Nature of complaint: Discourtesy or Improper Conduct	
Austin Police Officers Involved:	Unknown: <input checked="" type="checkbox"/>
Complaint: The complainant alleges: He was outside in his backyard watching baseball with his son. Two police officers came to the back gate and let him know they had a distress call. The complainant asked that they go to the front door because he thought it was disrespectful to come straight to the back gate like that. It shook his son up and he didn't appreciate the interaction. The officers told him this was protocol for the type of call they were responding to. They then went back to their car for about 20 minutes. The complainant watched them from his front yard and they eventually left. They didn't provide any more information about why they came to the back gate or why they came at all.

Recently I left Austin to try to find better placement elsewhere to no avail. After that I ended up returning to the same camp site the previous crimes where committed at. I have high suspicion the same officers are committing the same crimes and harassing me. This time planting evidence in my sleeping cot when I was not present. I thought I heard them the other night but I gave the benefits of the doubt and just assumed it was my imagination. Now I'm retiring to my friends campsite to find what appears to be drug evidence. This isn't the first time they have tried something the same albeit different evidence. I thought I would report this before I end up getting set up

Complaint: <p>The complainant alleges:</p> <p>From email titled: Case Number 25-1551353 - Follow Up</p> <p>Dear Austin Police Oversight Department,</p> <p>I am writing to formally express concern regarding the police response to an incident involving my neighbor, [REDACTED] of [REDACTED], on the evening of Wednesday, June 4, 2025.</p> <p>After contacting 911 due to threatening and erratic behavior from Mr. [REDACTED]—including a verbal interaction at our front door in which he stated, “You should own a shotgun,” and subsequent behavior involving him waving a hammer and pacing in front of our home—we were surprised and disheartened by how the responding officers handled the situation.</p> <p>Despite our repeated statements that we had clear Ring video footage documenting these events, at no point during the response did officers request to review the footage. We also had to escalate the interaction ourselves by asking the officers to involve their sergeant before any meaningful action was taken. Only after speaking with the sergeant was a criminal trespass warning issued on our behalf.</p> <p>This experience has raised several concerns for us as residents and community members:</p> <ul style="list-style-type: none">• The apparent lack of interest in available video evidence that could have informed the response.• The need for citizen escalation in order for officers to take protective steps.• A general tone that suggested the behavior should be ignored, despite the ongoing and visibly unstable nature of the situation. <p>We are increasingly fearful for our safety and the safety of our neighborhood. I am reaching out to request that this incident be reviewed by your office and that we be informed of any steps that can or will be taken to improve response protocols in situations like this—particularly when mental health, potential weapons, and repeated police involvement are in play.</p>

<p>He was making a left at the intersection of 6th and Red River. There were officers in a car behind him. They came over a speaker and told him to stop blocking the intersection. The complainant made a left out of the intersection. The officers pulled up next to him and began lecturing him. The complainant said ok, the light turned green, and the complainant drove forward. At that point, the officers pulled him over. They came up to his window and told him not to pull away when they were speaking with him. They said " When I'm talking to you, you listen" when asked why he was being pulled over. The officer unlocked his door, and pulled him out of his vehicle. The complainant was handcuffed and the officers told him to stop resisting. He stated he had a bad shoulder and that he was not resisting. The complainant thinks the force used was excessive. The officer kept explaining that when he was speaking, the complainant should listen. The complainant stayed quiet at that point, because he felt he couldn't say anything right. The officer kept demanding an answer. He was issued a citation for entering the block intersection and given two warnings. He requested to speak to a supervisor and spoke with Pallo 5361 and Attridge 4516 during the incident.</p> <p>Ticket number E17250417</p> <p>Officer Description: B. Bender AP8498 Campos AP9598</p>

