NOTICE OF COMPLAINT

February 10, 2023

ICMS #: 2023-0101

On February 6, 2023, the OPO received a phone complaint.

The complainant alleges: On the [REDACTED], the complainant stopped to help someone that had been in an accident on the overpass. The complainant does traffic control and has a truck with lights, so he stopped and turned them on to prevent other cars from running into them. The truck had hit the side wall and the person complained of extreme neck pain. The female officer that arrived, maybe badge [REDACTED], yelled at the complainant for assisting in the situation. She was extremely rude. She made the man get out of the truck when he needed an ambulance. The complainant said it was so icy it was hard to walk. The officer made him drive him off the road immediately. The complainant has been helping people in accidents his whole life; he used to drive a wrecker. Now he's afraid to stop and help people after this officer interaction, even though he has a duty to render aid.

This notice of complaint is a request for Internal Affairs to initiate an investigation to determine if the employee conduct is within compliance of APD policy, Civil Service Rules, and Municipal Civil Service Rules.
