD detectives and prosecutors. I have not filed official complaints but will soon if no action is taken to protect me from "the accused" and no action is taken to investigate the full case in [REDACTED].

I was told that contact concerning report [REDACTED] would be made by the Austin Police Department within one week, two at most. I made this report roughly [REDACTED] ago and have yet to be contacted. This is extremely concerning to me on many levels. Can you tell me why I've received no response to my report? I'm worried that the City of Austin is engaging in discrimination based on my gender. I most certainly am not being provided equal protection by the City of Austin, the Austin Police Department, or the court system. I worry that civil rights are only adhered to when the victim is of a certain gender. I worry that "Me Too" has made it impossible for me to receive the same protections being provided to "the accused", a person that I consider to be a danger. If not a dangerous individual themselves, "the accused" is most certainly an individual that has friendships and dealings with dangerous people.

NOTICE OF COMPLAINT

I've made a very serious report about "the accused" who has trespassed in my apartment, threatened property damage, threatened me with incrimination to prevent my contacting police, and followed behind my back in parking lots at night (after falsely accusing me of a felony and telling the police they don't want contact with me weeks/months prior). This is a person who has begun to make vague threats suggesting they know people who can beat me up. This is a person who is calling women from my past whom they share no affiliation with (research would've needed to be done to obtain names and contact information in this case). This is a person who is emailing her diary and secret recordings to my friends. That same friend had to block "the accused's" phone number months prior due to other unwanted contact. This is just the tip of the iceberg of harassment I'm enduring at the hands of "the accused". None of "the accused's" behavior above has been properly conveyed to the prosecution in my other case ([REDACTED]) where a Grand Jury could be convened any day. It is a travesty that this is being allowed. Is it possible to forward this email and all information concerning this report/case ([REDACTED]) to the detective, prosecution, and/or grand jury on case [REDACTED]? Please do so if possible and I will ask my attorney on my end ([REDACTED]).

The harassment I'm enduring at the hands of "the accused" is not something I deal with consistently on a day-to-day basis but that makes it all the more scary. "The accused" will disappear for a month and then I'll find them hiding behind a grocery store shelf watching me or a parking lot following me. I'm worried that the City of Austin and the Austin Police Department are sponsoring this harassment. The City of Austin and APD have provided a safety net, allowing for "the accused" to feel free to attack me and those around me in any way they see fit. It has come to my attention that APD officers on the scene at a previous incident ([REDACTED]) involving "the accused" and myself made very concerning statements, calling me a narcissist and liar without evidence. This was shared with "the accused" who no doubt pounced on the opportunity to use APD support in my framing.

This is the last time I will voice my concern in this manner. Again, I have copied my attorney, [REDACTED], on this email. Again, I have copied the Office of Civil Rights on this email. Again, I have copied Austin Police Oversight on this email.

OFFICE OF POLICE OVERSIGHT

NOTICE OF COMPLAINT

I will be calling 911 if I am not provided the same protection as "the accused" very soon. I will also be filing an official complaint with the Office of Civil Rights if I am not provided the same protection as "the accused" very soon. I will also be filing an official complaint with Austin Police Oversight if I am not provided the same protection as "the accused" very soon (and further investigation is not taken into my other case [REDACTED]).

Please start to take my safety and this case seriously as I am a tax paying citizen with no criminal record. I know I'm a man, but that is not illegal and it does not preclude me from receiving the same protections that others have been provided (unnecessarily provided).

Eagerly awaiting some kind of response from someone who cares about me and my safety,
[REDACTED]

This notice of complaint is a request for Internal Affairs to initiate an investigation to determine if the employee conduct is within compliance of APD policy, Civil Service Rules, and Municipal Civil Service Rules.
