Complaint: The complainant alleges: my experience with the police I was very afraid I couldn't breathe as she continued to apply force to my throat I was arrested Monday the 28th 2025as I got arrested when I made it to the jailhouse downtown, I was restrained in a restraining chair in the garage once I exited the car I was being restrained there was a police officer. I'm not sure who her name is. There was a couple officers surrounding me, but she was choking me, and had her nails deep in my skin under my throat which left bruises and marks,as I'm telling her that I cannot breathe and I am cooperating with them if she can get her hands from under my throat, she told me her exact word were "I don't give a fuck what you are talking about this is big girl jail" as I was telling her what harm and pain she was causing me. She got closer to my ear and said oh "I don't give a fuck this is big jail I don't care what you are talking about as I'm telling her I can't breathe." as she was holding my throat They also put a head restraint cover on me, which I'm not sure why because I was not spitting at them or anything mentally I am now afraid of the police because I thought they were here to protect and serve. It seemed as if she was trying to take my life when I told her I couldn't breathe and she continue to and she stated those harsh words to me. I am traumatized by the experience with the police officer, and I cannot trust police officers now as I sleep now, I keep having dreams of her choking me. It is very disturbing. The officer who had arrested me, was there and witnessed everything go down he stood there and watched as she was choking me, and as they were restraining me Officer description: Physical description: average size. Complaint: The complainant alleges: To Austin Police Chief & City Officials, The Muslim community of Austin is not just mourning—we are enraged, we are traumatized, and we refuse to be ignored. The blatant negligence and systemic failure surrounding the death of [REDACTED]—a beloved imam, a spiritual leader, and a man who spent 15 years serving this city—was not an accident. It was an injustice. And we demand answers. This Was Not an “Accident” —This Was a Crime of Negligence On Sunday evening, [REDACTED] was struck and killed by a car. Yet for three excruciating days, his family and community frantically searched for him, begging for help, calling hospitals, filing reports—while APD knew he was dead and did nothing. Let that sink in. For 72 hours, his wife, his children, his students, and his congregation lived in agony while APD withheld the truth. This was not just incompetence. This was cruelty. This was dehumanization. This was a gross violation of the public trust. [REDACTED] Was Not “Unidentified”—He Was Deliberately Ignored He was not a nameless body. He was a prominent leader—a man whose face, voice, and name were known across Austin. So why was he treated like he didn’t matter? Ask yourself: Would APD have left a white pastor’s body unidentified for three days? Would they have ignored frantic pleas from a grieving Christian family? Or is this what happens when the victim is Muslim, Black, or Brown? If APD Can Fail This Spectacularly with a Respected Leader, What Does That Mean for the Rest of Us? This is not just about one man. This is about every Muslim, every immigrant, every person of color in Austin who now has to wonder: If we go missing, will APD even look for us? If we are killed, will our deaths be treated as insignificant?	

OFFICE OF POLICE OVERSIGHT

If we demand justice, will we be silenced?

WE ARE NOT ASKING. WE ARE DEMANDING:

- An immediate, independent, external investigation into APD's handling of this case—no more internal reviews, no more cover-ups.

Full transparency—release all records, 911 calls, dispatch logs, and bodycam footage NOW.

- A public apology from APD leadership—not just to ██████████ family, but to the entire Muslim community.

Policy changes with Muslim community oversight to ensure this never happens again.

This Is a Turning Point

We will not accept thoughts and prayers. We will not tolerate vague promises. We will not be gaslit into believing this was just a “mistake.”

██████████ deserved dignity in life—and in death. His family deserves answers. Our community deserves safety.

We Will Not Be Silent. We Will Not Be Forgotten. We Will Not Back Down.

The time for justice is NOW.

She clearly stated they didn't have permission to enter and asked for a warrant, all the officer said was they didn't need one but never clearly stated why. I am aware warrants aren't needed under exigent circumstances for welfare checks and domestic disturbance calls but that was never clearly articulated by the officer before he forced his way across the threshold or after that I can see on the video.

She wanted to go towards the airport and hit my car because she missed her exit. The accident caused passenger side bumper damage. Officer Kelly kept trying to defend the fact that the driver is slightly deaf but like we told him that's not an excuse because she not blind. We have video of her admitting fault and the point of him coming out was to do a full report. Why would he ask what happened and not document it? After going through a lawyer I'm just finding out that officer Kelly did not enter anything in the police report so they're unable to determine who is at fault. The other driver is not providing a statement to their insurance company so most likely I would have to pay to get my bumper fix instead of the other driver insurance company. Austin Police Officers Involved: Bauzon AP9738 Cruz AP9744 Unknown: <input type="checkbox"/>	
Complaint: The complainant alleges: On August 1, 2025 at 1626 hours I received a knock on my door. I was about to get into the shower when I heard my door handle rattle. I went downstairs to find that the Austin Police Department had been called on my apartment unit. I told the 2 officers (Bauzon #9738 and Cruz #9744) and their ride a long that it was unacceptable that they tried to enter my apartment. The police stated that they received a call about an altercation occurring at my address and I advised them that nothing was happening in my apartment. Officer Bauzon then shoved his way into my apartment unit. I advised him that he does not have my permission to enter into my apartment. He then shoved me out of the way and threatened to put me in hand cuffs. I stated that he has no lawful right to do so and he told me "yes I do." I stepped away from him as he had already put hands on me and got physical and I was not scared for my life. He kept my front door open, had both feet in my home, and would not leave. I advised him that I have dogs and that keeping my door open is putting them and myself in danger and that I need them to leave. They refused for several more minutes. Officer Cruz then tried to get me out of the apartment to "talk to him" and I stated that I would not be moving from my apartment and that they still have NO permissions to enter my apartment. I remained calm although the 3 men were trying to intimidate me and make me feel unsafe in my own home so that I would not be harmed. Eventually, after seeing that there was nothing going on in my apartment, they left. That incident number is 252131161. Later in the evening, I requested that officers come back so that I could make a report about what had happened earlier in the day. I called APD at 2020 hours with that request and Officer Cruz showed back up to my apartment at 2210 hours. He stated that once Officer Bauzon had touched the handle of my door that it was considered a breach of my apartment. He also admitted that when they arrived they did not hear anything going on in my apartment and that there was no reason to suspect anything bad was happening in my unit. He stated that it was also unlawful for Officer Bauzon to enter into my unit without my explicit permission, and also that putting his hands on me and shoving me out of his way so that he could come into my door was also illegal. He stated that he would talk to his supervisors about Bauzon's behavior to have it corrected, but I truly do not trust that will happen. Cruz stated that he would have handled the situation differently if he took point, and my sister and I asked him why he did not step in if he saw that

