OFFICE OF POLICE OVERSIGHT

Complaint Number: 2023-1087	Date of Complaint: 12/4/2023
Complainant's Name (if given):	Anonymous <input type="checkbox"/>
Nature of complaint: Improper Police Procedure	
Austin Police Officers Involved: Attridge, Michael AP4516	Unknown: <input type="checkbox"/>
Complaint: <p>For the better part of 2023, SGT Attridge from the GEORGE 400 shift has created a hostile, demotivating and toxic work environment. My goal in passing along this information is that leadership is held accountable for the role they play in a police officer's career, day to day activities, safety & mental health.</p> <p>SGT Attridge has gone above and beyond to derail careers when it suits him, deny training opportunities to some officers and not others, deny shift changes to some and not others, deny special assignment requests and his unfair treatment of a select few has created a negative and dangerous work environment.</p> <p>He is known to show up to work, not dressed in uniform and complaining of being bogged down with emails. So much so that he has repeatedly requested his officers NOT engage in proactive police work but to essentially just sit and wait for 911 calls. He frequently told the shift or specific officers to "stop making more work for him". He has been known to use strong and vulgar language, raise his voice, talk down to his officers all while touting his experience and time in the department. In particularly heated moments, has been known to put hands on another officer. He even created his own rules & policies on a Word document for the shift to sign. These are not leadership qualities. Passing a Sgt exam does not make someone a good leader and he needs to be held accountable.</p> <p>My primary complaint is regarding backing up fellow officers. The sentiment of the shift [REDACTED] to not back [REDACTED] up if he was doing proactive police work in DTAC. One officer (Wallace) was heard by the shift saying "he will NOT back up [REDACTED]". It is the basic duty of all officers to back on another up when called upon. This dereliction of duty and complete disregard for a fellow officer's safety is uphauling and wrong! The fact that a SGT would allow this sentiment or attitude is reprehensible. Officers brought this up to both Corporal Paolo and Sgt Attridge on numerous occasions and nothing was done.</p> <p>I am speaking on behalf of my husband [REDACTED] who just passed away on 11-11 on SWAT call. I couldn't be his voice when he was here so I'm his voice now. Two officers have since left that shift because of Sgt Attridge and past officers under him have all experienced and/or witnessed his behavior first hand.</p>	

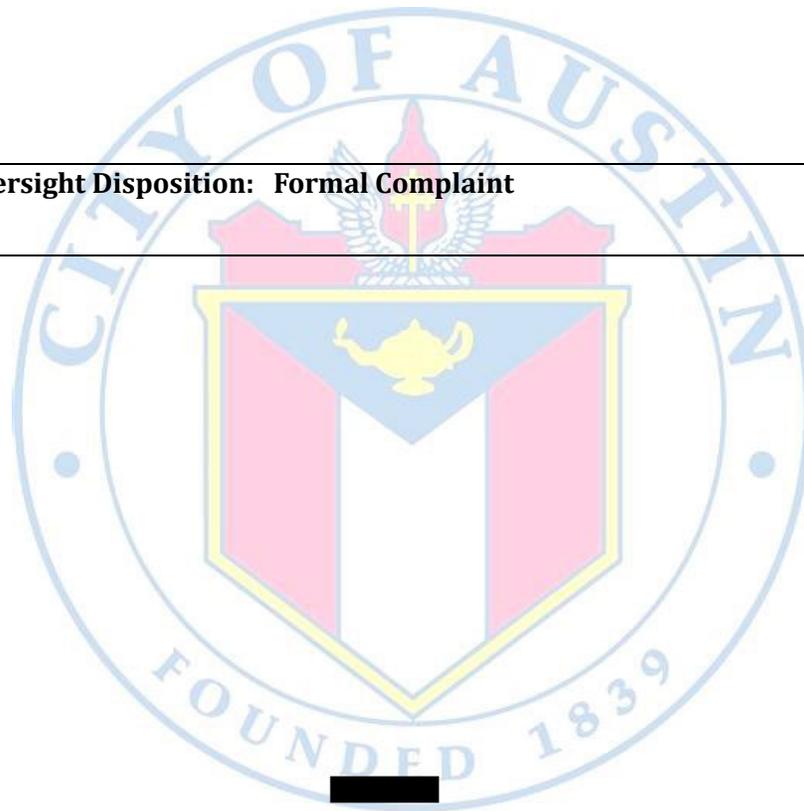

OFFICE OF POLICE OVERSIGHT

The last year of [REDACTED] life in the department was made almost unbearable because of this SGT but [REDACTED] continued to respect the chain of command by going to them with not only issues, but solutions to those issues. Nothing was ever done and the reasonable solutions were continuously denied. We have an opportunity to make an impact on how and what leadership expectations should be. Policing is already challenging enough. Internal issues, roadblocks and toxic work environments are not helpful and counter-productive.