Austin Police Officers Involved:	Unknown: <input checked="" type="checkbox"/>
Complaint: The complainant alleges: Dear Chief Jessica Robledo (Pflugerville Police Department) and Chief Lisa Davis (Austin Police Department), Please find attached two formal demand letters addressing repeated, unwarranted welfare checks at my residence at [REDACTED], Pflugerville, TX, 78660: • “Demand to Cease All Welfare Checks at My Residence” – Directed to the Pflugerville and Austin Police Departments, requesting that you flag my address to prevent further baseless welfare checks prompted by anonymous callers. • “Demand to Cease All Welfare Checks, Investigations, and Visits to My Residence and Request for Information on Ongoing Investigations” – Directed to Integral Care, addressing their coordinated visits and demanding cessation of all investigations and contact. Since approximately April 2025, my home has been subjected to multiple unfounded welfare checks by both the Pflugerville and Austin Police Departments, as well as two documented visits by Integral Care (the most recent on June 9, 2025, which I ignored). I believe these checks are initiated by anonymous callers attempting to harass me and suppress my First Amendment right to free speech online, particularly on platforms like X. These visits have caused significant emotional distress, disrupted my daily life, and exacerbated the challenges of managing multiple legal processes, disputes with two utility companies, and daily legal notices delivered to my home from various courts. The combined disruption from police, Integral Care, and court deliveries is intolerable and unnecessary. As detailed in the attached letters, I perceive these welfare checks as potential retaliation for my formal complaints against law enforcement and judicial entities, including the Austin Police Department, Office of Police Oversight, and Texas Department of Public Safety. I demand that both departments immediately flag my address to prevent further unwarranted visits, investigate the source of anonymous calls, and cease any actions that could be construed as retaliatory. The attached letter to Integral Care similarly demands they stop their visits and provide information on their investigations since April 2025. Please acknowledge receipt of this email and the attached letters within 10 business days (by June 23, 2025) and address the demands outlined therein. If prior correspondence was returned, please clarify the reason to ensure successful delivery. Contact me at [REDACTED] or [REDACTED] with any questions or to request further documentation, such as my records of welfare checks or security camera footage.	

OFFICE OF POLICE OVERSIGHT

Thank you for your prompt attention to this urgent matter. I trust both departments will act swiftly to respect my rights and privacy as a Travis County resident.

Sincerely,

Complaint: The complainant alleges: She went to 6th St with her friends. She was outside on the street dancing in front of an officer. Later that night, after she was drunk, she got in a fight with a doorman in front of that same officer. That officer and another officer tackled her to the ground and arrested her for appearing threatening, and appearing to attack bar staff. They messed up her hands and hurt her hands. She was screaming for help, and they took that as her resisting. They took her to a police car and aggressively put her in the car. She alleges they arrested her for no reason. She yelled at them when they got to the police station, and the complainant alleges they put a bag over head. When she was dragged to the police car, they said she kicked them so she was charged for that. Officer Washington Cause# DACC00012292A

She stated her boyfriend went inside a store to get a duplicate car key made, because they were living in the car, and the people in the store refused to give him the original car key back. She stated she called for police to help get the key. She stated when APD police officers arrived they laughed at her, went into the store and eventually left without doing anything. The complainant did not know the officers' name or badge number, but stated they are the same white male officers that messed with her before. She stated her primary complaints are the officers laughed at her, they are corrupt, and they steal from people.</p>