Complaint: The complainant alleges: I was driving up S. 1st Street on Saturday August 2 when I saw an unmarked Ford Explorer SUV light up and pull someone over. The lights on the Ford were completely hidden/integrated, so they did not show at all when not illuminated. I followed the Ford into a parking lot where they had pulled someone over. I circled a couple of times and the officer did have an APD uniform and did not arrest the person they had pulled over. They went back out onto S. 1st Street and were pulling over others - I had to go, but a friend who passed by that area a short time later confirmed they were still in the area pulling people over. A totally unmarked car seems shady for traffic stops - is this something APD has? - unmarked cars? Why would they be using those for traffic stops? Super creepy and scary with all the illegal ICE activity happening.

Complaint: The complainant alleges: Hello, this is my 2nd time writing. For some reason I thought you guys would look at video and listen to the audio before I needed to go one step higher to internal affairs. Instead I got a reply back in 30 mins saying you guys investigated yourself and found no wrong doing. I was not in my vehicle when I was arrested. Yet these 2 officers drove around the parking lot with my FOB "searching" for my vehicle with no warrant. My vehicle was not even on the property. These 2 officers were aggressive with me while I was handcuffed for not committing a crime. I repeatedly, repeatedly informed them that I have bad knees. I did not have my knee brace on. These 2 officers never offered me a chance to leave the premises. These 2 officers went INSIDE my pockets without my permission. These 2 officers misunderstood the 1st and 4th amendment and when I stood my ground on the Constitution I was considered a problem. These 2 officers took my property which I have not received back for a charge of Failure to ID a secondary charge. Everything I am saying is on their body cam and patrol car vehicle, which has been requested. I was then taken to county for processing where my rights and knees were further violated. When the cops first arrived on the scene I was having a friendly conversation with the manager. She was startled at first and let security know. While we were still talking the cops arrived to a security guard waiting. I was still talking to the manager. The manager repeatedly told the cops everything is fine, there is no need for this. They constantly dismissed her. They were on a mission to arrest anyone they got a phone call about. I never saw a judge, there was never a case number filed. I was kidnapped and locked up for 17 hours because a security guard somewhere would not listen to his boss, and the neither would the cops. They arrested me for failure to ID, locked me in handcuffs, did not care about my physical well being or condition with my knees., they went inside my pockets, they searched for my vehicle, they never identified themselves to me verbally and failed to provide 3 forms of ID. I'm sure you do not care. but the Lackluster Channel on Youtube will care, The Battousai Channel, Brown V. Texas, the News, the papers, the Facebook, the Instagram the court of public opinion will care when the video gets released. Because of the way I was physically handled by Austin PD and TSCO I had so much trouble standing up straight without feeling pain. I finally had to go the ER where it turns out my knees had terrible inflammation and arthritis. Am I made to be an enemy of the state because I want justice? I believe one of these officers has already been on the Lackluster channel. Officer Description:

Complaint: The complainant alleges: On August 1, 2025, I witnessed an alarming video of police officers mishandling and escalating a consensual encounter interview. In the span of just three minutes, an Austin Police Department employee violated numerous department guidelines as well as the fourth amendment rights of the citizens residing at the address. I've attached the three-minute video to this report. The officers failed to identify themselves, so I will be referring to them as Officer 1 and Officer 2. Officer 1 was the offending officer who interacted with the citizen, Officer 2 was complicit by witnessing the offenses and failing to interfere as Officer 1 actively escalated the situation. From the very beginning of APD's arrival to the residence, Officer 1 exhibits impatience and insecurity, waiting only ten-seconds after the initial knock before testing the door handle as well as standing adjacent to the door and actively avoiding the door's peep-hole. Only fourteen seconds after the first and only knock on the door, the resident answered the door and stepped outside, holding the door in a closed position while addressing the officers. Officer 1 stated that they had received a report of arguing coming from the address. Officer 1 did not elaborate further on the report received and provided no indication that they had reports or evidence of violence within the home. The citizen was calm and polite throughout the interaction, and she very clearly denied consent to enter the residence. However, Officer 1 proceeded to obstruct the apartment door and prevent the citizen from leaving the consensual encounter interview. As there was no warrant provided, nor audible or visual evidence suggesting someone was in imminent danger, Officer 1 clearly made negative inferences based on the resident's refusal to cooperate to Officer 1's satisfaction in the consensual encounter interview. Officer 1 stated multiple times that they did not need the resident's consent to enter the dwelling despite Chapter 3, section 306.4 in the Austin Police Department General Orders stating: "An exigency created by the officer's own conduct as an excuse for a warrantless entry is not permitted." Officer 1's negative inferences should not excuse his warrantless entry to the dwelling. Officer 1 clearly violated articles 2, 3, 4, and 7 of the Austin Police Department General Orders as well as failed to uphold the Philosophy, Values, Vision, and Mission of the Austin Police. The City of Austin is committed to compliance with the American Disabilities Act. Reasonable modifications and equal access to communications will be provided upon request.

