### NOTICE OF COMPLAINT

ICMS #: 2022-0252

On April 7, 2022, the OPO received an email complaint.

**The complainant alleges:** I am emailing in regards to the two cases I currently have with the Austin Police Department. My identity and intellectual property was stolen last year. I initially filed the reports in [REDACTED]. The persons involved in this matter also hired a hitman when I made it known that I knew who was doing this to me.

I have provided more than enough evidence to investigate and convict the people involved. Everything was scanned and emailed to both detectives. Along with the emails, I had been sending FBI and IC3 tip reports, since most of the crimes committed against me are a federal offence. Neither detectives have emailed me back or tried to contact me for an update. In fact I believe the reason why they haven't has to do with race. As soon as I revealed that I am bi-racial, both detectives stopped contacting me.

On [REDACTED], I called both 911 and 311 because the parties involved were parked across the street from my apartment. I was basically told that I had to be attacked first before I could call to have anyone picked up. The very next day on [REDACTED], SWAT arrested someone next door to me at the [REDACTED]. Since neither detective has reached out I don't know if I am still in danger or if the person next door was arrested in relation to my case.

I am still being stalked on and offline. I am also still receiving mail at both my home and business PO BOX along with statements from financial institutions with accounts that are more than likely under my name. 311 finally returned my call a week later. [REDACTED] the gentleman I spoke to, said he was going to alert the detectives and ask them to pass on any information, but I still haven't been notified as to whether or not they have been. [REDACTED] claimed that she had uploaded all my information into your database, but [REDACTED] confirmed that this was not true AT ALL. [REDACTED] has not emailed me or called me back since I was told to mail out notices for harassment.

If I hadn't been so vigilant and keeping up with my own case I probably would have been shot dead in my apartment already. This is truly disappointing and heartbreaking. I am struggling financially because of this and am not able to get a loan or any type of assistance because I froze my credit with all 3 bureaus. If they are not willing to help, may I please have a pair of detectives