I hope you will consider investigating this situation. I understand fully that there are two sides to every story but there are far too many disturbing allegations concerning this particular sergeant to ignore.

Office of Police Oversight Disposition: Formal Complaint

OFFICE OF POLICE OVERSIGHT

Complaint Number: 2023-1089	Date of Complaint: 12/5/2023
Complainant's Name (if given):	Anonymous <input type="checkbox"/>
Nature of complaint: Improper Police Procedure	
Austin Police Officers Involved: Capizzi, Eric AP9558	Unknown: <input type="checkbox"/>
Complaint: The complainant, who manages the property at [REDACTED], found a man trying to occupy one of their units. This man has tried occupying vacant units before, and this is not the first time the property managers have called APD to assist in removing him for trespassing. Officers Gideon and Capazi refused to arrest or remove this individual.

Complainant's Name (if given):	Anonymous <input type="checkbox"/>
Nature of complaint: Improper Police Procedure	
Austin Police Officers Involved: Anderson, Christopher AP6421 Unknown: <input type="checkbox"/>	
Complaint: He has been dealing with Officer Christopher Anderson. He had an incident where he had to shoot someone, and the person died. APD confiscated his iPhone and his Baretta, which he does not understand. It is now December, and he has been going back and forth with Officer Anderson regarding the incident. He called him on December 1st to find out the status of his case and he was told there had not been an autopsy. They buried ██████ on October 14th so how are they going to do an autopsy without a body? He asked how long it would be before he got his property back and he was told it may be three years. Case #232790927

Complainant's Name (if given):	Anonymous <input type="checkbox"/>
Nature of complaint: Improper Police Procedure	
Austin Police Officers Involved: Kavanagh, Dana AP97651	Unknown: <input type="checkbox"/>
Complaint: The complainant was at JD's Supermarket picking her daughter up. Officer Kavanagh pulled her over. The complainant wanted to know why she was being pulled over and the officer wouldn't let her know. The officer then took the complainant's driver's license, and never gave her driver's license back. She called a Sergeant to ask where she could get her license and left multiple messages, then received a text from Officer Kavanaugh apologizing for forgetting to give her the driver's license back. The complainant is confused about why her license was taken away without a citation being issued and why she wasn't told why she was being pulled over.

Complainant's Name (if given):	Anonymous <input type="checkbox"/>
Nature of complaint: Harassment	
Austin Police Officers Involved: Kavanagh, Dana AP97651	Unknown: <input type="checkbox"/>
Complaint: The complainant was parked in her car when Officer Kavanagh came up to her car door. The complainant was taken to jail for public intoxication for having 1-2 alcoholic beverages and then being behind the wheel of her car. The officer was rough with her and hurt her wrists with the handcuffs. This is the same officer that has pulled her over in the past and she feels she is being targeted by this officer. She is scared to leave her home because she keeps getting pulled over by this officer.

Nature of complaint: Discourtesy or Improper Conduct	
Austin Police Officers Involved: Frierson, Christopher AP4578 Unknown: <input type="checkbox"/>	
Complaint: The complainant alleges: Officer Frierson, badge #4570 came to his door to notify his wife of something. He told the officer he was a severe PTSD military veteran, and he was terrified of guns. He asked the officer to step away and the officer refused. The officer stood at his door, and it scared the heck out of him, and he was still shaking. The officer was not concerned at all about his mental health. He came to the door with a gun and would not leave his property. The complaint stated he was sure the officer was well within his rights, but he was also very scared.

Nature of complaint: Improper Police Procedure	
Austin Police Officers Involved: Cadena, Rudy AP8510	Unknown: <input type="checkbox"/>
Complaint: Hello my kids were detained by APD this past Saturday when the shooting happened downtown. I feel my kids had no involvement in this crime and they were released to me. I have video footage of how my twin boys were knocked down to the ground. Also from listening to what the news reported it makes no sense on how my kids were identified as the suspects. All they were doing was enjoying a family Christmas party. The officers on scene didn't even want to speak to us me or their dad. Finally one officer talked to me and said they were being released. No apologies or anything. Later getting home my son shows me his arm where I took pictures of the injury he had. I need a case number still so I can follow up. I'm praying someone can help this make sense to our family. My kids are suffering mentally from this horrible experience. As parents we want answers This incident happened on 12/16/2023 Downtown Austin. The time that I was aware of the situation was a little before midnight like 11:50. I wasn't notified by officers that anything was going on until my daughter called and told me. Here is the case number 23-3501499. Here are the badge numbers to some of the officers involved. Codena #8510 Halback #7915. Officer Mendez was also involved but I didn't get a badge number for him.