They were only notified days later by the insurance company that the truck was in impound. The complainant is concerned that no APD officer ever reached out to inform them, and now they are stuck with paying the days long impound fee. This case number is BC-25-0743 Detective Murray In Burnet County.

Complaint: He was parked legally near the [REDACTED] house on 30th St. He was in his car there for about 45 minutes. An officer (White Male approx. 30-25 5'9 Light Hair 170-180 lbs.) approached him, asking for his driver's license and insurance, which he provided. He asked why he was being approached. The officer told him that a couple people called and said that they had tried to approach the complainant and ask him to move his car, but that he was unresponsive. The officer said EMS had approached him in his car and that he was unresponsive. The complainant stated that no one had approached him, and that he was parked legally on the street. The officer told him he should leave because people were asking him to. The complainant stated he does not believe that EMS approached the vehicle, saw an unresponsive person, did nothing, and called the police. The complainant stated he spoke with some Firefighters at the Fire Station next to where he was parked, and they said that they thought it was probably the people at the Theological Seminary that had made the calls to ask the complainant to move. The complainant is concerned that his 14th amendment rights- freedom of movement- were being violated, and while he did not receive a ticket or a citation, he felt he was being harassed by both the officer and the people at the [REDACTED]. His main request is that the incident is located, and someone from OPO and APD watch the footage of the incident.

Complaint: At roughly 3:39/3:40pm on Friday, and officer in an APD vehicle used their alarm lights to pass through a red light at the intersection of W Parmer Lane and either Tamayo Dr *or* Dallas Rd. I later saw this officer patiently wait at a red light left turn lane on the intersection of W Parmer Ln turning onto McNeil Dr. As somebody with strong familial ties to the military and law enforcement, I am particularly unsettled when small misuses of authority are carried out, which is why I'm reporting such a seemingly small infraction today. It is a singular small infraction with little significance on its own, but it is likely this is not the first time this officer has done this. If something as comparatively menial as traffic laws can be overridden improperly, what else might this officer feel emboldened to compromise on?

She did give 911 the woman's license plate number and told them the description of the car and driver. Officers Perez, Campos, Ledger responded. Then Miguel and Ledger came and the complainant stated they were "nasty" and treating her like a criminal telling her to get out of her car because it was being towed. She told them not to tow it. They told her to get out of the car and one of them grabbed her. Later, after the incident, she asked for their supervisor. She was told to go to one location and then another and she could not find the supervisors. She is concerned that they took a report, but there has been no follow up or information given to her. The complainant is concerned that the officer was being so aggressive, screaming and using that language with him. Complaint: The complainant alleges: This message is from [REDACTED] . [REDACTED] To Chief Lisa Davis, My name is [REDACTED] Saturday August 16th at noon there was an incident in the 9500 block of Brodie Lane. My wife, grandson and I were driving northbound approaching a one lane closure due to construction in the right lane. As we slowed down to pass the construction a Hispanic male we thought may have been homeless wearing no shirt aggressively walked towards our vehicle and with his fist hit the passenger side window breaking the glass and damaging the mirror case. As my wife was pulling over to the side of the road to figure out what just happened, she sees the male in the review mirror running towards our vehicle, at that time I dialed 911 and explained what just occurred. The operator took my information and said she would dispatch an officer. We drove away before the male could reach us; we waited several minutes and drove back north to wait for an officer. We parked on the side of the road with our flashers on hoping the officer would arrive soon. As we sat there, we witnessed the male acting aggressively towards other vehicles and saw him kick and hit more cars. After a few more minutes we noticed him open the door to a work truck parked in the construction site closed lane and put on a neon-colored work vest, minutes later as he started to collect the orange cones off of the street, he saw us parked up the road and started to run towards our vehicle yet again. I called 911 AGAIN! the operator assured me there were 2 units on the way. We drove away as fast as we could through the Randalls parking lot until we could no longer see him. We hid behind the bank on Brodie and Slaughter hoping to see a police officer in the area and no one arrived. 50 minutes later we decided to leave the area once we noticed he and his work truck were gone. I am a 4th generation Austinite, I have lived in ATX all my 63 years on this earth. I have never been so terrified in my own city. My grandson laid flat in the backseat thinking he would be shot that day! Honestly if he were not in the vehicle with us things might have gone terribly worse. I am not one to scare easily. With that said I am seriously thinking of buying and carrying a gun after this incident. I am writing to ask WHY no officers showed up to help us and other motorist that called in about the same guy. If you can listen to my recordings of the calls I placed you will clearly hear in my voice I mortified I was. This guy needs to be taken off the street, if I knew the company he worked for, I would call and get him fired or at least have him pay for my \$1000 mirror! I am ashamed of our Police Department after receiving so many calls from me and other callers about this crazed man

AND being lied to that 2 units were in route. I have seen and read how you will have more officers on our streets and safety is your number one priority. I pray that you will make the changes very soon before we have more incidents that lead to serious injuries and deaths. I have photos of this maniac if you would like to see them unfortunately, I could not get a clear license number fear of getting too close to him.