He wasn't blocking any vehicles, but he couldn't move it. Someone called APD and two officers arrived. APD called a towing company which arrived and quoted the complainant \$217. APD gave him a timeline of 30 minutes to get a towing company of his choice to come or to pay the \$217. The complainant stated this was rude and unprofessional, and is asking if this time frame was made up by the officer. The tow guy was also rude to the complainant and the officer saw and didn't do anything about it. Complaint: The complainant alleges: My friend and I were driving slowly downtown, showing solidarity with those protesting against ICE, playing a song titled 'FTP' (Fuck Donald Trump) while yelling 'Fuck the police' and flipping off the officers on site (not illegal!!). Officer Willis, Badge #4271 had police AND DPS Troopers surround our car and DRAG us out against our will and HANDCUFF us violently, leaving us exposed to the tear gas released by DPS for a CLASS C Misdemeanor, something we were not aware of until my friend was booked in jail as no one would communicate to us why we were being detained. We could have simply been given ticket. This was an extremely traumatic experience and incredibly jarring. We have a constitutional right to protest and free speech. Officer Willis was extremely aggressive and intentionally positioned my arm in an uncomfortable position while I was trying to talk to him to understand why I was being handcuffed, so much so that I am certain I was injured (I made a doctor appointment because I think I have a muscle tear). I was detained and let go, but my friend [REDACTED] was arrested and was treated the same way by officer Willis. He bent her wrist in the opposite direction and stopped once bystanders started recording. This is a flagrant disregard of civilian rights and gross misuse of power. Officer Willis acted out of egocentric rage and frustration and unnecessarily escalated the situation.

Austin Police Officers Involved: Michael Thomas AP5198	
Unknown: <input type="checkbox"/>	
Complaint: The complainant alleges: I purchased a used vehicle from wedad used cars LLC in Pflugerville, paid in full with cash, never received the title or registration. Owner, who sold me the car, closed up shop days after I bought car, and refused to answer any of my emails text phone calls Facebook messages , any forms of communication I tried. After months and months I went to DMV to try and bond the car or whatever but DMV said impossible because the title actually has a lien on it! After 9 months I was a finally able to reach the owner , [REDACTED] [REDACTED] using a friend's phone and lying about who I was at first and he yelled at me that he knows he doesn't have the title and his lawyer is ",working on it" and to leave him alone he's not doing anything to help me and hung up and blocked that number too. After like a year and a half and multiple tickets for driving without plates I filed a police report because it is illegal to sell someone a vehicle if you don't have the title and if you sell someone a car and can't get them the title within 30 days you are legally required to refund them all their money and take the car back. And [REDACTED] [REDACTED] obviously was aware he didn't have the title/couldn't get it because he refused to speak with me immediately after purchasing vehicle. If he was unaware at the time of sale it didn't last long he was fully aware and fully ignoring all forms of communication with me on purpose.he essentially stole my money. Anyway the Austin PD assigned detective Michael Thomas #5198 of the auto theft department to my case and he got to work . I provided him with every bit of information and then a ton more including that [REDACTED] [REDACTED] was currently getting sued for stealing money from another company out of NY and for bankruptcy fraud. Well detective Thomas was able to determine that the lien was threw Taylor auto and he contacted them and told him there isn't actually a lien it should have been removed or whatever and they would look into it and get back with him. And he also told me he would not be pressing any charges on [REDACTED] [REDACTED] because he tmsaid that there was nothing to suggest he was aware the title was not available and had a lien. But that's not true it's so fucking obvious he knew he'd a car dealership owner he bought the car from someone how could he NOT have known. Maybe if he wasn't the fucking owner I'd buy that but no! And then to top it off he was FULLY aware less than 30 days after I bought the car and refused to speak to me. And he admitted knowing he didn't have it and couldn't get it and at the very least should have refunded the money I paid him for title and registration and ect. But refused. He sold me the car without the title knowingly and refused to give any money back to me that is theft and illegal. And also Thomas Michael has never emailed me back after that last message stating those two things and

that was like 8 months ago. I've tried emailing him several times to follow up on what Taylor auto and their inquiry into the title but he has ignored every single one and refused to email me or contact me back in any way shape or form and it's been MONTHS AND MONTHS. That's so unprofessional and he. Obviously did not even read half my emails because several times I provided him with info and attachments with paperwork's and stuff and he would then send an email asking for that same info because he never read my emails in full or skipped parts. He clearly handled this case half assed and did not put any effort at all and this has honestly ruined my life. I used my vehicle for work and I can not do that without plates and registration so I had to stop working. I've gotten over 1000 is tickets because I Need NEED my car for transportation to live and there's nothing I can do about the plate anymore and . But Michael Thomas just doesnt give two shits and it's extremely insulting that he's blatantly ignoring my emails and refusing to communicate at all

