ICMS #: 2023-0189

On March 6, 2023, the OPO received an online complaint.

**The complainant alleges:** Two games in a row, the APD have NO CLUE how to direct traffic out of the [REDACTED] We never had problems before this season. The cops now make all cars wait 20 minutes before a single car exits and then sometimes try to prevent us from turning right out of the lot.

It's a complete cluster. They have NO IDEA WHAT THEY ARE DOING. It was never an issue before.

Many drivers tried talking to the officers who said they can't do anything. Uh, yeah they can direct traffic. Then they said just complain. So here we are. Complaining because this is incompetence.

*This notice of complaint is a request for Internal Affairs to initiate an investigation to determine if the employee conduct is within compliance of APD policy, Civil Service Rules, and Municipal Civil Service Rules.*