COMPLAINT AGAINST DETECTIVE MIN CHUNG AUSTIN POLICE DEPARTMENT Date of Incident: September 26, 2024 [PC Affidavit/Arrest Warrant] Detective: Detective Chung Case Number: D-1-DC-24-302969 Complainant: [REDACTED] SUMMARY OF COMPLAINT: Detective Chung committed aggravated perjury and/or gross negligence in obtaining a felony arrest warrant by deliberately or recklessly misrepresenting the nature of a protective order, intentionally fabricating restrictions that did not exist, while failing to disclose text that was published on the temporary ex parte civil order, which makes it clear that criminal prosecution was not legally available for the alleged violations. His fabrication and misrepresentation of the TXPO was done for the clear purpose of misleading the magistrate judge into signing a 3rd degree felony arrest warrant that is not a permitted means of enforcing a temporary ex parte protective order, resulting in an egregious violation of [REDACTED] s due process and civil rights.	

OFFICE OF POLICE OVERSIGHT

09/29/2025 08:54 AM
SPECIFIC VIOLATIONS:

1. AGGRAVATED PERJURY IN PC AFFIDAVIT (Texas Penal Code § 37.03)

Detective Chung committed aggravated perjury - a second-degree felony - by intentionally making materially false statements under oath in an official proceeding (arrest warrant application):

- At the very beginning, he misrepresents the details of the case by stating that on July 27, 2024, ██████ submitted a Forgery and Violation of Protective Order report to the Austin Police Department. This is a clear fabrication, as there was no protective order in place, nor had one been applied for by ██████ on July 27. Forgery was one of those absurd, random claims that never had any basis to discuss in the first place.

- During timeline breakdown, Det. Chung seems to have relied heavily, if not exclusively, upon ██████ conclusory statements and fabrications, without doing any sort of due diligence or requiring ██████ to provide any evidence at all. The July 13 text message allegation is one that ██████ had fraudulently manipulated the content of that text message, removing 70% of the content to tell an entirely different story. For Det. Chung to include such a wild fabrication, he should have required actual evidence and not just the spoken word of a desperate attorney willing to say and do anything to keep from being disbarred. And if ██████ did provide him with the fraudulent version of the text message specifically, then that can and should be pursued criminally as well.

- Det. Chung continued with the fabrications, claiming that ██████ sent multiple threatening text messages to ██████ despite not one single actual threat of any kind being made to ██████ ever. ██████ would eventually testify in court that there were only threats he ever felt were threats to his career, if I were to be a whistleblower and share disbarment-worthy evidence with the state bar. Then followed with the false and irrelevant claim that when ██████ didn't respond to any of ██████ messages, ██████ harassed ██████ sister by sending her text messages and calling her over 50 times. Considering there was never a harassment charge filed, it is safe to assume that this never happened, as there was evidence of perhaps 4 phone calls to the sister, and that is purely because, as ██████ would testify multiple times, his sister had initially contacted ██████ and left a voice mail, with her number, asking him to call her back. ██████ would not have known ██████ sister was involved in this matter in any way, unless she contacted him not for That is all that he did, nothing more.

09/29/2025 08:54 AM

- Detective Chung again was confusing regarding the protective orders, stating ██████ applied for a protective order on July 29, Travis County Court at Law 4 granted a temporary ex parte protective order, even though it was signed by Judge Todd Wong, who is the judge at County Court 1, and not 4.

OFFICE OF POLICE OVERSIGHT

He seems not to be aware that [REDACTED] abuse of process, actually kept him from knowing that there was an order from July 29 to August 21, 2024, and that [REDACTED] non-suited that application and filed a new one 30 minutes later, despite no new contact.

- Detective Chung referenced the TXPO status in this response, but then claimed that: "The Protection Order stated "The subject ([REDACTED]) is restrained from making any communication with the protected person ([REDACTED]) including but not limited to, personal, written, or telephone contact, or their employers, employees or fellow workers, or others with who, the communication would be likely to cause annoyance or alarm the victim."

- This entire paragraph was completely fabricated by Detective Chung, as those words do not appear anywhere on any protective order involving these participants.

- He then failed to reference the statutorily required text that does go on TXPO's, and was on [REDACTED] TXPO very clearly: "A PERSON WHO VIOLATES THIS ORDER MAY BE PUNISHED FOR CONTEMPT OF COURT BY A FINE OF AS MUCH AS \$500 OR BY CONFINEMENT IN JAIL FOR AS LONG AS SIX MONTHS, OR BOTH." This text makes it clear that a felony level arrest was NOT one of the enforcement options that should have been maliciously executed on [REDACTED]

Failed to disclose that the alleged violations involved a Temporary Ex Parte Protective Order (TXPO) issued under Article 7B

- Falsely claimed or implied criminal prosecution was available when Article 7B.006(a) explicitly limits enforcement to civil contempt only

- Made false statements about the protective order's contents

- Swore to facts he knew or should have known were false, and neglected to do any due diligence to better understand the situation instead of blindly believing [REDACTED]

09/29/2025 08:54 AM

2. OFFICIAL OPPRESSION (Texas Penal Code § 39.03)

Detective Chung subjected me to an arrest he knew or should have known was unlawful, as TXPO violations cannot be prosecuted criminally under Texas law.