I was told by the parking people I could pull over by some grey poles to wait for my coworker [REDACTED] to come by my car to pick up the items. As I was on the phone with [REDACTED] to notify her of my location and try to help her find my car, this female officer approached my car, knocked on my window very harshly and proceeded to be very unnecessarily rude to me despite me trying to explain why I was stopped here. I truly believe she refused to understand why I was stopped there, and she said things like "why is it so hard to call your coworker and tell her where you are?" and "You need to speak up I can't hear you." Even after she told me I was "at the west gate," I spoke to my friend on the phone, that was connected to my car so the police officer could hear her responses to me, [REDACTED] responded back "I don't know where the West Gate is." I was just trying to make it easier for [REDACTED] to find me especially because I had already shared my location to her and she was walking toward me which is why I didn't want to move, but ultimately I ended up moving because the police officer was so rude and yelling at me despite me trying to explain my reason. I unfortunately wasn't able to get a look at her badge name or number, but I did take picture of the APD squad car she was in (that has been uploaded). The license plate number is 1430158 , and the four digit number on the car was 0163. Complaint: The complainant alleges: The staff at Hotel Zaza on 4th and Lavaca called APD to formally trespass him. The complainant went outside on the public sidewalk and waited. There were 2 officers and a sergeant that responded. The hotel staff also flagged down some bike police. The complainant had a recording of the hotel staff physically assaulting him. Instead of the police paying attention to the complainant's video, they went forward with issuing him the trespass and ignored his concerns. Case # 25-1641222. Within the next hour, the complainant called the police because the hotel staff came out to the public walk way where the complainant was, and and ripped a sling out of his hand unprovoked. About 6 police officers showed up again. The complainant stated that the officers were agitated. When he asked how to submit the video he'd taken of the hotel staff assaulting him, he was not given any information on how to do so by APD.

On 9/9/2024, at 11:30 PM. the complainant was at his apartment parking lot. The complainant stated that the security guard called 911 about an assault and APD responded. The complainant stated the security officers said the complainant was involved in the assault and was the aggressor. The complainant was placed in handcuffs and arrested based on the security officer's statement. The complainant said the security officer corrected his statement and said the complainant was not involved. The complainant was still arrested. The complainant said APD officers said if he released him, then the security officer would be arrested for giving a false statement. The complainant said APD officer instead continued to arrest the complainant.

Complaint: The complainant alleges: Subject: Urgent Concern Regarding Testimony by Detective Jeff – Request for Oversight and Clarification Dear Austin Police Oversight Division, I am writing to formally request your attention and assistance regarding a serious matter that came up during my appearance in family court yesterday. During the proceedings, a testimony was given by Detective Jeff, who stated that he was working with law enforcement in Cedar Park and Austin, TX to obtain a warrant for my arrest. This was reportedly related to statements made by my daughter, who has a history of behavioral issues and has had numerous interactions with police. I have supporting documentation regarding her behavioral history, including incident reports and professional assessments. The address in question is [REDACTED], where the only recurring issue was my daughter running away. Despite her frequent police contact, I was never reported for abuse. In fact, past reports and officer interactions consistently indicate no findings of abuse. Furthermore, my daughter was receiving weekly therapy during that time, and no concerns of abuse were ever raised by her therapist or any professionals involved. I am extremely concerned that, two years later, a claim like this can surface without proper documentation, proof, or investigation. I respectfully request that this matter be reviewed by your office to understand how this situation developed and what actions are being taken. Please advise me on who I can speak to directly regarding this case, and what the process is for filing a formal inquiry or complaint. Thank you for your time and assistance. Sincerely, [REDACTED]