Nature of complaint: Discourtesy or Improper Conduct	
Austin Police Officers Involved: Villarreal, Lauren AP7343	Unknown: <input type="checkbox"/>
Complaint: Officer Lauren Villarreal is the mother of the complainants child. She has been using her position with APD to gain certain things regarding custody of their child. The complainant has been served with a restraining order after asking for custody of his child. The complainant does not know how this happened when he is the custodial parent. He is being harrassed, and no one is listening to him because she is a police officer. His daughter wanted to come home and called him crying, and that is when he asked to have her bring his daughter home. The officer also took pictures of the complainant's girlfriend's car in his garage and he doesn't know why. He believes that because she is law enforcement everything is being pushed, and he is being harrassed.

OFFICE OF POLICE OVERSIGHT

Complaint Number: 2023-1082	Date of Complaint: 12/1/2023
Complainant's Name (if given):	Anonymous <input type="checkbox"/>
Nature of complaint: Discourtesy or Improper Conduct	
Austin Police Officers Involved:	Unknown: <input checked="" type="checkbox"/>
Complaint: <p>The complainant and his wife are going through a divorce. He was told by a judge that he was permitted to go to his marital home and collect his personal property. He was also told he could do a mental health check on his suicidal son. He called to ask his wife how his son was doing, and she refused to give him any information and he wanted to collect his personal items, so he went to the home and knocked on the door. His wife immediately called the police. Detective Thomas and another Officer showed up. Detective Thomas presented himself as a Detective and asked the complainant what he was doing at the home. He said he had a right to enter the property as per the court order, he was just not allowed to live there and that he was there to pick up some tools and check on his son. Detective Thomas asked him to wait outside while he went to talk to his wife.</p> <p>When Detective Thomas returned, he told the complainant that they would like him to leave the property, and that he was not allowed to be there. The complainant showed Detective Thomas the court order stating that he was allowed to be there. Detective Thomas said he need to come at a different time of day.</p> <p>The complainant asked Detective Thomas if he would still like him to leave the property, at which point the Detective told him he was being detained. The complainant asked why he was being detained and said again that he was just there to collect his personal items and check on his son which he was allowed to do.</p> <p>Detective Thomas looked at the other Officer and asked him if he detected a code 99, which is a mental health code, like he was acting crazy. The other Officer said, " I will not be a part of this, and I want nothing to do with what you're doing." The complainant alleges Detective Thomas was trying to falsify a mental health code to justify a wrongful arrest.</p> <p>The complainant did not resist but asked that they at least go conduct wellness check on his son, as requested, before they left.</p> <p>Detective Thomas then told the complainant it was probably best if he just left. The complainant asked if he was being detained and the Detective said no, you're not being detained, just leave for now. The complainant left.</p> <p>A few minutes later he got a phone call from his soon to be ex-wife who put the Detective back on the phone.</p> <p>Detective Thomas said he was calling to give him a verbal warning that he was no longer to come over to this block or come over to the property or he would be arrested for trespassing and harassment. The complainant said he did have a right to be there. Detective Thomas told him that if he did show up, he would be arrested on site.</p>	

OFFICE OF POLICE OVERSIGHT

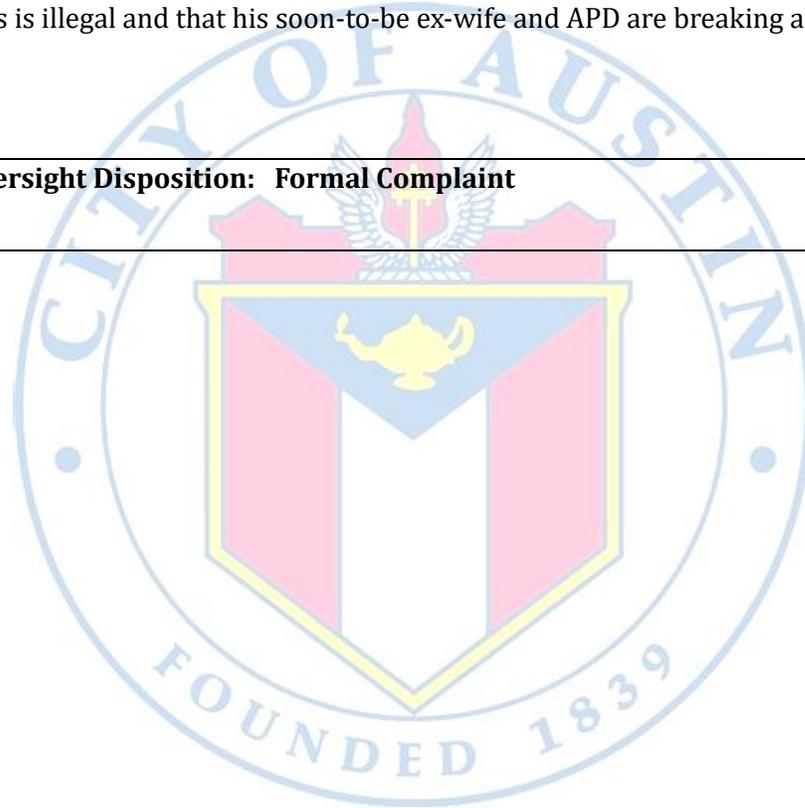

The complainant argued that only a judge has the right to do that, and that he hadn't done anything to not be able to get his items and have a wellness check on his son.