3. ABUSE OF OFFICIAL CAPACITY (Texas Penal Code § 39.02)

Detective Chung intentionally violated laws relating to his office with intent to harm, using his position to pursue charges without legal authority.

4. TAMPERING WITH GOVERNMENTAL RECORD (Texas Penal Code § 37.10)

Detective Chung made false entries in governmental records (PC affidavit and police report) regarding the nature and enforceability of the protective order.

5. FAILURE TO CONDUCT PROPER INVESTIGATION

- Did not verify the type of protective order involved
- Failed to consult with prosecutors about whether criminal charges were legally permissible
- Did not investigate the complainant's (Jaime [REDACTED] credibility despite evidence of:
 - * Previous false statements
 - * Retaliatory motive (testified to fear of being exposed/disbarred, and desire to "teach [REDACTED] a lesson")
 - * Fabricated/manipulated evidence (doctored text messages)
- Failed to review the actual protective order language before swearing to facts about it

6. APPARENT COORDINATION WITH COMPLAINANT / IMPROPER INFLUENCE

The investigation raises serious questions about improper influence and potential coordination:

- Detective showed unusual deference to complainant's narrative without verification
- Failed to maintain required objectivity and independence
- Ignored obvious red flags about complainant's credibility and motives
- Appeared to act as advocate for complainant rather than neutral investigator
- No apparent legitimate reason for detective to risk career pursuing invalid charges
- Pattern suggests possible improper relationship or influence
- Complainant's statement about "teaching a lesson" suggests expectation of police cooperation
- Travis County DA's office proceeded with prosecution despite clear lack of jurisdiction
- The coordination appears to extend beyond APD to include prosecutorial authorities

09/29/2025 08:54 AM

7. CONSTITUTIONAL VIOLATIONS

- Obtained arrest warrant without legal authority (no subject matter jurisdiction)

- Violated my Fourth Amendment rights through unlawful arrest

- Violated my Fourteenth Amendment due process rights

8. DECEPTIVE INVESTIGATION PRACTICES

- Attempted to conduct "ambush" interview of witness [REDACTED] without disclosing purpose

- Actively discouraged witness from obtaining legal representation

- Failed to follow proper witness interview protocols

- Used deceptive tactics to attempt to obtain statements

9. ABUSE OF PROCESS

- Used criminal process for matter limited to civil enforcement

- Participated in retaliatory prosecution

- Caused a highly public, humiliating wrongful felony arrest of 50 year-old man, father of 2 grown daughters, Austin business owner, employer, philanthropist, and person with no criminal record to speak of, to help [REDACTED] execute his abuse of process and malicious prosecution.

09/29/2025 08:55 AM

SPECIFIC EVIDENCE OF MISCONDUCT:

A. The Protective Order Issue:

- The alleged violations occurred August 23-29, 2024

- These dates were during the TXPO period (before the September 25 hearing)

- Texas law under Article 7B.006(a) explicitly states TXPO violations "may be punished by the court through civil contempt proceedings"

- Section 7B.006(b) excludes TXPOs from criminal prosecution

- Detective either knew or should have known criminal charges were not legally available

B. The Fabricated Evidence:

- Complainant [REDACTED] provided doctored text messages

- Detective quoted these manipulated messages in his report

OFFICE OF POLICE OVERSIGHT

- Detective used these false messages as basis for probable cause
- No effort to verify authenticity or obtain metadata

C. The Retaliatory Motive:

- ██████ previously testified in court about wanting to "teach ██████ a lesson"
- This statement appears in official court transcripts from November [year]
- Detective failed to investigate this admitted retaliatory motive

09/29/2025 08:55 AM

DAMAGES CAUSED:

- Wrongful felony arrest
- 24-hour detention in El Paso jail
- Public humiliation and reputational damage
- Thousands in bond costs and legal fees
- Ongoing prosecution for legally invalid charges
- Emotional distress and disruption to life/business

REQUESTED ACTION:

1. Full investigation of Detective Chung's conduct
2. Immediate suspension pending investigation outcome
3. Referral to INDEPENDENT prosecutorial authority for criminal charges:
 - Texas Attorney General's Public Integrity Unit
 - FBI/DOJ Civil Rights Division
 - Texas Rangers for investigation and referral to special prosecutor
 - NOT Travis County DA due to their complicity in pursuing charges they knew or should have known lacked legal authority

OFFICE OF POLICE OVERSIGHT

4. Criminal charges to be investigated:

- Aggravated Perjury (2nd degree felony)
- Official Oppression
- Abuse of Official Capacity
- Tampering with Governmental Record
- Federal civil rights violations (18 U.S.C. § 241, 242)

5. Investigation of conspiracy/coordination between APD, complainant, and Travis County Attorney's Office and Travis County DA

6. Review of Detective Chung's other cases for similar misconduct

7. Review of all cases involving complainant Jaime [REDACTED]

8. Revised training on protective order types and enforcement mechanisms

9. Formal apology and acknowledgment of wrongdoing

10. Full disclosure of any prior complaints or discipline involving Detective Chung

This pattern evidence is crucial to show Detective Chung's conduct was intentional and malicious, not merely negligent.

PRESERVATION OF EVIDENCE:

I request that all documents, body camera footage, communications, and records related to this investigation be preserved for pending civil litigation under 42 U.S.C. § 1983 and the Texas Tort Claims Act. This includes all materials related to Detective Chung's attempted interview of Ms. [REDACTED]

I swear under penalty of perjury that the above statements are true and correct to the best of my knowledge.