Complaint: The complainant alleges: On 6/16/2025 I received a call from one of the CPI Investigator's that works in my Unit. Investigator [REDACTED] advised that the Officer's that were on the scene of her Emergency Removal were demanding to speak with her Supervisor. When Officer Gomez got on the phone she immediately demanded if we had a signed order from a judge. I advised her that we had an Emergency Order for Removal and that we didn't need to have a Judge sign this per the Texas Family Code 262.104. Officer Gomez proceeded to then demand who I was, what was my title and my job. When I asked her for why she needed this information she stated that it was for her report. I advised her that I have never had to provide that before but provided her with the information. I asked her for her Supervisor's name and number to which Officer Gomez stated that she at first didn't know who her supervisor was then she stated it was Sgt. Loretta. Officer Gomez then denied having any contact information for her supervisor. During the interaction with Officer Gomez and my CPI Investigator in the field both her and her partner Officer Dixon were hostile and confrontational. Both officer's were repeatedly telling the mother that what the investigator was doing was illegal. Officer Gomez went as far as to tell the mother that the Removal Notice was just a little piece of paper and that it didn't mean anything. When the CPI Investigator went to leave with the child to go to the office to meet the child's father Officer Gomez started screaming at the investigator to the point that the investigator didn't feel the infant was safe and handed the infant to the grandfather that had shown up at the shelter. At this point the officer demanded to know what the Investigator was doing. When the investigator advised she was transporting the child to the office, Officer Gomez intervened and told the investigator no and told the grandparents to leave the scene with the child. This was extremely concerning due to the Department at that time not having vetted the grandparents, and also due to the fact that the Department had the Emergency Custody of the child not the officer nor the people that they sent the child with. It has always been the general understanding the Law Enforcement is to not interfere with Emergency Removal's by the Department. The Officer's that were there were not called by the Department, nor were they requested to assist with the Removal. They were called to the shelter by the shelter due to the mother's behaviors. This was an improper obstruction of a lawful emergency removal by the Officer's on this call and ultimately placed the child in harms way.	

OFFICE OF POLICE OVERSIGHT

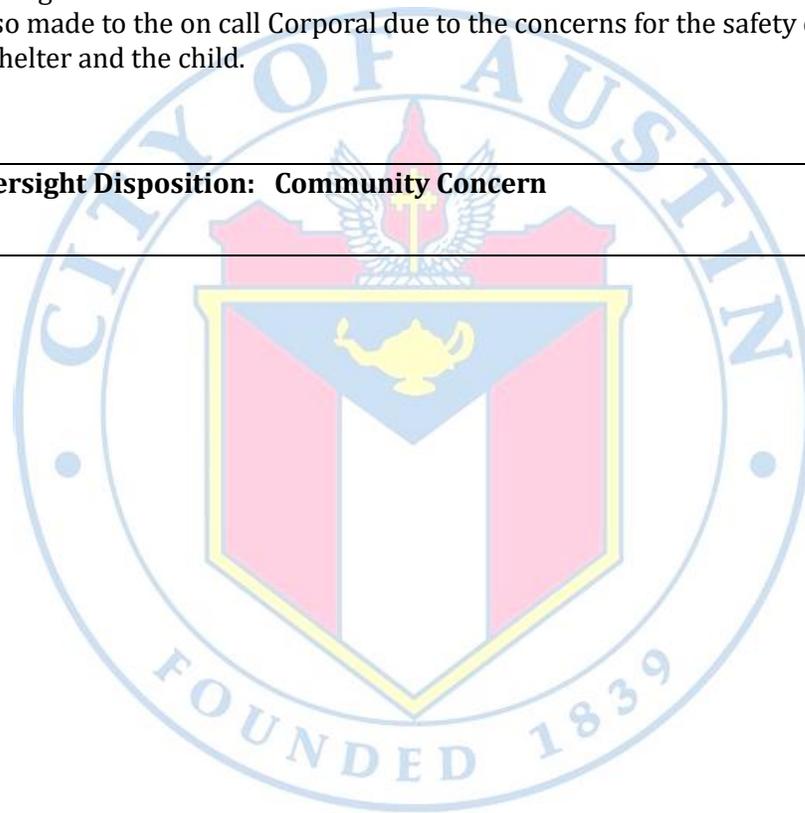

Neither Officer Gomez or Officer Dixon acted in a role of protection for the child or the Investigator that was conducting the Emergency Removal. The lack of even basic Emergency Removal Protocols was appalling by both Officer's.