The complainant spoke with his lawyer and other people he knew at APD who said what Detective Thomas did was wrong, and that it was illegal for him to have used the wife's phone to issue a verbal warning.

The complainant was also trying to get a wellness check on his daughter and was unable to get any information from his wife, so he called APD to conduct a wellness check on her. A sergeant called him back and told him that they were well aware of his ongoing divorce and marital problems and refused to be a part of this, that it was a civil matter that needed to be dealt with directly with his attorney and the courts. He said he had a right to know his daughter's whereabouts, but APD refused to help him.

He was told that this is illegal and that his soon-to-be ex-wife and APD are breaking a lot of laws.

OFFICE OF POLICE OVERSIGHT

Complaint Number: 2023-1085	Date of Complaint: 12/4/2023
Complainant's Name (if given):	Anonymous <input type="checkbox"/>
Nature of complaint: Improper Police Procedure	
Austin Police Officers Involved:	Unknown: <input checked="" type="checkbox"/>
Complaint: <p>The complainant alleges: Her neighbors called the police because there was a lot of noise in her apartment where she lives. The ex of her partner was living with them because she did not have a place to live. The ex hit her. When the officers came, they asked who hit her and she told them it was the ex. The officers separated them and spoke to the ex separately. The ex told them a bunch of lies and they arrested her husband when he had nothing to do with it. It has been a month since her husband was arrested for false charges. The ex told a bunch of lies and the police took the ex's report and not hers. This is unfair to her husband. He was arrested for something that he did not do. Is there something that can be done about the officer who falsely arrested her husband?</p>

Complainant's Name (if given):	Anonymous <input type="checkbox"/>
Nature of complaint: Follow-up by Detective or Officer	
Austin Police Officers Involved:	Unknown: <input checked="" type="checkbox"/>
Complaint: The complainant alleges: The security guard, who had a holstered gun, tried to stop her from leaving the premises. The security guard was banging on her car and trying to jump in front of her car. She filed a report around 10/28 with APD and she was told a detective would follow up, but no one ever did. She is sure the video footage is gone by now. She found out the security guard was an off-duty police officer, and she thinks that's why a detective never followed up. Why was there no follow-up from APD? She had committed no crime. She had a disagreement with the veterinary clinic when personnel called for the security guard, and all of this occurred when she tried to leave.

<p>Complaint: § 501.029. USE OF REGISTRATION RECEIPT OR TITLE RECEIPT TO EVIDENCE TITLE. (a) A person may use a registration receipt issued under Chapter 502 or a title receipt to evidence title to a motor vehicle and not to transfer an interest in or establish a lien on the vehicle. (b) The department by rule may provide for the issuance of a receipt that evidences title to a motor vehicle for registration purposes only. The fee for application for the receipt is the fee applicable to application for a certificate of title.</p> <p>I just wanted to make sure everyone is real clear on what this says here.... I have provided this police department with the above mentioned proof over and over I have asked for assistance and received none. What I received was the police clearly disregarding the law and attempting yet again to make me the wrong doer, when Ive done nothing but ask for their help.</p> <p>APD has allowed someone other then myself to report my car stolen. For 4 months I have not been able to use my lawful vehicle. And APD has continued to not adhere to the laws of the state of Texas. That is clear obstruction and a crime. The public integrity unit at the Travis county DA office has been included in this chain of emails as well as OPO, this email and content discussed has been sent to my contact at kxan as well , in which it is clear the police department is depriving me of my 14th amendment and breaking the law by holding my vehicle under dearest. Ill be seeking damage relief for the time and economic loss , the mental and emotional damage and the clear an present discrimination as well as punitive damages dude to the fact punishment should be ordered on to those who muddy the color of law in its clear presents of its existence. The blatant disregard for the laws of the state of Texas and rights of a citizen of the United States of America is something that is of grate shame and takes away from the honor of the offices in which the actions effect.</p> <p>Please note public integrity unit: I will be including in the actions for relief my cases that where recently dismissed and rejected. I wanted to make it aware to everyone the mounting of compounding issues at hand thank you.</p>

Complaint: The complainant was in a road rage incident that occurred on Westbound 183 and Burnet all the way to Cameron Rd and 183. He called 911 dispatch while this was happening and told them he was following the other person involved. The dispatcher advised him not to do so, but the complainant did end up cornering the other individual in a parking lot and waited for the police to come out. When the responding officer arrived, he took a statement from the complainant and the other individual, said he could not prove anything happened, and said, "This isn't part of our job." The officer ticketed the other individual, but the complainant said the officer didn't seem like he wanted to do his job and didn't give the complainant any information or case number. The cop seemed super lazy about doing his job and made the complainant feel like it was an inconvenience for him to have called.

