NOTICE OF COMPLAINT

September 16, 2022

ICMS #: 2022-0786

On September 12, 2022, the OPO received an online complaint.

The complainant alleges: At the conclusion of [REDACTED] Texas football game, the traffic officers working the area were absolutely pathetic at their job. However that is not my complaint. At [REDACTED] Pm officer [REDACTED] - i think since he made it difficult to read) yelled at me that I couldn't turn right into [REDACTED] to which I have no issue with, probably hard to hear out there. Officer [REDACTED] grew more and more angry that I wasn't able to back my truck up to turn the way that he wanted me to go (not sure it's legal to start driving in reverse in the street but at his request I obliged. I wasn't able to back up because other behind me were trying to do that same thing as myself. Once I back up he approach the passenger side of my truck to pick up a cone i believe the car in front of me knocked over (doing the same thing I tried to do). Officer [REDACTED] then picked up the cone and swung in into my truck out of Anger and made me ask repeatedly for his badge number. This was a highly unprofessional way to act and makes me question why someone with a short fuse like that is "protecting" these city streets. A truck today, a person tomorrow.... There is a 3" scratch on my truck as a direct result of his actions and is like to press charges. Thanks

This notice of complaint is a request for Internal Affairs to initiate an investigation to determine if the employee conduct is within compliance of APD policy, Civil Service Rules, and Municipal Civil Service Rules.