Due to both of their actions they caused unneeded chaos for the child as well as for the mother who had already admitted to having mental health that wasn't being treated. Neither officer was willing to even look at the fact that APD had already responded to another call concerning this mother and her mental health 6/15/25, again that was called in by the shelter for her erratic and concerning behaviors.

Both Officer's were nothing but volatile and dangerous and I will not recommend that any of the CPI Investigator's work any cases with either of them with their lack of knowledge of working with CPI, and their dangerous demeanor's.

Complaints were also made to the on call Corporal due to the concerns for the safety of the investigator at the shelter and the child.

Complaint: The complainant alleges: Dear Internal Affairs Division, I am writing to formally file a complaint regarding an incident involving officers of the Austin Police Department that occurred on May 27, 2025, in Austin, Texas. The incident was between Officer Sargent Thomas Hayes (badge number 7070), and Officer Arevalo (Badge number 9360) Brian Miller. The officers mentioned, engaged in misconduct, specifically through the use of excessive force and intimidation, without lawful justification. The officers mentioned visibly had their body cameras present. The officers approached me in a way that felt unnecessarily aggressive, and their behavior escalated the situation instead of calming it. I did not pose a threat, was not resisting, and there appeared to be no reason for their actions to be so forceful and intimidating. While placed under arrest unlawfully, my charges of public intoxication, and impersonating a security officer while I was on the job are absolutely absurd. The officers behavior left me feeling unsafe, mental trauma, and also caused termination to my employment due to my unjust arrest. I respectfully request that a thorough investigation be conducted into this incident. I would also appreciate confirmation that my complaint has been received and is being reviewed, as well as information about the process moving forward. Complaint: The complainant alleges: Hello Shawn, I want to ask for your help. As we're working with the neighborhood association here, we're seeing some pushback from neighbors as well as from police in cleaning up the neighborhood alongside code enforcement. Yesterday, we had a neighbor in our yard filming our cars and on a live video/ making recording of our cars and license plates, apparently in retaliation for asking them to stop parking commercial dump trucks in front of our homes overnight. These neighbors also previously resulted in them threatening violence in the road and three officers on scene. The neighbor yesterday is actually apparently rallying up other neighbors, new neighbors, as well as some with bad history/backgrounds with blatant code violations. When we asked for help from police at 8:33 a.m. yesterday, we unfortunately faced push back again from police/911, as the officer diminished our complaints about threats of violence and of imminent property damage. I forwarded this to OPO/City Auditor as the officer would not provide the promised video link for me to upload the threat, as well as required me to write down a 13 digit code of the service request number versus simply texting it. He then also openly made fun of me, saying he's never heard of anyone who knows the mayor and the district attorney as well as works with the media. I told him I'd testify to that and then he continued making fun of me, asking if I previously testified. Are these calls recorded by the way for public safety? If so, I'd like to subpoena a copy via the city attorney's office.	

OFFICE OF POLICE OVERSIGHT

I had to say this finally on the call after a pleasant interaction that I tried to create as I could see he would not take this valid report from citizens and city staff, this experience unfortunately is echoed by sheriff and others in this area as a historic issue.

He then hung up on me when I asked once again for his badge number to make a proper civil service complaint.

We appreciate Austin Police overall, and are very involved with City Hall as well as with our Mayor pro tem.

Could you please help us report this and help us ongoing with cleaning up this long neglected neighborhood for families and children?