Nature of complaint: Delayed Police Response	
Austin Police Officers Involved:	Unknown: <input checked="" type="checkbox"/>
Complaint: She wants to file a complaint because she thinks no one in Austin cares and she wants her voice heard. She is 53 years old and has been driving since she was sixteen and never had an accident or a ticket until she moved to Austin. She has lived in Austin for about a year and by the grace of God will be out of Austin in a few weeks. She has been hit three times since she has been in Austin. Most recently she was driving in the roundabout on 51st Street when someone slammed into the back of her car. There was no damage to the back of her vehicle, but the other driver's car's bumper was badly damaged. When she asked for the driver's proof of insurance the driver began to cry and stated she had no license or insurance. The complainant called 911 who began asking her for tag numbers information, etc. but no officer ever came. The other driver left, and she waited an hour and a half, and no one ever came. She is requesting the courtesy of a phone call regarding APD's non-response to this incident and no response to a previous incident that happened in June. This place is disgusting because there is no response from APD for hit-and-run drivers with no license or insurance. In her mind, Austin is a lawless city and that enrages her. Give her the common courtesy of a phone call and an investigation. She wants justice.

Nature of complaint: Improper Police Procedure	
Austin Police Officers Involved:	Unknown: <input checked="" type="checkbox"/>
Complaint: To whom it may concern, I am a resident of Circle C in Southwest Austin. I love our community and sincerely appreciate the police officers who put their lives on the line everyday to protect us and maintain the peace. The events that unfolded with the shootings on Tuesday have left myself, family and friends sad, confused and wondering why we weren't alerted there was a shooter on the loose for several hours. I received a call from my 13-year-old son at 7:18pm that his swim practice ended early and his entire team was moved into the bathrooms of the Circle C Swim Center at 5919 La Crosse Ave, Austin. He said one of the Coaches heard there was a shooter on the loose on La Crosse Ave. Shaken and completely blindsided, I asked him if he felt safe, and told him to keep his phone close and that I would try to find out what was going on. My husband called the police and was told that based on my son's location it would be okay for me to pick him up and that I should bring my identification with me in case the police were there, which they were not. Little did I know, that less than a mile down the street, a burglary, and double homicide had just taken place! No one was yet in custody and the theory of a second shooter was not yet confirmed or denied. Here I was, driving down the street with two other children in tow, attempting to retrieve my oldest scared child from danger, while a crazed gunman was close. We have amber alerts and emergency broadcasting for a reason, so why was this not deemed important enough to alert the public? Two peoples' lives could have been saved on Austral Loop if they only knew a killer was out there. I understand that the connections of these shootings and murders were not made until much later, but why after a AISD officer was shot on school property and the perpetrator fled-why was the public not made aware of this threat? After school activities should have been cancelled, parents should have been given the option to pick up kids early once shelter in place restrictions were lifted. I know I most certainly would NOT have dropped my two children off at two separate swim practices that evening. I am just very disappointed that the public was left in the dark, which led to a bunch of scared children led into a dark bathroom to hide from a shooter who was a known threat much earlier in the day. I would appreciate a response ensuring that communications will be changed in our community for the better, given the growing gun violence we are seeing in our state and our country year after year. Thank you for your time and consideration.

Nature of complaint: Follow-up by Detective or Officer	
Austin Police Officers Involved:	Unknown: <input checked="" type="checkbox"/>
Complaint: The complainant called APD to do a welfare check on a friend. About 2 minutes later, an APD Officer called him back and asked for further details. Before the complainant could finish, the officer cut him off and said that this is not something that the Austin police dept handles and said they can't just go and arrest a person. The officer said he wanted to make sure he had all the information before he made the welfare call. The complainant thought the officer would have gone to the scene and not just call. The officer kept stating that the state of Texas can't take someone's rights away and just arrest them. The person the complainant was calling about has a history of mental health issues, has assaulted someone, and has weapons. The complainant thinks that this situation would definitely constitute a welfare check. The officer never did a welfare check and denied it was the responsibility of the Austin Police Department, even though the complainant believes that APD has a responsibility to protect and serve and to be peace officers and keep everyone safe. The point of a welfare check is to get people the help that they need. Incident # 23-3401447

Complaint: From complaint form: I have video and audio from my past. Just want the assault to stop and property from being damaged. Case ID: 232870647. From audio recording: Complainant stated almost every week he has interactions with people spraying chemicals or putting things in his food. Complainant stated he has been facing harassment. Complainant complained of chemicals being sprayed on Austin metro buses and inside apartment units – he has made 911 calls about the chemicals and chemical bottles, which have caused his skin to blister. He told the police what was going on and wanted fingerprints to be taken. Additionally, an item was chunked at his head and the gentleman shattered part of his vehicle, The police closed the case without getting fingerprints. Previously, in a case of his, they did get fingerprints. He stated the police shut the audio off of his phone. He had someone hit him with a vehicle on purpose, he went to the hospital. He did not get answers, they decided not to press charges and did away with the incident. This happened on the 14th of October. He took pictures. On the officer's report, they made it impossible for the vehicle to be tracked. Crash report ID: 232870647. Complainant stated he may email in further supporting documentation.

