

OFFICE OF POLICE OVERSIGHT

NOTICE OF COMPLAINT

August 5, 2022

ICMS #: 2022-0635

On August 1, 2022, the OPO received a phone complaint.

The complainant alleges: He was leaving a dinner with clients, he does not drink, when he approached two trucks and 2 police vehicles blocking his lane. There were no cones or police officers giving directions. After a few minutes, he proceeded to go around driving about 5 miles an hour to get onto [REDACTED]. An APD officer came running after him full speed screaming, cussing at him, and yelling at him to back up against traffic. He was literally in fear of his life when the officer ran toward him. The complainant questioned how to proceed, but the officer just walked away. He asked another female officer who also cussed at him and also did not answer his question about where they wanted him to go. It was completely unprofessional. The action of APD during this incident was not the appropriate way to handle the situation. He is frustrated because he had a previous experience with APD regarding an incident and APD's non-response, but once he contacted the city council office and mayor's office, he got a response within hours.

This notice of complaint is a request for Internal Affairs to initiate an investigation to determine if the employee conduct is within compliance of APD policy, Civil Service Rules, and Municipal Civil Service Rules.