Thank you for your service and we appreciate your oversight of junior officers,

■

<p>Howdy, I had filled out the form online and the video option wouldn't load so I had sent the email to attach to my complaint. Date is 06/23/2025 Time was 12:03 pm Leander rd and I35 intersection by the post office in around Rock This officer harassed me until they eventually forced me to make an illegal turn into traffic simply because he was in a rush somewhere. The light specifically states no turn right on red, this officer kept pulling up closer, laying on his horn, sounding his siren, and eventually turning on his lights and sirens until I did the illegal turn to where he immediately turned everything off, drove next to me shaking his head at me and then drove off. This is outside of his jurisdiction but also a misuse of power as he put myself and my vehicle into a situation where I could have been injured. I have the license plate and car number of him if needed. He is a white complected man, with black/ grey hair, a mustache, and is slightly heavier set. He was in uniform as well and appeared to be riding alone. Your website would not let me attach the video- I have more footage if necessary</p>

Complaint: The complainant alleges: I've been trying to file a complaint about harassment and someone filing multiple false police reports to APD. I've tried calling APD 311 numerous times, but for the reasons I explained previously I did not get their call back and there is no inbound number. One huge issues with the current 311 reporting system is that you have to be free within the two random hours that an officer might call within 14 days to be able to make the complaint. For any working professional, this is nearly impossible. The only way to guarantee receiving a call is to basically spend every of the day for two weeks keeping a totally free schedule so that you can receive an unannounced call. I think this probably leads to significant amounts of crime being under reported and uninvestigated as people effectively give up. There should at minimum be a callback number, or specific times and days set for callbacks so people can make efforts to clear their diaries and be available to receive a call. The only other way to file a report is by online report which are not suitable for all crime types. This was closed down with a note saying I need to contact the detective for a linked case, but there was no contact details provided. Again 311 could not provide any details. I did leave a message on CID's voicemail 3 times from a police report filed by someone else I obtained from open records- I have not recieved a call back. I have also emailed Officer Brandon Sheffy and Officer Jeffrey Eads who were on the original police report and have not recieved a response. I just want to speak to an officer and file a complaint and give evidence regarding my a previous investigation but it's seemingly impossible to do so. There is clearly a significant issue which needs to be addressed about how to file a police report for non-emergency matters. It is ridiculous that the only method of doing so it to be free 24/7 for 14 days to ensure you receive the call - perhaps an unemployed person may be able to do this but this is impossible for a busy working professional. It's almost like this is in place to obstruct people filing reports rather than facilitate them. Name: Brandon Sheffy Badge number: AP4622

Complaint: The complainant alleges: June 21, 2025, approximately 9:10 pm: My sister, her boyfriend, and I witnessed a woman getting assaulted on the corner of E 7th and Brazos Street. She called the police and while on the phone she was told by another passerby that he was on the phone with them as well. We decided to stay about 20 feet from the woman and wait till the police arrived. After about two minutes I decided to call the police as well as we saw them pass us and go to the other end of the street. Once they arrived, an officer handcuffed the man assaulting the woman and then two officers arrived at the scene. A total of 4 officers were there. We waited to make sure the woman was okay as we were also the ones who called the police. While an officer stood about 15 feet from us a man in a pink shirt started to walk back and forth near us and a sign. He proceeded to pick up the sign and throw it at my sister. This was a large sign approximately 4 feet tall with a metal foundation. The sign cut my sister's arm and finger open and left it swollen and bruised. The man started running away and when I turned to the officer next to us and asked him if he was going to go after the man who just assaulted my sister in front of him he replied "No, a woman was just raped." This officer was speaking to a witness, the man who called the cops with my sister who was just assaulted. There were two other officers who could have gone after the man who just assaulted my sister. This officer stood there and watched my sister get assaulted and did not care enough to even ask if she was okay. My sister was only there to make sure a woman was okay and this officer did not care that she was injured. This officer was a white man, with blonde hair, while I did not get his name and badge number as we had to deal with my sister's injuries on our own, I did get the license plate of the patrol car. Licence plate: 1462752. Attached is a picture of the patrol car's plate and a picture of my sisters arm once the swelling had gone down. Complaint: The complainant alleges: This morning, around 3:56, he saw a car in the middle of the road (road has no lanes) as he was going to the gas station. Once he got close enough, he realized it was a cop. He states that the officers did a U-turn and started following him for about a mile. Right then, he started recording. He states that he pulled into the gas station, and the officers pulled in right next to his car, staring at him in a creepy way. He states that he started engaging with the officers, telling them to leave him alone; amongst other things. Complainant states that the officers then backed up, and pulled up right behind him - then waited. When the complainant finished 'gassing' up he went into the store to talk to the store clerk. He alleges that the store clerk told him to call the cops. The complainant got the vehicle #9331. He felt the officers were there to instigate or provoke something, based on the appearance of his vehicle.