Complaint: His \$2,500 bike was stolen. He was able to find the vehicle that stole his bike, get the vehicle license plate number, and call APD. APD was able to verify his items along with other stolen merchandise in the vehicle. The vehicle was impounded. APD was supposed to put a hold on the vehicle because a detective was supposed to go through the vehicle and get the stolen items back to the owners. According to the detective it was never done. The following day the vehicle was released back to the owner with his stolen bike because APD could not prove that the owner was the person who stole the items. They were able to get back in touch with the suspect, but his bike was trashed. That was due to APD not putting a hold on the vehicle.

Complaint: <p>The complaint alleges: The past few weeks he has been followed under surveillance. He got a hotel room because his mother was in town, and he ran into officers in the lobby, and they were getting a room next to his room. It is a lot on the harassment side. The vehicle he saw an officer get out of, he had seen the same vehicle being driven by a different officer right behind him. He does not think almost causing an accident is a feasible way to find out information. The purpose of the call is to alert OPO of the aggressiveness. If there are some questions APD needs to ask him maybe they need to have a conversation. He does not think that almost causing an accident is a feasible way of finding out more information. He does not know what they want to talk to him about because obviously, they do want to talk to him. The past two weeks he had to stop and pull over with his flashers on and APD slammed on their brakes, drove by looked at him, and acted awkward as he drove into a parking lot almost causing an accident. At about 3 am on December 6th, he left his condo to go get milk for a bowl of cereal and the same detective that he saw there four days prior was parked on the back road behind his condo. As soon as he pulled out of his driveway the detective pulled out very close right behind him and followed him closely, almost to the point that he thought he was going to hit him, all the way to the store. He feels that was excessive and intimidating. His attorney is giving him insight on what to do next. He has recordings of the nonsense. Going back to two days ago when they got a room next to him. When he left his hotel room, he left his laptop on. His laptop has a trigger if there is motion. His data was completely wiped. He could not tell if anyone had been in his room, but when he did a restore on his computer, he saw two officers in his room. He is not going to say it was officers because he is not sure, but it looked just like the same two gentlemen that have been harassing him. A couple of months prior he noticed that someone was trying to change his password for his work computer. At first, he thought it was just hackers but coincided with everything that had been happening. He has written down information regarding the incidents and he will e-mail copies to OPO to attach his complaint. He is uneasy about providing his information because of interoffice politics which could be a problem for him in the future. The complainant thinks the process is a conflict of interest, but he opted to include his information. He wants it noted that he has objection to the process.</p>

Austin Police Officers Involved:	Unknown: <input checked="" type="checkbox"/>
Complaint: <p>In his APD case, Detective John Eathon tampered with evidence, falsely accused him, threatened him, and blackmailed him. Complainant alleges this is because in 2019 this Powerball ticket was stolen and the Detective covered it up.</p> <p>Detective Eathon covered up evidence when he called him and said there were not any fingerprints in his car when the ticket was stolen, but the complainant took pictures that day of Austin Forensic lab taking fingerprints. A warrant was written with fake evidence. He has a video of Detective John Eathon's supervisor saying "crunch the numbers and cut the check". This occurred outside his apartment and refers to bribery of APD. The name on the bribery check to APD are David Rios (Travis County Deputy) and Alejandra Rios. APD Detective's son is also a detective- Michael Allen (spelling unsure) – step-daughter messaged the complainant and told the complainant everything they were doing. See attached documentation.</p> <p>The complainant had two cases dismissed. Complainant alleges everything Det. Eathon said was a lie. Complainant noted that Eathon stated a pregnant woman was there, but the complainant had her phone pinged and proved that she was not there. Also the photos of the complainant walking into his house were flipped/reversed/manipulated. Also Det. Eathon said the complainant discharged a firearm but no one could find the gun. There is a new case on the complainant. He lives in Williamson County (Wilco jurisdiction), but Austin Police Department is out there doing an investigation.</p> <p>Complainant also has video of Det. John Eathon harassing him in the Detective's personal vehicle. One instance occurred on Feb. 10, 2022 at 3:30 am. The Detective stated to the complainant "I have a big case on you, I have multiple things on you", a couple days later the complainant caught a case and believes he was set up. The complainant was told this would occur again in one year. The same vehicles that harassed his previous house are harassing his new home. He has this on video. The complainant tracked his own phone with Find My Phone and the signal was bouncing from Detective Eathon's house.</p> <p>Also, police threatened his mother with a gun to her head. She will still not admit the event because they threatened her. He has a photo of her on her knees begging for her life.</p> <p>The detective he was supposed to talk to, he never talked to at all. He found out who his original detective was by going through Records, so they lied.</p>