Witness Information:

Witness Name: [REDACTED]

Witness Email: [REDACTED]

Witness [REDACTED] [REDACTED]

Is there anything we should know about this witness?: [REDACTED] was falsely accused by complainant [REDACTED] and subjected to suspiciously deceptive investigation tactics by Detective Chung.

Specifically:

- Detective Chung contacted her, requesting an "interview" on clearly fabricated nonsense made up by [REDACTED] in desperation to keep us from sharing evidence that would likely get him disbarred as an attorney (aggravated perjury, unlawful practice of law for ignoring his 5 suspensions in 6 years as an attorney, and ordering her, as a paralegal consultant, to impersonate him and take courses that counted toward his CLE credit requirements in order to re-instate his suspended law license (more than once). Detective Chung deliberately concealed the purpose and subject matter, dissuaded her from discussing with attorney, and threatened that if the interview doesn't happen, all he can do is determine his course of action solely on the information given to him by [REDACTED]. And we all knew that [REDACTED] was making irresponsible, defamatory accusations with no truth or evidence to speak of.

- She was told she was being investigated for forgery or something absurdly false, as it was [REDACTED] who committed the things that he typically accused others of doing.

- She can testify to Detective Chung's pattern of:

- * Pressuring her into "ambush" interviews without disclosure
- * Pursuing baseless allegations without due diligence
- * Attempting to use deceptive tactics to obtain statements

OFFICE OF POLICE OVERSIGHT

* It seemed as though [REDACTED] and the detective likely had a pre-existing relationship or common friend or some reason for what would otherwise never have made it past Step 1 of an actual allegation or "investigation" She is still mentioned in the police report that has no actual wrongdoing alleged (only [REDACTED] commonly repeated fiction.

This witness's experience demonstrates Detective Chung's misconduct was not isolated to complainant's case but represents a pattern of improper investigation methods and constitutional violations.

Complaint: The complainant alleges: They pulled in to an open parking spot at Barton Springs. When they got out of the car, someone started chatting with the complainant. The complainant stated there was a police officer there monitoring the people the complainant was interacting with. The officer told the complainant to come over. The complainant asked why. The officer said that the complainant was being detained. The complainant refused to answer some questions, then stated the officer rushed them and put them in handcuffs. They were then let out of the handcuffs. The officer then harassed the woman that the complainant had been talking to. The complainant walked away into a field and heard their friend screaming "f you, f your laws, f your demonic rule," and yelling at the officer that he was harassing her. The complainant heard and saw the officer tell her that if she didn't stop yelling, he would arrest and tase her. She started running and he shot the taser at her and tackled her even though she was just 80 lbs. Then an ambulance came and took her. The complainant is concerned that their friend was unlawfully arrested, and that the officer used way too much force with her.

Once they arrived the man was still yelling and it was clear he was still in a fit of rage, but that he was actually banging on the door downstairs. The banging and screaming was so loud I believed it to be at my door. Officer Modney was extremely rude and confrontational and one of his first questions to me was if I have any mental health issues, which I have never been asked before in the few interactions I've had when calling the cops for help. He then implied that it was a "he said she said" matter even though the man was still yelling, and made it clear that since the man was actually violently threatening to his girlfriend and not me that I had wasted his time. Also spoke to me loudly with my door open letting my violent neighbor know that I called the cops on him.

Complaint: The complainant alleges: Her 18-year-old daughter was dog sitting at her friend's house. She heard someone trying to attempt to open a window from the outside of the house. She heard people talking outside and said she heard someone say her name. She hid in the bathroom and called the police. She let the dispatcher know she had a handgun in the bedside table, the dispatcher let her know to leave her handgun in the dresser until the police arrive, so she did. Two male officers arrived and tell her to come outside with her hands visible. The officers looked around the front and back yard but did not go into the house or tell her anything about their search. She felt their line of questioning would indicate that she was hearing things and may be mentally unstable. They questioned her about her medications. She also disclosed to the dispatcher that she had two ex-boyfriends who had displayed stalking behaviors, so it was a real possibility of danger, but the police were focused only on her mental state.

Austin Police Officers Involved: Samuel Travis (AP7257)	Unknown: <input type="checkbox"/>
Complaint: The complainant alleges: Subject: Formal Complaint Regarding Officer Misconduct – Incident on 9/14/25 To the Austin Office of Police Oversight, I am filing a formal complaint regarding the conduct of two Austin Police Department officers (hereafter referred to as Officer Bredja 7286 and Officer Travis 7257) who responded to my call for assistance on Sunday, September 14, 2025, at approximately 9:00 AM. Summary of Incident On that morning, my elderly parents and I were harassed by a neighbor after our 9-month-old puppy accidentally slipped out of the house. The neighbor aggressively pounded on our front door three times at 8:30 AM, despite the presence of two doorbell cameras. When I answered, she became confrontational, stepped inside past the doorway, and lunged toward me in a threatening manner. I feared she intended to attack me. Because of this behavior, I called APD for assistance. However, instead of addressing my concerns about the neighbor's harassment, both officers dismissed my statements, treated me as the "culprit," and demonstrated unprofessional bias. Officer Misconduct Dismissive and Derogatory Remarks: When I explained that the neighbor woke me up by pounding on the door, Officer Bredja 7286 sarcastically responded, "Oh, so she woke you up from your beauty sleep?" Such language was unprofessional, mocking, and dismissive of my legitimate complaint. Threats and Bias:	

OFFICE OF POLICE OVERSIGHT

Officer Bredja 7286 warned that if he had to return, he would issue a citation and impound our dog. This was unwarranted since this was the first incident where I called the police for help against this neighbor's harassment.

