NOTICE OF COMPLAINT

November 4, 2022

ICMS #: 2022-1010

On November 4, 2022, the OPO received an email complaint.

The complainant alleges: Resident states [REDACTED] from APD Victims Services contacted her [REDACTED] and told the resident there is no confidentiality and information goes straight to her stalker. Employee told resident to call 911 and said she was wondering if the resident had even asked for a restraining order, even though the incident has been happening for over a year and did have one. Employee told resident she was aware of what was going on but would not do anything to assist. Employee suggested resident move and suggested resident call Austin Tennent's Council, which the resident did four years ago. When resident asked for a replacement for the employee, she said her supervisor is on vacation. Resident also has never heard from the detective for her assault case from [REDACTED].

This notice of complaint is a request for Internal Affairs to initiate an investigation to determine if the employee conduct is within compliance of APD policy, Civil Service Rules, and Municipal Civil Service Rules.