Complaint: She called the crisis helpline to try to get help for her son who is schizophrenic. While she was on the phone with the crisis helpline her son grabbed her phone. They heard her son grab the phone and hang it up, so they called the police. When the police arrived, she talked to them and explained that her son was schizophrenic, and she was trying to get him help with the crisis helpline. When she walked into the house with the officers, they asked her to go outside. She does not know what they said to her son, but they searched him, and he got charged with assault. They knew when they came into her home that he was not all there because she had explained he was seeing stuff. When they arrested her son, they lied and said she had put a restraining order on him, but she did not, and she did not even talk to the officers when they left. She loves her son, and she did not put a restraining order on him. She asked why her son was being searched and they responded, "Because we can". They did not follow protocol at all. They were supposed to wait for a mental help officer. She is not saying what they found on her son was not wrong, but he did not mean to do what he did. He did what he did because he was just seeing things. They forced him to the ground in her house, pulled his hair and everything. She kept telling them he was schizophrenic, but they would not listen to her. She did not put a restraining order on her son. She was just trying to get mental help for him. What the police officer said and did was not right.

Nature of complaint: Improper Police Procedure	
Austin Police Officers Involved:	Unknown: <input checked="" type="checkbox"/>
Complaint: <p>Last week there was a shooting at the high school in my neighborhood. I did not receive any communication from the city, school district or the neighborhood schools regarding their response to this incident. I did not know if my daughter's middle school Sadler means was in lock down or in a secure. I know that at least 3 businesses in the neighborhood took safety measures to secure their clients. That was how I became aware of the incident because one of them is my employer and my friend alerted me of their lock down status and to secure my home as well. This also happened in April of 2022 when I became aware of a police chase in my neighborhood for someone believed to be armed and also did not receive any communication from the city nor Harris or Sadler Means about their response. I engaged in communication with AISD emergency management department about this regarding AISD policy and procedures and was told that it was at the campus discretion to communicate with families. I have written the school district to request that AISD have standard policies and procedures across campuses for communicating with parents when a community violence event is in proximity to their campus. This is already recommended in the protocols I found last year. https://www.austinisd.org/emergency-management I am writing my representatives now because a coordinated effort needs to be in place in instances of community violence, especially so close to schools. I am struggling to understand how local businesses including a city office became aware and immediately shut down to secure their staff meanwhile the schools all within 2-3 miles of this incident had no plans for security at dismal and no communication to the community or parents about what the school was doing to ensure that the shooter didn't enter their campuses next. Not to mention no communication to those of us at home. Our government wants us to arm ourselves to protect ourselves, well then fine. But without communication about what is happening we are left like sitting ducks in this environment of worsening gun violence. I honestly believe that the lack of communication and response was due to the incident taking place on the east side, where hearing gun shots is common place. Our police and community has become so desensitized that they are numb to the danger, accepting the fate of those of us who live here. Meanwhile the residents of Circle C are shocked and appalled that an alert wasn't sent out while nothing is said of our east side community where the dwindling black and brown communities in Austin exist. I am asking that my city representatives work with the police and the school district to develop a plan for communication between law enforcement and the schools when there is a threat of gun violence in close proximity to schools. I need you to look into this situation and evaluate where the failure happened. We cannot afford for systems to break down when the lives of children are at stake. I have already read about received the response about "nothing actionable" being available due a not having identifying information n the assailant. This is not acceptable. A text alert stating</p>	

OFFICE OF POLICE OVERSIGHT

"officer shot, assailant at large in your neighborhood. Stay inside and lock your doors. Report suspicious activity, and monitor news for updates." would have given me and many members of my community comfort in knowing that our systems are working to help us keep ourselves safe. The surrounding schools need this communication promptly so that they can ensure the safety of their campuses. The response so far from the city, the police and AISD is unacceptable and hope to hear more from our leaders stating what changes will be made to help ensure a better coordination of safety for our community and schools. Thank you for your time and attention.

Complaint: The complainant alleges: There was a USPS vehicle driving next to her. A motorcycle officer was driving in between them. It seems the officer was trying to get around them because it was a two-lane road. The officer kept waving his arms at the USPS driver and almost side-swiped her. She hit her horn. The officer kept swerving and was right on their tail. The two-lane road finally turned into a three-lane road and the officer went around the USPS vehicle, pulled up next to him, and started waving his hands and screaming at the vehicle. The officer continued up Slaughter Lane weaving in and out of traffic, never turning on his emergency lights. Had he turned his lights on she would have thought he was in a hurry, but this wasn't the case. The officer's motorcycle vehicle #2934, license plate 3328XY.