Our puppy is non-aggressive, trained as a dementia assistance dog for my 84-year-old mother, and has not caused injury or property damage.

Unequal Treatment:

Officer Y told me that I was not allowed on the neighbor's property for one year and could be arrested if I entered. I had never been on the neighbor's property — I was on the public sidewalk escorting my mother home. This threat was unfounded and intimidating.

When I asked why similar restrictions were not placed on the neighbor — who had trespassed onto our property and acted aggressively toward me — Officer Travis 7257 deflected and said it was “up to my parents.” I explained I hold power of attorney for my mother due to her Alzheimer's/dementia and was speaking on her behalf, but the officer dismissed this.

Unnecessary Demand for Personal Information:

Officer Travis 7257 demanded my full name, date of birth, and phone number, without cause, making me feel targeted. Given my Asian background, I could not help but feel this was an attempt to profile me and search for reasons to criminalize me (such as hoping to find warrants or immigration issues).

Context

The neighbor falsely claimed the dog “chases children daily.” This is not true — our puppy is friendly, playful, and has not gotten out in over two weeks due to precautions we have taken.

Other neighbors have confirmed the dog is friendly and have been supportive, in contrast to this family's ongoing harassment.

The neighbor's husband has previously confronted my stepfather in an abusive manner.

Request for Review

The officers' behavior was biased, dismissive, and unprofessional. They appeared more interested in intimidating me than in addressing the aggressive behavior of the neighbor who trespassed onto our property.

I request that your office:

Review the officers' body camera footage from 9/14/25 at approximately 9:00 AM.

OFFICE OF POLICE OVERSIGHT

Review our doorbell camera footage, which clearly shows the neighbor's aggression and trespassing. (To be provided since file is too large to email)
Investigate the officers' conduct for bias, misconduct, and possible profiling.
Provide a written response on findings and actions taken.

Closing

I called for assistance to protect my elderly parents from harassment, but instead, I was mocked, threatened, and treated unfairly. I am requesting a full investigation into the handling of this incident.

Sincerely,

[REDACTED]

Complaint: The complainant alleges: I was waiting to turn westbound on Rosewood Ave from Lawson lane when squad car 9388 drove past (traveling westbound on Rosewood.) The school zone was active on Rosewood as Kealing Middle School had just let out. The officer driving the vehicle was talking on his cell phone (physical phone against his face) in the school zone. When I turned left I was behind him and he failed to completely stop at the stop sign at Rosewood and Angelina Street. I estimated that he drove well above the school zone speed limit of 20 mph between Angelina and Navasota since he had caught up to the car in front of him fairly quickly. When we reached the intersection with the northbound frontage road of I-35, the officer did not engage his turning signal until mid-turn and turned it off before completing the turn. During this time there were no sirens or lights flashing, so I assume that the expectation was still for him to observe traffic laws. What I find most disturbing, is the blatant disregard for any children's safety in the area as both Kealing Middle School and Blackshear Elementary are both only a block away and there were children present on both sides of the street.

Both were stopped and there was a line of cars eastbound behind the cruiser. The cruiser pulled past the bike, and reversed quickly into the broadside of the bike and rider, causing a loud crash and the motorcycle was on the ground. I am unsure if the rider got off the motorcycle just before it was struck. The cruiser put on its lights and drove away eastbound - I saw the officer was speaking into a radio and there was another officer in the passenger seat. Complaint: The complainant alleges: We were at the Austin airport we were denied to board a flight because my friend seemed to be too intoxicated. He delta rep called over the police officer they arrived about 3 min after they were called. I was standing near my friend as the officer Clinkscales #6151 approached. I was listening to what was being discussed between them. Then I commented on what had happened that's when the officer turned around and started to speak to me aggressively. Telling me I could be next to him. I said I was here the whole time. He just continued to talk in an aggressive manner not really trying to solve the situation instead escalate it. I told him no need to be aggressive I know how this works. I have family in force I know protocol he said well I don't care don't tell me to calm down. Speaking in a loud tone you want to see what happens when you don't listen to me. I said you just aren't allowed to speak to people like that. Told me to step back I said where and pointed to a spot. I said show me because I don't know where you're pointing. Still speaking in aggressive manner I listened because I didn't want the situation to escalate. That's when the other officer approached me didn't get his name or badge number. He came over and approached the situation on how it should have been handled in a calm manner actually listening to what's going on. And coming up with a solution to the problem. He's an officer that's been trained properly to deal with situations like this not like officer Clinkscales. He talked to me what was going to happen what we should do. Then we were escorted out the hospital in calm manner.