Complaint: The complainant alleges: I live in southeast Austin. Police cruisers are frequently breaking traffic laws in this area. This is not a safe practice considering the amount of pedestrians in the area and dangerous roadways. Tonight a cruiser with the numbers 0168 was speeding down East Oltorf, well above the speed limit, even tailgating other drivers. Abide by your laws APD. You're not exempt from public safety regulations.

Complaint: The complainant alleges: Taco Bueno Willam Cannon is covered in graffiti, against city code and now criminals are using it to sell food in front of it without permits on weekends. We previously reported this to police as well as 311 with no action taken. Our district police rep Sam Noble is also not answering emails / may be on permanent vacation or replaced if we can find our current, active police district rep for Frank 8/District 2. Thank you for the street sweeping on Bluff Springs. It took a month but seems to have been finally done this weekend, also the marks it leaves on the road outline where abandoned cars are that they had to go around and that we need towed to protect children and families from vectors/speeding cars. Ideally, street sweepers would automatically report abandoned vehicles versus just going around them. Even worse, repaving by Transportation is simply repaving around abandoned vehicles, leaving those areas damaged and costly for residents. (Thannas Way). Branchwood also has grass growing through it and needs resealing still. Thank you, [REDACTED]

Complaint: The complainant alleges: Please if any officers come to Saint Johns West, to speak with the management, DO NOT COME INTO THE OFFICE. That is how they have been able to infringe on those who come to speak them about the concerns of the disturbances coming from the this complex. All night and day, there are yells, screams and sounds of violence. IT has caused me so much PTSD that I have been extreme therapy sessions. Causing me lease violations. There is seriously something really wrong at this complex. Im really concerned about Officer Campos who last came to this complex, two nights ago. https://drive.google.com/file/d/1GV7exIrvyiPX_6ijxZX943QFgwIYw50k/view?usp=sharing Please paste this into the search bar, I promise it is a true audio file of what I caputred two nights ago. Unknown: <input type="checkbox"/>	
Complaint: The complainant alleges: She was pulled over by officer Perez AP9098 for her registration almost being out and said he that her tint was too dark. She said she'd been driving around with it like that for two years without any problems. Then he said he smelled marijuana. The complainant stated she doesn't smoke in her car, so he couldn't be smelling marijuana. He got her out of the car, and then he pulled her two passengers out and handcuffed them. He proceeded to search the complainants vehicle, and didn't find anything. Then he went to her passengers and he searched one and put her in the back of the police car. He searched the other passenger, [REDACTED] and pulled him to the side of the truck and pat him down in front of everyone and the complainant didn't see the officer find anything. Then the officer said he found some drugs. [REDACTED] felt uncomfortable and he felt the officer was sexually assaulting him when patting him down. Her two passengers, [REDACTED] and [REDACTED] both went to jail that night. The complainant wasn't ticketed. She stated there was no reason for them to be pulled over or for anyone to even be taken out of the car and searched.