Complaint: Hello, I am a concerned Austin resident reaching out to discuss my frustration with the city of Austin Police Department and their lack of communication to the community in the December 5th murders. If children and fellow colleagues at Austin ISD were alerted to an active shooter (aka "Lockdown") in the area then it stands to reason the community has a vested interest in also knowing there is an undetained gunman who attempted a murder of an officer "unprovoked" as reported by the people who witnessed it. If this does not qualify as reason for activating the alert system per the state law, me and many of my fellow community members await word on what we can do to get the parameters changed on the state level so that next time (and there will be a next time), we may be able to prevent the deaths of other citizens.

Complaint: Good morning, I realize the Austin Police Department is struggling with staffing, loss of funding, and likely general morale issues. I would love to see an alert system that notifies the community to stay away from area where there is a shooter or an active crime investigation such as the Barton Creek Mall where individuals were not notified to stay away. I am grateful for all law enforcement does for our communities however I feel powerless to how to help our kids feel safe in our communities with the prevalence of guns. Please help us be better informed by sending alerts with active shooters or active crime happening so we can know to lock our doors and help each other stay safe.

Complaint: A truck was illegally parked in a bike lane near the complainant's house. It has been there for the last week, and it causes congestion and places people in danger. A cyclist was forced out of the bike lane due to the truck and the complainant almost hit that cyclist. The complainant has called and asked that they ticket the truck and has had no luck. On Tuesday night, the complainant saw two officers standing near the truck, so he decided to ask them to ticket the truck. The officers laughed at the story of him almost hitting a cyclist and refused to write a paper ticket saying that it was too much trouble. The officers said they weren't trained to write digital tickets yet, and they also refused to write tickets for the other cars that were illegally parked on the street. He just wants to go on record so the city is eyes wide open on the lack of police force.

Austin Police Officers Involved:	Unknown: <input checked="" type="checkbox"/>
Complaint: There was a car parked in front of his house, blocking his driveway. He called 311, and they said since they were potentially blocking emergency access to the driveway, he needed to call 911 so they could call a tow truck. He called 911, then an officer showed up 15 minutes later. The officer wanted to contact the vehicle's owner before he called a tow truck. The complainant asked that the officer at least write a ticket. They waited and saw the vehicle owner walk out of a bar across the street, and the cop was going to let him go without writing a ticket or anything. As a property owner whose access to his house is completely blocked, he had to wait for over an hour for the guy to move his car because the officer didn't want to tow him or even write him a ticket. So the officer chose the other person's well-being over his when he didn't have access to his property, or an emergency vehicle wouldn't have had access had there been an emergency.

Complaint: Filing a report is too difficult, was closed without any help, and an officer was disrespectful on a wellness check I called so many times over almost a year, and was unable to file a report over the phone. They would call while I was on other calls repeatedly to get rid of the attempts they would have to make to take my report. I was being harassed by hackers, and a police officer showed up to my door and said "Are you done?" Later he said that it was a wellness check because someone had called them about me, that I hadn't responded to a message. That's not a reasonable thing to do a wellness check for, so I think it was harassment. Especially since I had recently reported hackers harassing me. Why would he say, "Are you done?" If it was a real wellness check? When I finally made a report online, it was immediately closed. They told me to change my password. I reported repeated stalking, break ins, computer intrusion, and harassment, and they suggested I be more careful online. Firstly that's insulting as it's basically blaming me for it, and secondly they didn't help me at all. I don't have high hopes for this report, but I won't be silenced by bullies. Report # 2022-8019422 took from 9/12/21 until 10/25/22 to open a report, then it was closed immediately. I don't remember when the officer came to my house, it was at [REDACTED], sometime around Spring 2021.

Austin Police Officers Involved:	Unknown: <input checked="" type="checkbox"/>
Complaint: The police came to her apartment after the manager of her apartment threatened to evict her and said he would arrest everyone in the apartment and throw their stuff outside. She told the manager that more notice was needed to throw them out. The manager said she was trespassing. The officer said he would arrest everyone if they did not leave. The manager gave them one hour to vacate. The complainant said APD can't threaten to evict someone and throw their belongings outside in less than 2 hours.

Complaint Number: 2023-1159	Date of Complaint: 12/28/2023
Complainant's Name (if given):	Anonymous <input type="checkbox"/>
Nature of complaint: Excessive Force	
Austin Police Officers Involved:	Unknown: <input checked="" type="checkbox"/>
Complaint: Complainant alleges: Officers used excessive force, including harm to her index finger. This caused pain, fear, and trauma. Complainant would like an honest assessment of if the official police report accurately reflects the sequences of events. The complainant's injury will require 2 stage tendon reconstruction. Police report and medical records included.