The complainant had blood and bruises on her, her boyfriend didn't have any marks on him, but they officers kept asking her why the boyfriend was missing his shirt. The officers ended up arresting her instead of arresting her boyfriend. The officer told her she was being arrested because her story changed. He told her she was being arrested for assault. The officer asked to look at pictures of her before the assault to prove that her injuries happened due to her boyfriend. She is concerned she was arrested when she was the one who called for help, she was the one beaten and bruised. She said officer Cruz didn't believe her and went against everything she was saying, he kept telling her she could get in trouble for lying. Officer Cruz was her arresting officer. There was a female officer last name Sandoval there as well. Officer Sandoval was empathetic with the complainant, so she doesn't understand why officer Cruz treated her like she was the one at fault.</p>

Complaint: 25-2360826 Ofc Gomez 10344 She and her family were having dinner at her daughter's house. Officer Gomez walked up in her daughter's yard to ask about stolen items that were being pinged to the address. The daughter was sitting outside so the officer approached her daughter instead of also talking to the people in the other side of the duplex. The officer left. Their interaction with officer Gomez was strange. They continued sitting on their porch. They remembered something about a neighbor with the Buick and saw the computer on the ground outside of the house. They called and then sent officer Gomez back out to speak with them. The complainant felt like officer Gomez was pointing the blame at them and being condescending. They got in a verbal argument. The complainant believes they may be thinking that they are the same people who lived at that address before who got a lot of calls, but they've only lived there for a couple months. When officer Gomez went to get the computer from the ground, she made a comment that the computer wasn't there before, which the complainant didn't appreciate. Complaint: The complainant alleges: Executive Summary I am filing a formal complaint regarding discriminatory conduct by Austin Police Department officers during a traffic stop on [insert exact date]. I disclosed severe depression related to gender dysphoria and extreme suicidality. Despite this, officers laughed, repeatedly misgendered me, and dismissed my court order affirming my legal name and gender. After passing the field sobriety test, I was subjected to further misgendering. Immediately following one officer's remark about "three men being involved", I informed him that in the past, when I had tried to transition but was ostracized, I had attempted suicide with a firearm. Even after hearing this disclosure, the officer continued misgendering me. This was not accidental but deliberate, systemic, and harmful. It worsened my mental health, undermined my trust in police and healthcare, and created ongoing barriers to safety and treatment. I request a full investigation, written findings, corrective measures, mandatory training, and policy enforcement to ensure DPS and APD recognize and honor valid court orders. --- Full Complaint Letter To the Office of Police Oversight and the Texas DPS Office of Inspector General: I am writing to file a formal complaint regarding intentional, demeaning, and discriminatory actions taken by Austin Police Department officers during a traffic stop on [insert date], and the broader systemic harm I have endured due to government agencies refusing to honor a valid court order affirming my name and gender. ---	

1. Disclosure of Mental Health and Gender Dysphoria

From the outset, I disclosed that I experience severe depression connected to gender dysphoria and that I was experiencing extreme suicidality. Instead of responding with compassion, officers laughed, mocked my identity, and misgendered me repeatedly. Their conduct aggravated my already vulnerable condition.

2. Specific Sequence of Misconduct

I asked them to use my pronouns (she/her/hers).

They laughed at my request.

An officer then approached and misgendered me again.

When I asserted my pronouns once more, I was reprimanded for doing so.

This sequence (request ? laughter ? misgendering ? reprimand) demonstrates intentional, retaliatory conduct.

3. Field Sobriety, Misgendering, and Disclosure of Suicide Attempt

I passed the field sobriety test without issue. Afterward, one officer remarked, "There's three men involved with this. He is going to be used."

At that point, I explained that in the past, when I attempted to transition but faced ostracization, I had attempted suicide with a firearm. This was a deeply vulnerable disclosure, underscoring the severity of the harm misgendering has caused me in my life. Despite this, the officer continued to misgender me.

Later, when another officer offered to drive me home, I was misgendered once more as I exited the vehicle, cementing the pattern of intentional disrespect.

4. Court Order Ignored

I explained that I have a court order signed by a district judge affirming my legal name and gender. I had it accessible on my phone and offered to show it. The officers refused, dismissing it with "that's up to the courts." They then continued misgendering me, in direct violation of that order.

5. Systemic Harm in Healthcare & Treatment

This same refusal to respect my legal gender identity has caused repeated harm elsewhere:

Hospitals: Misgendering worsened my depression instead of improving my condition.

Joyous (depression treatment program): I was misgendered continually because DPS refuses to update its records to reflect my legal name change. Since my primary diagnosis is gender dysphoria, this practice directly exacerbated the very condition I sought treatment for.

Instead of recovery, these systems inflicted harm.

6. Constitutional & Systemic Implications

A district judge granted me legal recognition, yet the executive branch (via DPS) refuses to honor it.

DPS demonstrates an inability to control its compulsion to misgender transgender people, converting neutral governance into active discrimination.

When the executive branch nullifies judicial orders through bias-driven practice, it creates a separation-of-powers failure. In such cases, the judiciary must intervene to restore lawful balance.

7. Harm and Damages

The officers' actions caused emotional trauma, worsened my suicidality, destroyed trust in police and medical systems, and inflicted direct harm on my healthcare outcomes. I am left feeling unsafe, humiliated, and invalidated by those sworn to protect me.

OFFICE OF POLICE OVERSIGHT

The following complaint is an allegation; no final determination has been made.

Requested Actions

1. Formal APD Internal Affairs/OPO investigation into the conduct of all officers present.
2. Written findings and an official response detailing corrective measures.
3. Mandatory training for all involved officers (and their supervisors) on:
Respectful treatment of transgender individuals.
Proper pronoun usage.
Recognition of and compliance with court-ordered name/gender changes.
4. Policy review and enforcement to ensure DPS and APD cannot dismiss or override valid judicial orders regarding identity.

Sincerely,

I just looked at the ticket I got. Also the other officer or one of the other officer's names was officer t. Longmore. Emp# AP10357

He was the one who laughed and then misgendered me

I had to tell him and officer Han you're not going to misgender me and then officer Han was the one who reprimanded me.
